

# High School to Post Secondary Transition Rate\*

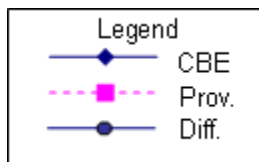

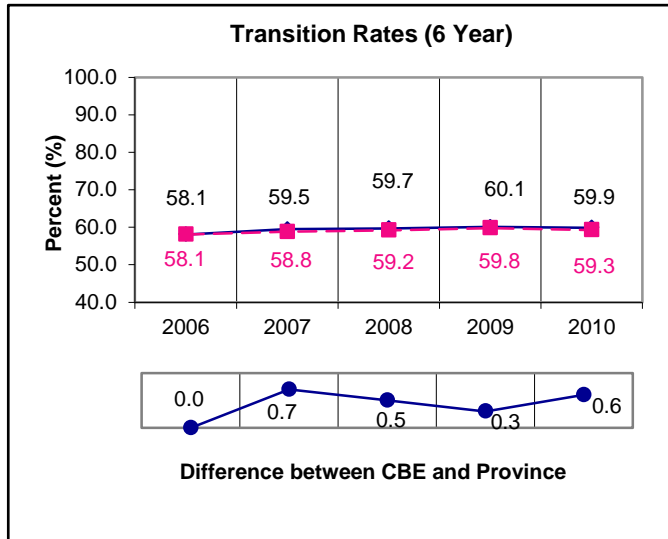

Reporting Year: 2010-2011

### Comment:

This year transition rates four years after entering grade 10 increased.

Transition rates six years after entering grade 10 remained stable.

\* Students from the Grade 10 Cohort are counted as post-secondary students if they are registered in a post-secondary-level program at an Alberta post-secondary institution or if they are registered in an apprenticeship program in Alberta. Although Alberta Education does not specifically track Alberta students who participate in post-secondary programs outside of Alberta, an estimate of the number of students who have left the province to pursue post-secondary education is factored into this rate.
