

International Baccalaureate (IB) Registration Information

IB Programme Information

The CBE welcomes your interest in the International Baccalaureate Programme. The IB Diploma Programme provides a holistic education designed to “develop internationally minded people, who recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world” (IB Mission Statement). It emphasizes the ideals of:

- international understanding
- responsible citizenship
- multi-lingualism (study of another language)
- in-depth research (The Extended Essay)
- understanding that connects subjects (Theory of Knowledge)
- personal and character development (the CAS component):
 - **Creativity**—engaging in the Arts and creative thinking
 - **Activity**—developing a healthy lifestyle through physical activity
 - **Service**—in the community

Successful completion of the IB Diploma Programme may provide advanced post-secondary credit at an institution (once enrolled).

In the IB programme, you have two options:

- 1 | **IB Diploma Programme students** carry a **full program** of IB courses; they complete an Extended Essay, Theory of Knowledge course, and the CAS component, as well as the regular Alberta Education program. If a CBE IB high school has limited space, students registering for the full Diploma Program are given priority.

IB Diploma students choose courses from each Group (6 courses in total):

- Group 1 English A
- Group 2 Language B
- Group 3 History, Business & Management, Philosophy
- Group 4 Sciences
- Group 5 Mathematics
- Group 6 Fine and Performing Arts

- 2 | **IB Course students** take one or more IB courses with the regular Alberta Education program. A student receives a statement of results for each IB course successfully completed.

Exams and Recognition from Alberta Education and the IB organization (IBO)

- Even though you are enrolled in IB, you must write the Alberta Diploma Exams to obtain your high school Diploma.
- To ensure you are not overloaded with Diploma and IB exams in your Grade 12 year, you take some Diploma courses in both Grades 11 and 12.
- IB Exams are set by the IBO and you write them in May. The IBO provides official documentation, which you may choose to use with post-secondary institutions.
- Alberta Education does not recognize IB courses on official student transcripts.
 - For example, Chemistry 30 (IB) appears as Chemistry 30 on your Alberta Education transcript.
 - **Important** | you are evaluated on grade level outcomes from Alberta Programs of Study for Alberta Education transcripts.
- Students also receive credit towards their Alberta Education high school diploma for locally developed courses they take as part of the IB Programme.
 - For example, Mathematics 25 (IB) or English 35 (IB)

IB Information Sessions are held at each IB school to help you learn more about the IB program at your designated IB school.
