## Regular Meeting of the Board of Trustees

January 13, 2026

11:00 a.m.

Multipurpose Room,  
Education Centre  
1221 8 Street SW,  
Calgary, AB

### R-1: Mission

Each student, in keeping with their individual abilities and gifts, will complete high school with a foundation of learning necessary to thrive in life, work and continued learning.

**Conflict of Interest reminder: Trustees must disclose any potential pecuniary interest in any matter before the Board of Trustees, as set forth in the agenda, as well as any pecuniary interest in any contract before the Board requiring the Board's approval and/or ratification.**

# Executive Summary

## Analysis |

The data indicated across the four cohorts:

- **All Students** cohort exceeded provincial results for three-, four-, and five-year high school completion rates, with **Students who Self-Identify as Indigenous** and **Students with Identified Special Education Needs** cohorts also showing strong gains.
- Division 4 students posted higher report card means in core subjects compared to previous years, and more than 80 per cent earned a final mark of 65 per cent or higher in English Language Arts 10-1 and 20-1.
- Nearly half of students achieved the Standard of Excellence in Mathematics 30-1, with statistically significant improvements in diploma exam results compared to prior three-year averages.
- Science results were a highlight, with **All Students** achieving a “Very High” Achievement Measure in Science 9 and Indigenous students showing notable improvement at the Acceptable Standard.
- **Students who Self-Identify as Indigenous** demonstrated year-over-year improvements in high school completion rates and achieved diploma exam results above provincial averages in English Language Arts and Mathematics.
- **English as an Additional Language Learners** demonstrated year-over-year improvements in science diploma exams and outperformed provincial counterparts in most subjects.
- **Students with Identified Special Education Needs** outperformed provincial results across Grade 9 PAT and diploma exams and achieved “High” or “Very High” measures in science courses.
- Average scores in Mathematics and English Language Arts require improvement for **English as an Additional Language Learners** and Division 1 students, along with raising the percentage of students achieving 65 per cent or higher in dash 2, 3, and 4 courses.
- Writing continues to have lower results when compared to reading in English Language Arts stems, particularly in Division 1, and significantly lower percentages of students are meeting the Acceptable Standard in Mathematics 9 across most cohorts.
- Five-year completion rates have decreased across most cohorts, and gaps between CBE and provincial academic results for **English as an Additional Language Learners** and **Students who Self-Identify as Indigenous** persist.

## Context | New curriculum and provincial assessments and continued significant enrolment levels

The 2024–25 school year continued Alberta’s multi-year rollout of new curriculum across Kindergarten to Grade 6. Mandatory implementation began in 2022–23 for Kindergarten to Grade 3 in English Language Arts & Literature, Mathematics, and Physical Education & Wellness. In 2023–24, these same subjects became mandatory for Grades 4–6 and new curricula for Science and French Immersion Language Arts & Literature were introduced for Kindergarten to Grade 3. For 2024–25, Science and French Immersion Language Arts & Literature were mandatory for Grades 4–6.

Alongside curriculum changes, Alberta Education introduced new Grade 6 Provincial Achievement Tests (PATs) for Mathematics and English Language Arts and Literature during 2024–25. These new assessments and alignment of school-based reporting with new curriculum, make year-over-year comparisons difficult for both PAT results and report card achievement.

It is also important to note that historically, PAT achievement in Mathematics has been lower than in English Language Arts. This gap may reflect foundational skill challenges that emerged during the curriculum transition years and lingering effects of COVID-19 learning disruptions that may have further amplified these gaps.

Adding to these challenges, schools continued to face significant levels of enrollment last year, creating pressures on classroom capacity, staffing, and resources. These factors may have limited opportunities for targeted interventions and individualized support during this critical period of curriculum and assessment change.

Despite these challenges, a variety of assessment data continues to be used to identify student needs and gaps. As in all schools, as teachers delve deeper into the data, they consistently identify and work to address areas in need of improvement. This also remains true for leaders when working with system-wide data.

For more information, refer to [Appendix I School Data Sources](#)

On September 23, 2025, the Board of Trustees approved amendments for Results 2: Academic Success Reasonable Interpretations and Indicators. This report is based on the previously approved Reasonable Interpretations and Indicators which are shared in this report. The monitoring report presented next year, will include a new reporting structure for Results 2: Academic Success Monitoring Report based on the new approved Reasonable Interpretations and Indicators for the 2025-2026 school year results.

## Targets |

Targets are identified where the Chief Superintendent sees an opportunity for growth or where the Board of Trustees identifies an area of concern or exception.

The ongoing high rate of enrolment growth in the 2023-24 school year, corresponding increases in classroom complexity, impact of the introduction and ongoing implementation of new curriculums at the Division 1 and 2 levels, and the impact of the continued integration of outcomes-based assessment practices for Division 4 students may have had significant implications on report card data. As a result, significant caution was advised when interpreting data trends year-over year.

It is for these reasons no targets were set for 2024-25 in this report.

## Glossary of Terms |

- Alberta Education Assurance Measures (AEAM) Results Report (formerly Accountability Pillar Results Report): This is the system for school authorities to consistently measure success and progress using a broad spectrum of measures. Reporting results allows Albertans to see how their school authority is performing and ensures that the entire education system is open and accountable.
- All Students: the complete set of students included in the data set for a specific indicator.
- Board: Board of Trustees.
- Division: group of grades.
  - Division 1 is comprised of grades 1, 2, 3.
  - Division 2 is comprised of grades 4, 5, 6.
  - Division 3 is comprised of grades 7, 8, 9.
  - Division 4 is comprised of grades 10, 11, 12.
- English Language Arts: A new English Language Arts and Literature (ELAL) curriculum for Division 1 students was implemented for the 2022-2023 school year and expanded to include implementation for Division 2 students in the 2023-24 school year. Division 3 and 4 students continued studying the English Language Arts Program of Studies. For the purposes of this report, both the ELAL curriculum and ELA program of study are referred to as English Language Arts as this is the language in the currently approved monitoring indicators.
- English as an Additional Language Learner: This group includes only those students who have been assessed as needing English language learning support and assigned the corresponding Alberta Education code. In the 2023-24 school year, Alberta Education formally changed their terminology for both English Language Learner and English as a Second Language to the more inclusive term English as an Additional Language.
- French Language Arts: A new French Immersion Language Arts and Literature (FILAL) curriculum for Division 1 students was implemented for the 2022-2023 school year and expanded to include implementation for Division 2 students in the 2023-24 school year. All other students continued studying the French Language Arts Program of Studies. For the purposes of this report, both the FILAL curriculum and FLA program of study are referred to as French Language Arts as this is the language in the currently approved monitoring indicators.
- Mean: the sum of the values in a set of numbers divided by the number of values in the set.
- Measure Evaluations:

