

In Grade 9?
Need a challenge
while in high school?

Try one of our Programs of Academic Excellence.

IB

International Baccalaureate Programme provides a comprehensive, balanced and challenging curriculum with a strong emphasis in the ideals of international understanding and responsible citizenship. The IB programme is offered in 2100 schools in over 110 countries.

AP

Advanced Placement is available in a variety of subject areas that will broaden your intellectual horizons. You study subjects in greater depth and detail and explore the world through a variety of perspectives. You also have the opportunity to earn advanced credit at most colleges and universities.
