### Administrative Regulation

### 3033.1 - Extra-Curricular Activity Programs Sponsored by Outside Organizations

The approval of the Chief Superintendent must be obtained before any program, club, or activity sponsored by an outside organization may be included in the extra-curricular program of any school. This approval shall be understood to give permission to incorporate the program, club, or activity into the extra-curricular program; it shall not be interpreted as requiring any school to adopt the program, club, or activity, or to promote it in any way. All such programs must be considered as outside and subordinate to the central purpose of the schools. They shall come under the same regulations that govern extra-curricular and co-curricular activities in general.