- Achievement Measure Evaluation – this is an Alberta Education Assurance Measures (AEAM) Results Report evaluation, which consists of comparison of Current Year data to a set of standards that remain consistent over time. The Standards are calculated by taking the 3-year average of baseline data for each measure across all school authorities and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation. The categories for achievement are *Very High, High, Intermediate, Low* and *Very Low*.
- Improvement Measure Evaluation – this is an Alberta Education Assurance Measures (AEAM) Results Report evaluation which consists of comparing the Current Year result with the Previous 3-year Average. A Chi-Squared statistical test is used to determine the significance of the improvement. The categories for improvement and the Chi-Squared range for each category are as follows:
  - *Improved Significantly*, Chi-Squared result  $\geq 3.84$  (current result  $>$  previous 3-year average).
  - *Improved*,  $1.00 \leq$  Chi-Squared result  $< 3.84$  (current result  $>$  previous 3-year average).
  - *Maintained*, Chi-Squared result  $< 1.00$
  - *Declined*,  $1.00 \leq$  Chi-Squared result  $< 3.84$  (current result  $<$  previous 3-year average).
  - *Declined Significantly*, Chi-Squared result  $\geq 3.84$  (current result  $<$  previous 3-year average).
- Overall Measure Evaluation – this is an Alberta Education Assurance Measures (AEAM) Results Report evaluation that combines the Achievement Evaluation and the Improvement Evaluation. The categories for overall evaluation are *Excellent, Good, Acceptable, Issue* and *Concern*.
- Prov: Province.
- Results: These are our statements of outcomes for each student in our district. The Results policies become the Chief Superintendent's and the organization's performance targets and form the basis for judging organization and Chief Superintendent performance.
- Self-Identify as Indigenous: Legal guardians have the choice of identifying their child as Indigenous on the Student Registration Form (new students) or yearly Demographic Information Form (current students). Not every Indigenous student is identified as such by their legal guardian. In the following report, only students who have been identified are included in the data for "Students who Self-Identify as Indigenous".
- Students with Identified Special Education Needs: This group includes only those students who have been assessed and identified with a special education need then assigned the corresponding Alberta Education special education code, except for those identified as gifted and talented. There is one exception to the latter and that is, when a student is double coded where one of the codes is gifted and talented. In this case, the student is included.

## Policy |

Each student will be literate and numerate, able to integrate and apply the knowledge, skills, attitudes and competencies acquired across all academic disciplines.

### Interpretation |

The Chief Superintendent interprets the Board of Trustees' values in this statement to mean that all students in the Calgary Board of Education (CBE) will experience success with the subject matter of their learning program and will be able to use language, images, symbols and text in a variety of contexts.

The Chief Superintendent interprets *each student* to mean every individual learner registered in Calgary Board of Education schools, inclusive of the full spectrum of student strengths, needs, values, interests, backgrounds and circumstances.

As a specific term, the Chief Superintendent interprets *literate* to mean the ability to acquire, create, connect and communicate meaning through language, images and written text.

As a broad term, the Chief Superintendent interprets *literate* to mean the ability to use the vocabulary of a particular field of knowledge, to read and understand the texts of that field and to communicate within its ways of thinking.

The Chief Superintendent interprets *numerate* to mean the ability to acquire, create, connect and communicate meaning through mathematical terms, symbols and ways of thinking.

The Chief Superintendent interprets *integrate and apply* to mean that students can use their understandings within and across their studies to solve problems and achieve their goals.

The Chief Superintendent interprets *knowledge, skills* and *attitudes* to mean the learning outcomes within Alberta Education's authorized programs of study.

The Chief Superintendent interprets *competencies* to mean the attitudes, skills and knowledge that cross specific subject areas and are key to students' personal fulfilment, active citizenship and employability.

The Chief Superintendent interprets *academic disciplines* to mean the fields of knowledge authorized as subjects of study by Alberta Education and included in section 2.1 below.

The Chief Superintendent interprets *Fine and Performing Arts* to include Art, Dance, Drama and Music.

The Chief Superintendent interprets *Languages* to mean those programs of study taught in the Calgary Board of Education as both second language/language and culture courses and as immersion/bilingual alternative programs: French, Chinese (Mandarin), German and Spanish.

**Students will:**

2.1 Achieve at individually and appropriately challenging levels of complexity, demonstrating the higher order thinking skills of knowledge, comprehension, application, analysis, synthesis, evaluation and creativity, based on the following disciplines:

- Career & Technology Foundations/Studies
- English Language Arts
- Fine and Performing Arts
- French Language Arts
- Languages
- Mathematics
- Physical Education
- Science
- Social Studies

**Interpretation |**

The Chief Superintendent interprets *achieve at individually and appropriately challenging levels of complexity* to mean that student learning is directed toward high standards and to the greatest level of achievement possible for each student.

The Chief Superintendent interprets *knowledge, comprehension, application, analysis, synthesis, evaluation and creativity* to mean the multiple forms of thought required for students to achieve their learning objectives.

The Chief Superintendent interprets *higher order thinking skills* to emphasize the most complex forms of thought within each subject area.

**Indicators |**

1. Percentage of students completing high school within three, four or five years of starting grade 10; as measured in the Alberta Education Assurance Measures.
  - 1.1 All Students
  - 1.2 English as an Additional Language Learners
  - 1.3 Students who Self-Identify as Indigenous
  - 1.4 Students with Identified Special Education Needs
2. Student results within English Language Arts and Mathematics; as measured by student report cards disaggregated by division and level of achievement.
  - 2.1 All Students
  - 2.2 English as an Additional Language Learners
  - 2.3 Students who Self-Identify as Indigenous
  - 2.4 Students with Identified Special Education Needs

3. The Measure Evaluations of and the percentage of students who achieve the Acceptable Standard and the Standard of Excellence on the English Language Arts and Mathematics Provincial Achievement Tests (All Students Enrolled) and Diploma Examinations; as measured in the Alberta Education Assurance Measures.
  - 3.1 All Students
  - 3.2 English as an Additional Language Learners
  - 3.3 Students who Self-Identify as Indigenous
  - 3.4 Students with Identified Special Education Needs
4. Student results within each of Career & Technology Foundations/Studies, Fine and Performing Arts, French Language Arts, Languages, Physical Education, Science and Social Studies; as measured by student report cards disaggregated by division and level of achievement.
  - 4.1 All Students
  - 4.2 English as an Additional Language Learners
  - 4.3 Students who Self-Identify as Indigenous
  - 4.4 Students with Identified Special Education Needs
5. The Measure Evaluations of the French Language Arts, Sciences and Social Studies Provincial Achievement Tests (All Students Enrolled) and Diploma Examinations; as measured in the Alberta Education Assurance Measures.
  - 5.1 All Students
  - 5.2 English as an Additional Language Learners
  - 5.3 Students who Self-Identify as Indigenous
  - 5.4 Students with Identified Special Education Needs

## Monitoring Information

### Evidence of Progress |

#### Board-approved indicators and targets as well as 2023-24 results, analysis and capacity building |

##### **Policy 2.1 Indicator 1**

Percentage of students completing high school within three, four or five years of starting grade 10; as measured in the Alberta Education Assurance Measures.

This indicator is based on an Alberta Education determined Grade 10 Cohort who complete high school within three, four or five years. High school completion rates include students who receive a credential (e.g., a High School Diploma, Certificate of Achievement) and students who do not receive a credential but who transition to a post-secondary institution, an apprenticeship program or who have achieved “academic standing”<sup>1</sup>.

