Dear Parents and Guardians,

I am very excited for the new school year and our new school and I know all of you are excited too. Today, I want to update you on the school's progress and our opening.

At this time, we anticipate that Auburn Bay School will open on Sept. 6 as planned, but the gym will not be completed for a few weeks after opening. The flooring installation in the gym has been delayed due to the rain we received this summer. Fortunately, the layout of our school allows for physical activity to be conducted in some of the common areas. We will also plan to use the neighbouring soccer field and playground for outdoor activity.

Everyone is working very hard to get our school ready to open. Although we anticipate the school will open on time, construction will continue right up until opening day and beyond. If anything changes over the next couple of weeks and we need to enact our contingency plan, which was shared with you on June 22, we will notify you as soon as possible. Please watch our [school website](#) for updates on the school's opening and the related information.

Once the school opens we will work with the contractor to ensure that disruption to student learning will be at a minimum. We expect that most of the work being done to complete our school will take place after school hours.

We will continue to take new student registrations at Andrew Sibbald School, 1711 Lake Bonavista Dr. S.E. If you have any questions or concerns, please contact me at [auburnbay@cbe.ab.ca](mailto:auburnbay@cbe.ab.ca). I look forward to seeing you in September.

Sincerely,

Lori Cullen, Principal  
Auburn Bay School
