

## CALGARY BOARD OF EDUCATION

---

### **Administrative Regulation 4026 - Transfer of Principals and Assistant Principals**

The Board supports the development of principals and assistant principals by providing a variety of administrative experiences, professional development activities, and an administrative evaluation program.

Transfers are to be initiated after consultation with the principal or assistant principal after duly considering the interests and development of the individual, the needs of the school and the system.

The Board expects that principals and assistant principals will assume a leadership role at a particular school for a reasonable period of time.