### Notes |

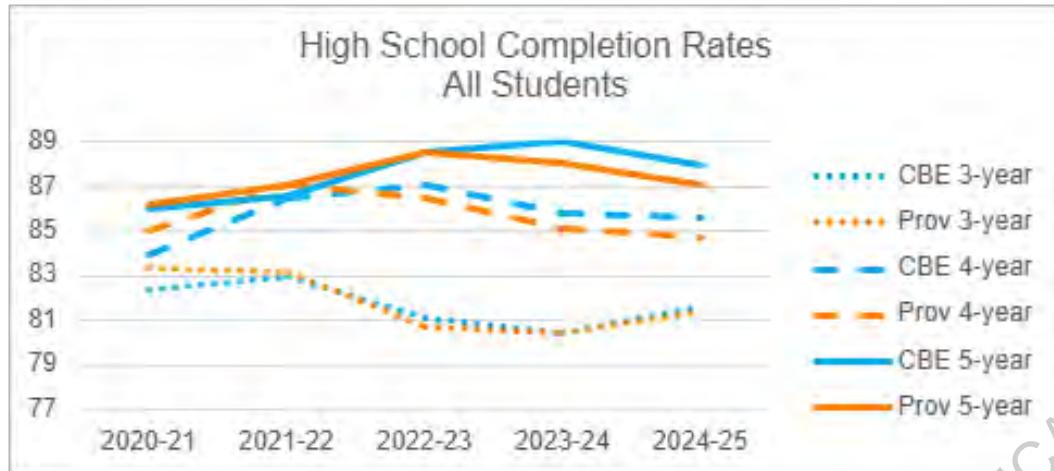

- 1 | The 2024-25 results Alberta Education Assurance Measures for high school completion are based on 2023-24.
- 2 | The 4-year rate includes the numbers from the 3-year rate, and the 5-year rate includes the numbers from both the 3-year and 4-year rates.
- 3 | Small cohorts are susceptible to changes in the composition of the cohort. In these groups, there will be more fluctuations year over year. As such, caution must be used in interpreting these results.
- 4 | The scales used on the graphs that follow have been chosen for ease of interpretation, however they change from cohort to cohort, so caution should be used when comparing graphs.

### Legend |

Achievement	Improvement	Overall
Very High	Improved Significantly	Excellent
High	Improved	Good
Intermediate	Maintained	Acceptable
Low	Declined	Issue
Very Low	Declined Significantly	Concern

<sup>1</sup> Refer to Attachment I for the criteria of the categories for High School Completion.

## 1.1 All Students

**Note |** For the calculation of High School Completion rates, the cohort of students is determined in grade 10. The 3-year completion rate is determined based on the number of students from that cohort that compete high school within the next three years. The 4-year completion rate is then inclusive of the number of students from that cohort who completed both within three and four years. The 5-year completion rate is inclusive of students from that cohort who complete within the three, four or five year period. For 2024-25, the 3-year completion rate is based on the cohort of grade 10 students from 2021-22, the 4-year completion rate is based on the cohort of grade 10 students from 2020-21 and the 5-year completion rate is based on the cohort of grade 10 students from 2019-20.

\*The Achievement Measure Evaluation compares Current Year data to a set of standards set by Alberta Education

\*\*Improvement Measure Evaluation compares Current Year data to the previous three-year average

\*\*\*Overall Measure Evaluation combines the Achievement Evaluation and the Improvement Evaluation together thus represents the overall performance of the results.

### ▪ Analysis of Cohort

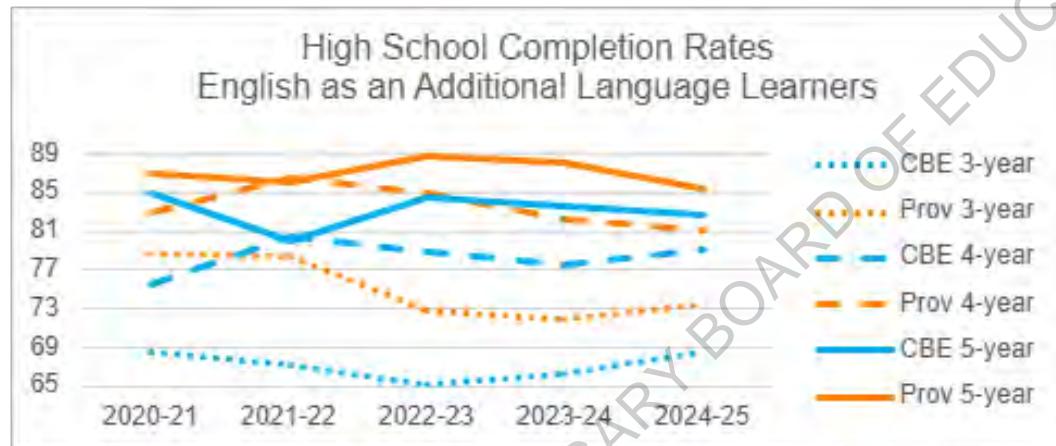

When 2024-25 provincial and CBE results are compared, CBE completion rates were higher than the corresponding provincial ones in all three rates. In the 5-year rate, CBE maintained the 0.9 percentage point advantage over the province for the last two years.

CBE achieved the only year-over-year increase in the 3-year high school completion rate. Like the province, CBE showed a notable 1 percentage point decline in the 5-year rate. This is the first year-over-year decrease observed over the last five years.

When compared to the previous three-year average high school completion rates, all 2024-25 CBE results were not showing statistically significant fluctuations.

## 1.2 English as an Additional Language Learners

	3-year	Measure Evaluation	2020-21	2021-22	2022-23	2023-24	2024-25

Prov	Achievement	Intermediate	Intermediate	Low	Low	Low	
	Improvement	Declined	Improved Significantly	Declined Significantly	Declined Significantly	Maintained	
	Overall	Issue	Good	Concern	Concern	Issue	

### Analysis of Cohort

The number of students included in this cohort ranges from 654 to 1047. In terms of the small number of students in English as an Additional Language Learners (EAL) cohort, there will be more fluctuations over time. As such, caution must be used in interpreting these results.

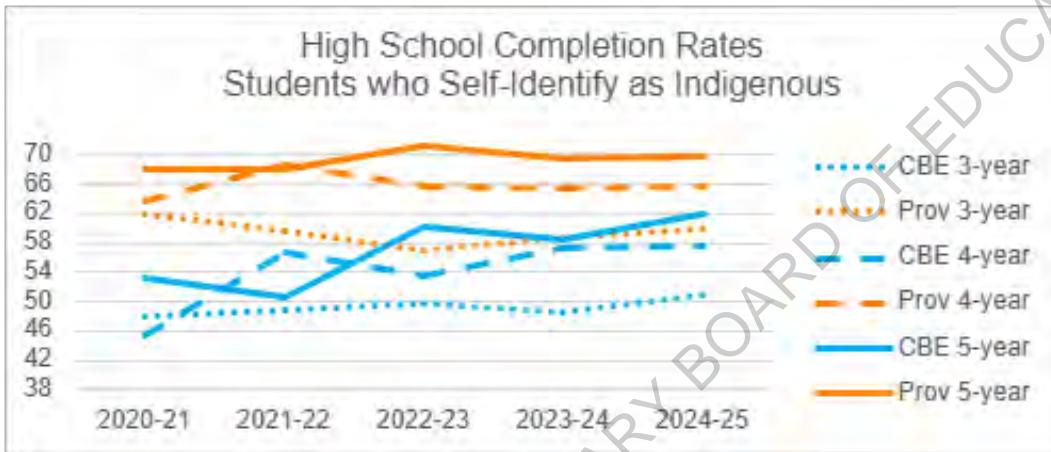

For 5-year high school completion rates, both province and English as an Additional Language Learners in CBE showed decreased results from 2023-24 to 2024-25. The drop in the CBE

results was not statistically significant. Moreover, CBE achieved continued improvements for the past two years in the 3-year high school completion rates as well as a notable 1.6 percentage point year-over-year increase in the 4-year rate while the corresponding provincial results showed overtime decreases.

