

Dropout Rate*

Reporting Year: 2010-2011

While the dropout rate has risen over last year, the CBE dropout rate continues to be below that of the province and below levels set in 2006-2008.

* Students aged 14 to 18 on September 30th of a given school year are considered to have dropped out if they are not in the learning system in the subsequent school year and have not completed high school. Student who dropped out but return to the learning system the following year are included in the Returning Rate.
