Advanced Placement Program[®]

The Calgary Board of Education is proud to offer alternative programs of academic excellence and rigour, including Advanced Placement.

The Advanced Placement (AP) Program provides an opportunity to:

- earn university credit while in high school
- undertake rigorous university-level work
- use AP credits for advanced placement in university courses
- pursue a double major, enter a combined BA/MA program
- study abroad

The CBE Advanced Placement Program uses AP courses and AP exams to prepare students for future success.

Choose from the many AP courses and exams available at the CBE.

- Art
- Biology
- Calculus
- Chemistry
- Computer Science
- English
- French
- Physics
- Political Science
- Pure Math
- Social Studies

AP offers a universe of knowledge that might otherwise remain unexplored in high school. Through AP Exams, there is an opportunity to earn credit or advanced standing at most universities.