Similar to the results before, all CBE's high school completion rates were lower than the provincial results. However, the gaps narrowed substantially in all 2024-25 results, especially in the 4-year rates where the gap shrank to 1.9 percentage points, which was less than half of result gap in 2023-24.

### 1.3 Students who Self-Identify as Indigenous

3-year	Measure Evaluation	2020-21	2021-22	2022-23	2023-24	2024-25
CBE	Achievement	Very Low	Very Low	Very Low	Very Low	Very Low
	Improvement	Improved Significantly	Improved	Improved	Maintained	Maintained
	Overall	Acceptable	Issue	Issue	Concern	Concern
Prov	Achievement	Very Low	Very Low	Very Low	Very Low	Very Low
	Improvement	Improved Significantly	Improved	Declined	Maintained	Improved
	Overall	Acceptable	Issue	Concern	Concern	Issue

#### Analysis of Cohort

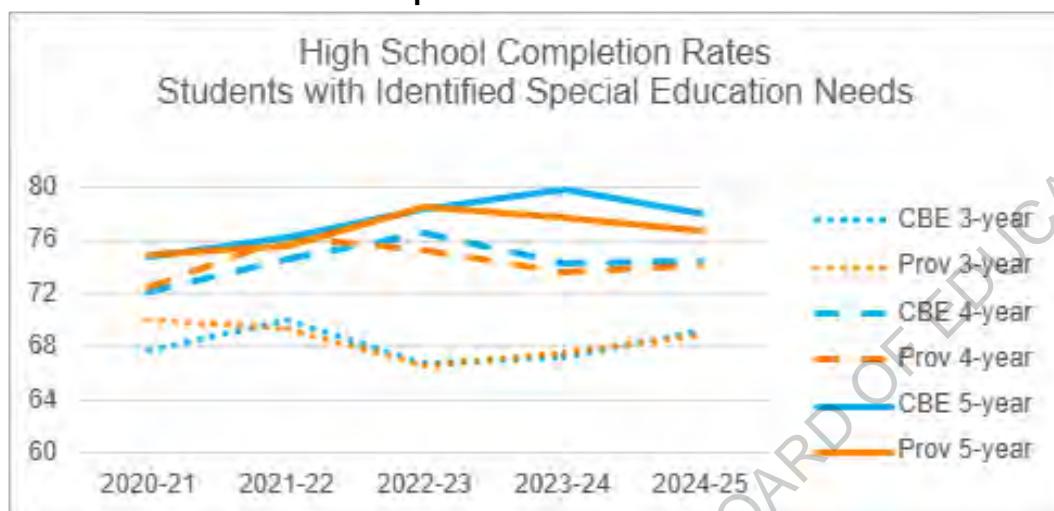

The number of students included in this cohort ranges from 366 to 417.

For the Students who Self-Identify as Indigenous cohort, CBE showed consistent year-over-year increases across all three high school completion rates in 2024-25. The improvement was most notable in the 5-year rate. In addition, CBE Students who Self-Identify as Indigenous achieved the highest rates in 2024-25 over the last five years. CBE showed more evident improvements than the province.

Overall, similar to 2023-24 results, when comparing the 2024-25 provincial and CBE completion results, all CBE completion rates were lower than the corresponding provincial results over time. The gaps between CBE and province in 3-year and 5-year rates became smaller, while the difference maintained in the 4-year high school completion rate in 2024-25 compared to 2023-24.

#### 1.4 Students with Identified Special Education Needs

3-year	Measure Evaluation	2020-21	2021-22	2022-23	2023-24	2024-25
CBE	Achievement	Very Low	Low	Low	Low	Low
	Improvement	Improved Significantly	Improved Significantly	Maintained	Maintained	Maintained
	Overall	Acceptable	Good	Issue	Issue	Issue
Prov	Achievement	Low	Low	Low	Low	Low
	Improvement	Improved Significantly	Improved Significantly	Maintained	Maintained	Improved
	Overall	Good	Good	Issue	Issue	Acceptable

#### Analysis of Cohort

The number of students included in this cohort ranges from 2061 to 2372.

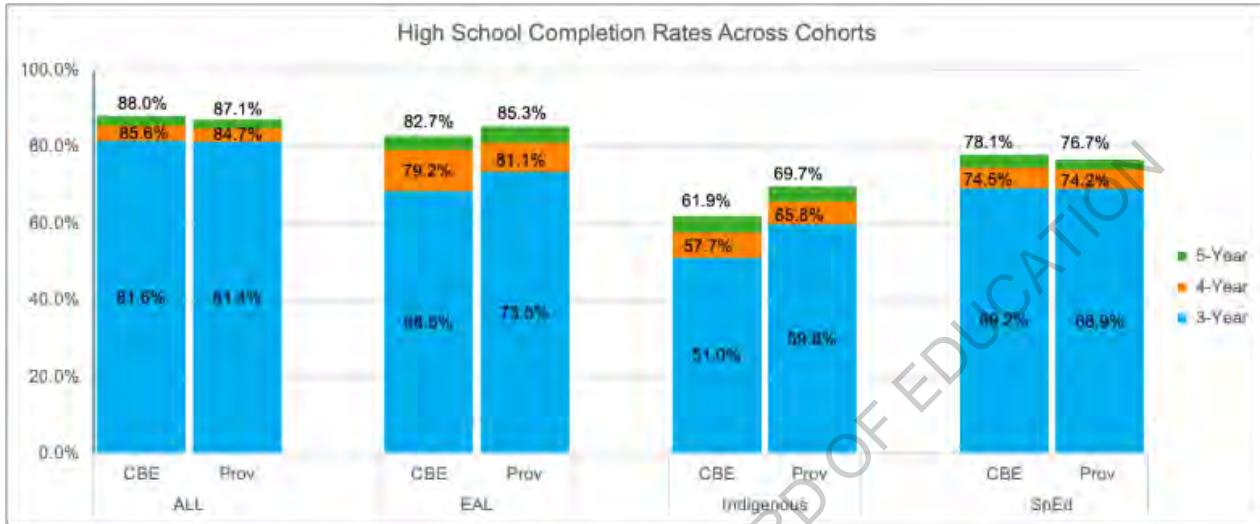

Similar to the province, for the Students with Identified Special Education Needs cohort, CBE achieved year-over-year increases in the 3-year and 4-year rates while showing declines in the 5-year rates. The 1.9 percentage point improvement in the 3-year high school completion rate was notable when compared to the province. Moreover, the drop in the 5-year rate was not statistically significant.

It is noticeable that CBE Students with Identified Special Education Needs outperformed their provincial counterparts across all three rates in 2024-25. In particular, following a 0.3

percentage point gap when compared to the province in the 3-year rate in 2023-24, CBE achieved a 0.3 percentage point advantage over the province in 2024-25.

### Targets for 2024-25

No targets were set for the 2024-25 school year.

### Interpretation

In 2024–25, the All Students cohort continued to demonstrate strong performance, achieving higher 3-year, 4-year, and 5-year high school completion rates than the provincial average.

Across all cohorts, there was a notable increase in three-year completion rates, signaling progress toward timely graduation and improved pathways for students. This success could reflect the impact of system-wide strategies and ongoing supports for students to achieve high school completion through several different pathways depending on student needs.

Across cohorts, completion results suggest that the use of the high school tracking tool, sustained work on outcomes-based assessment (OBA) and assessment calibration has contributed to more students staying on track to graduation. Division 4 students in particular are benefiting from clearer expectations, aligned assessment practices and more targeted

supports in K&E and dash-2/3/4 pathways. Although the 5-year rate is lower than the previous year, when looking at the specific cohort who began high school in 2020, more students graduated in their 4<sup>th</sup> and 5<sup>th</sup> year compared to the previous cohort suggesting that the supports in place are working to help students to graduate by year 5. To give it more context, for All Students cohort, the 2020 Grade 10 cohort (roughly 9157 students), 7426 (9157\*81.1 per cent) of them graduated in three years, 430 more students graduated in their 4<sup>th</sup> year, and 201 more students graduated in their 5<sup>th</sup> year. The increase in student graduation rates could be as a result of programming such as Unique Pathways expanded Dual Credit and Exploratory programs which supported approximately 100 more students than the 2023-24 school year. These types of program expansions are allowing more students to personalize their learning journey and achieve high school completion.

Students with Identified Special Education Needs achieved completion rates in 3, 4, and 5 years that exceeded provincial results. These outcomes suggest impact of a systemic focus on inclusive practices and using a continuum of supports for the success of all learners. Teachers' increased emphasis on gathering evidence in relation to identified learning outcomes has helped in determining where students need more targeted support for increased achievement and course completion. At the same time, initiatives to strengthen social-emotional well-being amplified student voice and engagement. The High School Well-Being Symposium and School Well Being Action Teams, provided opportunities for students to reflect on and advocate for individual needs to achieve success. Together, these academic and well-being strategies correlate strongly with higher completion rates, demonstrating that a holistic approach to student success drives measurable outcomes.

Students who Self-Identify as Indigenous demonstrated year-over-year improvements across all three completion measures. Compared to the previous three-year averages, this cohort achieved notable gains at all three rates. This success correlates strongly with intentional strategic actions taken across the system in support of the Education Plan's key outcome that self-identified Indigenous students experience improved well-being and achievement. Inclusive practices and targeted supports have provided the foundation for culturally responsive strategies. Deployment of Indigenous Student Success Learning Leaders (ISLL) and Grad Coaches to Family of Schools, and community partnerships appear to have contributed to these gains. Our commitment to the Truth and Reconciliation's Commitments to Action has created a clear focus and sense of accountability and was reinforced through professional learning such as *Maatoomsii'Pookaiks (Children First) Indigenous Education Day* 2024-25's focus on the Mind-To Know Domain. In order to continue to see progress for our Students who Self-Identify as Indigenous, exploration for possible correlation between barriers (lack of access to timely assessments, appropriate program placement, streaming, resources & supports) and Indigenous students leaving school before high school is key.

Finally, English as an Additional Language Learners recorded noticeable growth in their 3-year completion rate. Focusing Language Course Challenge on Grade 12 students helped them capitalize on their home language to earn credits towards high school completion. However, 3 year completion rates remain low and below the provincial average. These lower rates of high school completion could be attributed to the linguistic and academic needs of multilingual learners. English language acquisition takes time and may impact academic achievement in

the short term. Students typically require a minimum of 5 years.<sup>2</sup> For students entering high school with language proficiency of LP1, 2, and 3 this may impact their ability to access course content, their overall academic achievement, and impede high school completion.

In addition, gaps for English as an Additional Language Learners and Students who Self-Identify as Indigenous point may have been compounded by the impacts of early literacy and numeracy gaps, course sequencing decisions and the literacy demands of high-school courses. Moving forward, our approach to high school completion must reflect the evolving needs of our students. For some learners, achieving graduation with the skills to thrive will require additional time, while others may benefit from differently scaffolded programming, particularly those with diverse learning profiles.

As student demographics and needs continue to shift there is an increased need for flexible pathways that prioritize psychological safety, engagement, and belonging. Improving attendance at both middle and high school levels is essential, as attendance, engagement, and achievement are deeply connected to positive relationships and safe, caring environments, especially for Indigenous students. Initiatives such as the High School Student Well-Being Symposium, grounded in Indigenous teachings (*ani to pisi*<sup>3</sup>) and Social Emotional Learning practices, will strengthen these foundations. These next steps underscore our commitment to creating inclusive, responsive, and culturally grounded strategies that ensure every student has a pathway to success and high school completion.

#### ▪ **Celebrate**

- Increased three-year completion rates across all CBE cohorts in 2024-25.
- CBE All Students cohort achieved higher 3-year, 4-year and 5-year high school completion rates than the provincial results in 2024-25.
- In 2024-25, CBE's Students with Identified Special Education Needs cohort completed high school in 3, 4 and 5 years, at rates higher than the provincial cohort.
- When compared to their provincial counterparts, CBE's English as an Additional Language Learners cohort and Students who Self-Identify as Indigenous cohort consistently narrowed (or maintained) the gaps across all three rates over time in their most recent results.
- CBE's Students who Self-Identify as Indigenous cohort achieved year-over-year improvements across all three rates in 2024-25.
- When compared to the previous three-year averages, CBE's Students who Self-Identify as Indigenous cohort achieved notable increases in their 3-year and 5-year high school completion rates in 2024-25.
- CBE's English as an Additional Language Learners achieved noticeable year-over-year improvements in their 3-year rate in 2024-25.

## ▪ **Areas for Growth**

- Increase five-year completion rates across all CBE cohorts except for Students who Self-Identify as Indigenous cohort.
- Narrow the gap between CBE and provincial results for each of the high school completion rates in the English as an Additional Language Learners and Students who Self-Identify as Indigenous cohorts.
- Percentage of absenteeism by division indicates highest absenteeism for students in Division 4. CBE's ongoing efforts to increase student graduation rates use attendance as a key indicator of student success. Continuing to strengthen staff and community partners learning and capacity may further support regular attendance.

## ▪ **Building Capacity**

The following is the list of next steps based on the analysis and interpretation.

### **Professional Learning**

- Continue and extend high-school calibration structures (e.g., OBA working groups) with explicit focus on courses and pathways where completion rates are lower.
- School Administrators and Teachers will enhance their understanding of providing timely and appropriate learning and cultural supports for English as an Additional Language Learners to advance student achievement.
- Provide professional learning to strengthen administrators' and teachers' capacity to use disaggregated student data to identify patterns of learning complexity, monitor credit accumulation and engagement, and design timely, tiered instructional and support interventions that improve five-year completion rates across all CBE cohorts.
- Provide on-demand professional learning webinars as part of the school leadership professional learning series for current, new, and aspiring school administrators, advancing their understanding of a whole-school approach to improving student attendance.
- Deliver learning sessions for teachers, school-based learning leaders, and key service unit staff to ensure coordinated efforts aimed at addressing the unique needs of students with attendance concerns.
- Provide targeted professional learning focused on supporting middle and high schools to foster improved well-being and achievement for all students and with specific focuses for Indigenous students and other specific populations. Topics will include supporting transitions, building relationships with families.
- The Unique Pathways & Off-campus Education team will continue to support school-based staff in connecting to Dual Credit and Exploratory programming, as well as community and industry partners to expand Off-campus Education opportunities.
- Knowledge and Employability (K&E) professional learning to build teacher capacity in task design and assessment aligned to K&E objectives.

### **Structures & Processes**

- Deepen collaborative response practice across all school sites to ensure timely and responsive intervention to student need

- Expand the High School Teacher Community of Practice focusing on enhancing programming for English as an Additional Language Learners.
- Ensure students with interrupted schooling or low Language proficiency levels have access to targeted literacy interventions, personalized pathways, and credit-recovery options.
- LEAD Professional Learning on implementing consistent Student Growth Planning in support of academic and well-being achievement.
- Refinement of Languages Course Challenge processes.
- Expand Unique Pathways network of post-secondary, community, and industry partners to offer an even greater breadth of programming for CBE high school students.
- Collaborate with other school divisions to expand the Calgary Trades & Technologies Collegiate during this year's collegiate application window.

## Resources

- Develop user-oriented resources for school administrators to support communication of CBE attendance policies and procedures to staff, aiming to advance a shared vision for supporting student attendance within each school's unique context.
- Expand 30 level Language Course Challenge to more students in High School to attain graduation.
- Collaborate with Education Matters to seek out industry donors to support Unique Pathways programming.
- Successful application to Alberta Education for funding for a second collegiate (Calgary Trades & Technologies Collegiate) will allow for expanded Dual Credit and Exploratory offerings within the skilled trades.

**▪ Analysis of Cohort**

For Division 1 and 2 students, report card means remained stable or declined in 2024-25 for both Mathematics and English Language Arts. Division 4 students showed continued improvements in both subjects over the last two years.

Among Divisions 1-3, Division 1 students maintained their advantage in Mathematics in 2024-25 while students in Division 2 and 3 outperformed Division 1 students in English Language Arts. Notably, Division 2 students generally showed continued decreases over the past five years in both subjects, however, smaller declines in the report card scores were observed in recent years. When compared to the three-year averages, the drops were not statistically significant.

## 2.2 English as an Additional Language Learners

A. Student report card results as a mean within English Language Arts for English as an Additional Language Learners

Division	2020-21	2021-22	2022-23	2023-24	2024-25

3	2.78	2.76	2.75	2.71	2.66
4	70.3	69.7	66.2	68.4	67.5

### ▪ Analysis of Cohort

The number of students in the English as an Additional Language Learners cohort who received an Indicator of 1, 2, 3 or 4 as part of their Report Card evaluation in English Language Arts and Mathematics with a Report Card were as follows:

- Division 1: 11535 to 11996
- Division 2: 11505 to 11746
- Division 3: 9503 to 9879
- Division 4: 6356 to 6637

In 2024-25 school year, English as an Additional Language Learners cohort showed lower report card means in both subjects for all divisions. When compared to the three-year averages, the declines were not statistically significant.

Over time, Division 1 students maintained higher achievement in both subjects than students in Divisions 2 and 3 in 2024-25.

Generally speaking, across Divisions 1 to 3, the drops in the report card scores were more evident for Division 2 students in English Language Arts and for Division 3 students in Mathematics.

### 2.3 Students who Self-Identify as Indigenous

A. Student report card results as a mean within English Language Arts for Students who Self-Identify as Indigenous

Division	2020-21	2021-22	2022-23	2023-24	2024-25
1	2.29	2.37	2.42	2.48	2.40
2	2.46	2.45	2.43	2.45	2.46
3	2.44	2.37	2.40	2.40	2.42
4	60.6	58.8	59.6	60.1	63.1

B. Student report card results as a mean within Mathematics for Students who Self-Identify as Indigenous

1	2.36	2.51	2.56	2.59	2.48
2	2.37	2.37	2.29	2.34	2.35
3	2.23	2.19	2.25	2.24	2.20
4	60.9	60.6	59.5	61.4	62.7

#### Analysis of Cohort

The number of students in this cohort who wrote English Language Arts and Mathematics Report Card (with Indicator 1, 2, 3 and 4) were as follows:

- Division 1: 1315 to 1348
- Division 2: 1247 to 1333
- Division 3: 1128 to 1146
- Division 4: 1151 to 1300

In contrast to the 2024-25 results in All Students and English as an Additional Language Learners cohorts, the Division 2 Students who Self-Identify as Indigenous cohort achieved year-over-year improvement in means in both subjects. Moreover, Division 4 Students who Self-Identify as Indigenous also showed year-over-year improvements in their report card scores in both subjects. The growth in English Language Arts was statistically notable when compared to the previous three-year average means.

In 2024-25 school year, Division 1 students showed notable year-over-year drops in both English Language Arts and Mathematics, which were the first decreases over the last five years. Except for Division 1, all other divisions achieved continued growth in the English Language Arts report card means.

## 2.4 Students with Identified Special Education Needs

A. Student report card results as a mean within English Language Arts for Students with Identified Special Education Needs

Division	2020-21	2021-22	2022-23	2023-24	2024-25
1	2.47	2.45	2.39	2.39	2.40

### Analysis of Cohort

The number of students in this cohort who wrote English Language Arts and Mathematics Report Card (with Indicator 1, 2, 3 and 4) were as follows:

- Division 1: 4037 to 4159
- Division 2: 4787 to 5268
- Division 3: 5574 to 5748
- Division 4: 6325 to 6996

Comparing results from 2023-24 to 2024-25, Students with Identified Special Education Needs in Division 3 and Division 4 either maintained or improved their report card means in both subjects, while students in Division 1 also showed growth in English Language Arts. Notably, Division 4 students achieved continued improvements in both subjects over the last two years. When compared to the three-year averages, the growths in both subjects were statistically notable.

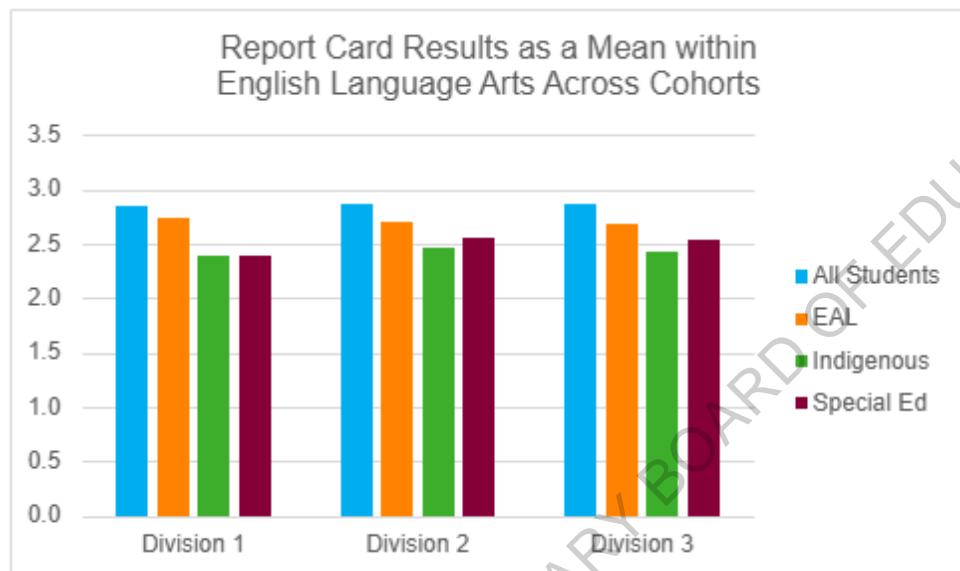

Among Divisions 1 to 3, Division 2 Students with Identified Special Education Needs maintained their advantages in both subjects over the last five years.

## Summary

### Percentage of Students who Achieved the Standard on the Mathematics PAT

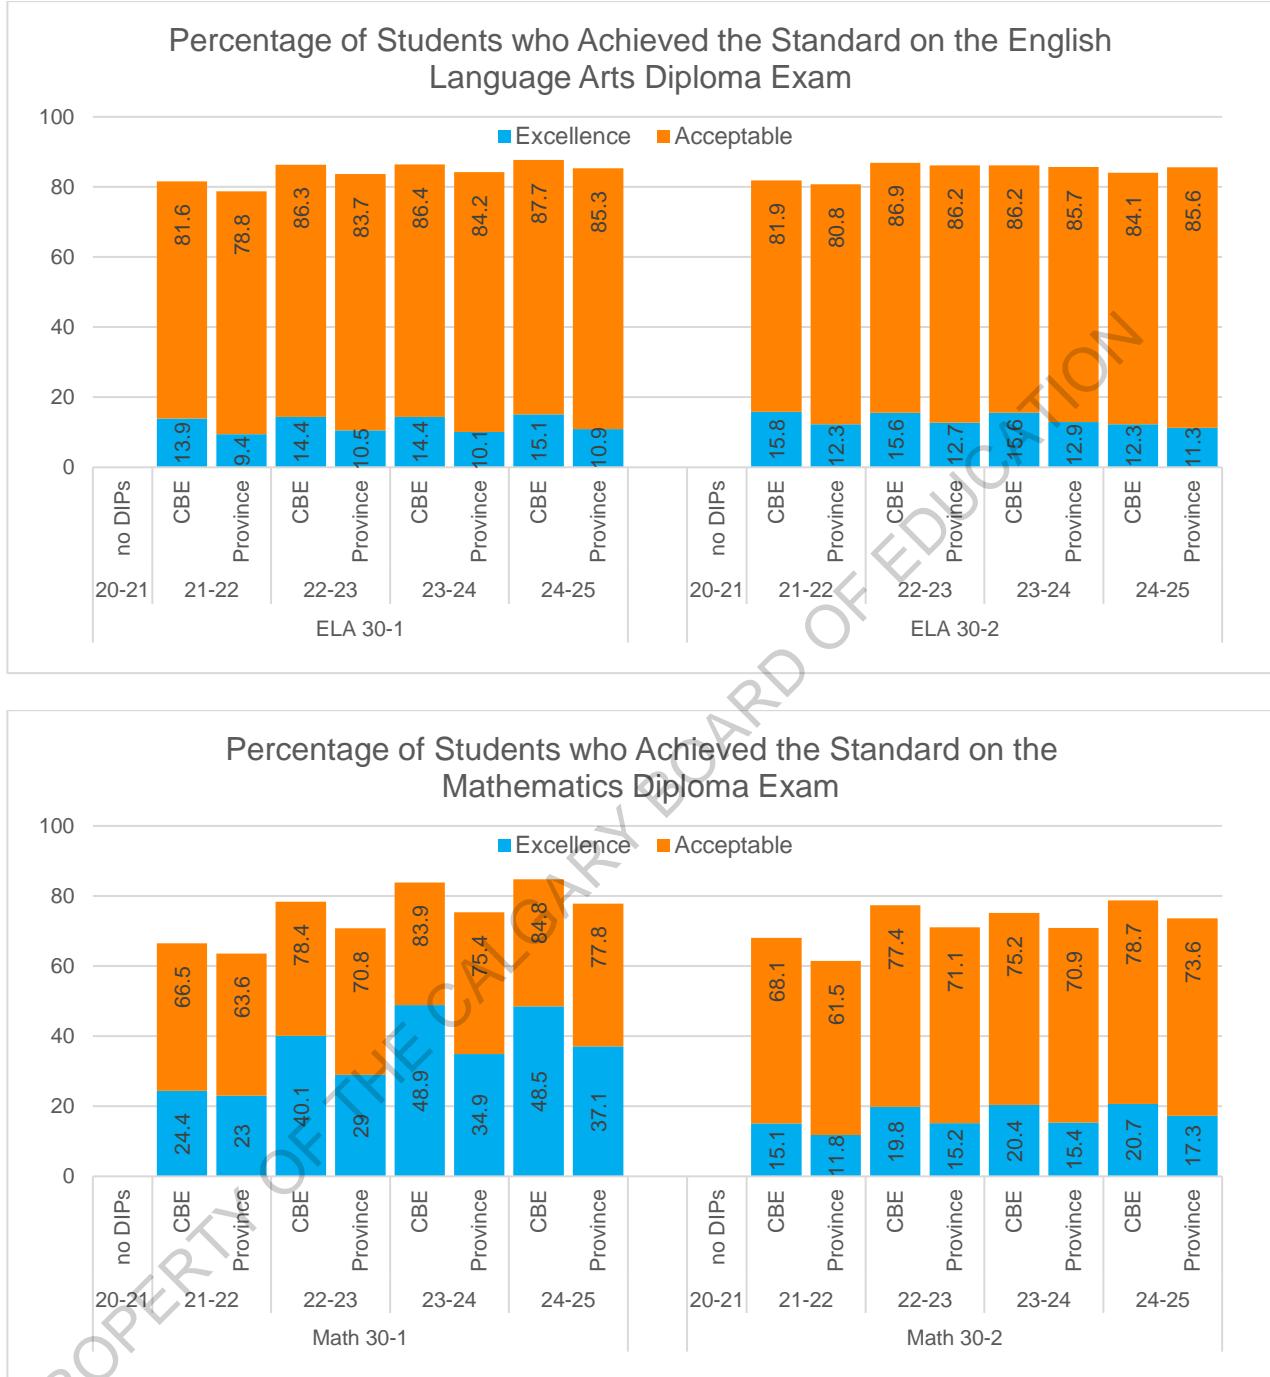

### Percentage of Students who Achieved the Standard on the new Grade 6 curriculum PATs

**Note |** 2024-25 is the first year of a new test that reflects the 2023 curriculum.

## B. Percentage of All Students who achieved the standards on Diploma Examinations

- **Analysis of Cohort**

The number of students in this cohort who wrote English Language Arts and Mathematics provincial assessments were as follows:

- K&E PATs: 70 to 96
- Non-K&E PATs: 10 571 to 10 600
- Diploma Examinations: 2763 to 7406

Small cohorts are susceptible to changes in the composition of the cohort. In these groups, there will be more fluctuations year over year. As such, caution must be used in interpreting these results.

When CBE and provincial PAT results are compared for the All Students cohort, CBE students outperformed the province on Mathematics 9 on both standards. It is notable that while CBE consistently had higher percentages of students achieving Acceptable Standard in English Language Arts 9 than the province in previous years, the province had better results in 2024-25 school year. CBE also outperformed the province at the Acceptable Standards for both new PAT tests (ELAL6 and Math6) in 2024-25 school year. Like last year, students in the Knowledge and Employability (K&E) courses achieved below the province in both subjects.

Compared to the previous year, an overall decline across both standards could be observed in 2024-25 for all Grade 9 PAT English Language Arts courses. When compared to the previous three-year average results, CBE showed significantly lower results at both standards in English Language Arts 9. In the meanwhile, CBE achieved year-over-year improvements in Mathematics 9 at the Standard of Excellence results and in Mathematics 9 Knowledge and Employability (K&E) course at both standards.

In terms of 2024-25 diploma examination results, CBE students continued to achieve stronger diploma examination results in English Language Arts 30-1 and both Mathematics exams when compared to provincial results. In English Language Arts 30-2, CBE had lower percentage of students achieving Acceptable Standard but higher percentage of students achieving Standard of Excellence than the province.

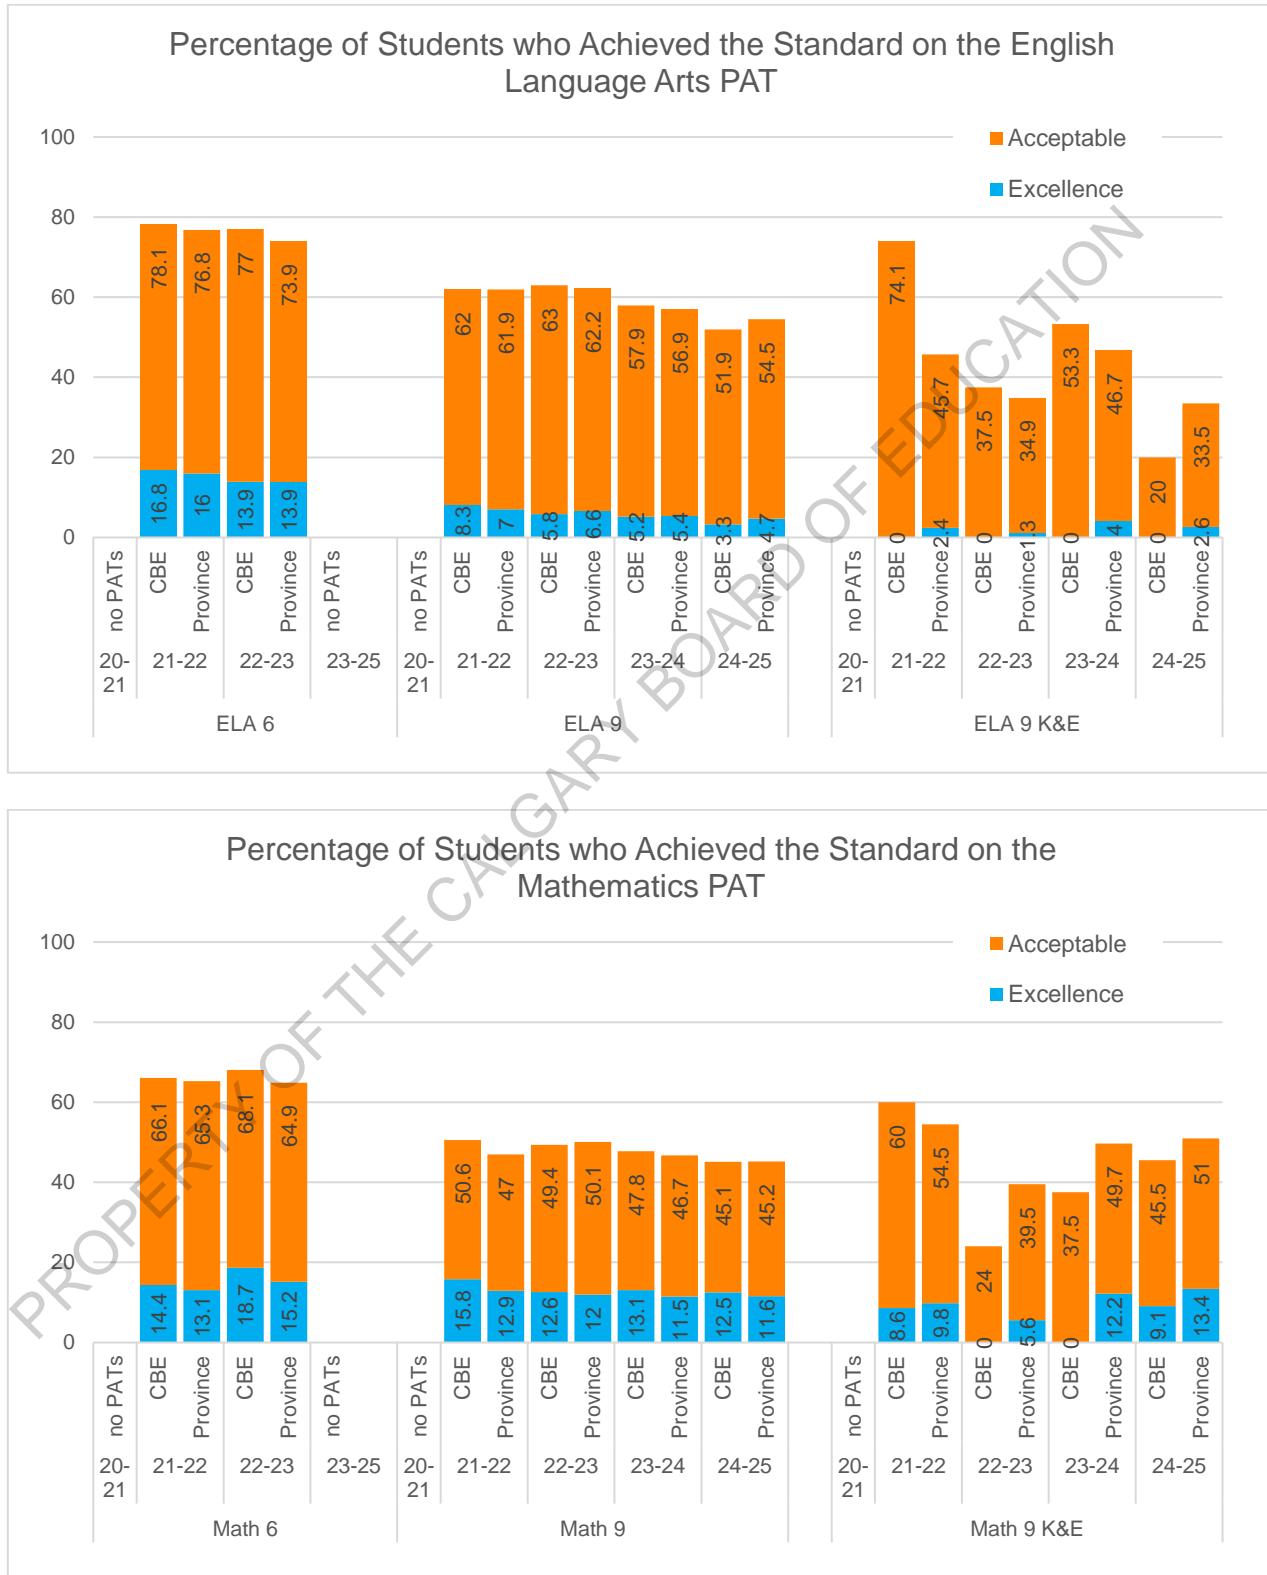

CBE achieved year-over-over improvements at both standards in English Language Arts 30-1 and Mathematics 30-2. Moreover, increase was also observed in Mathematics 30-1 Acceptable Standard. When compared to the average results for the previous three years, CBE achieved significantly higher results in English Language Arts 30-1 and both Mathematics diploma exams at the Acceptable Standard as well as the Standard of Excellence result in Mathematics 30-1.

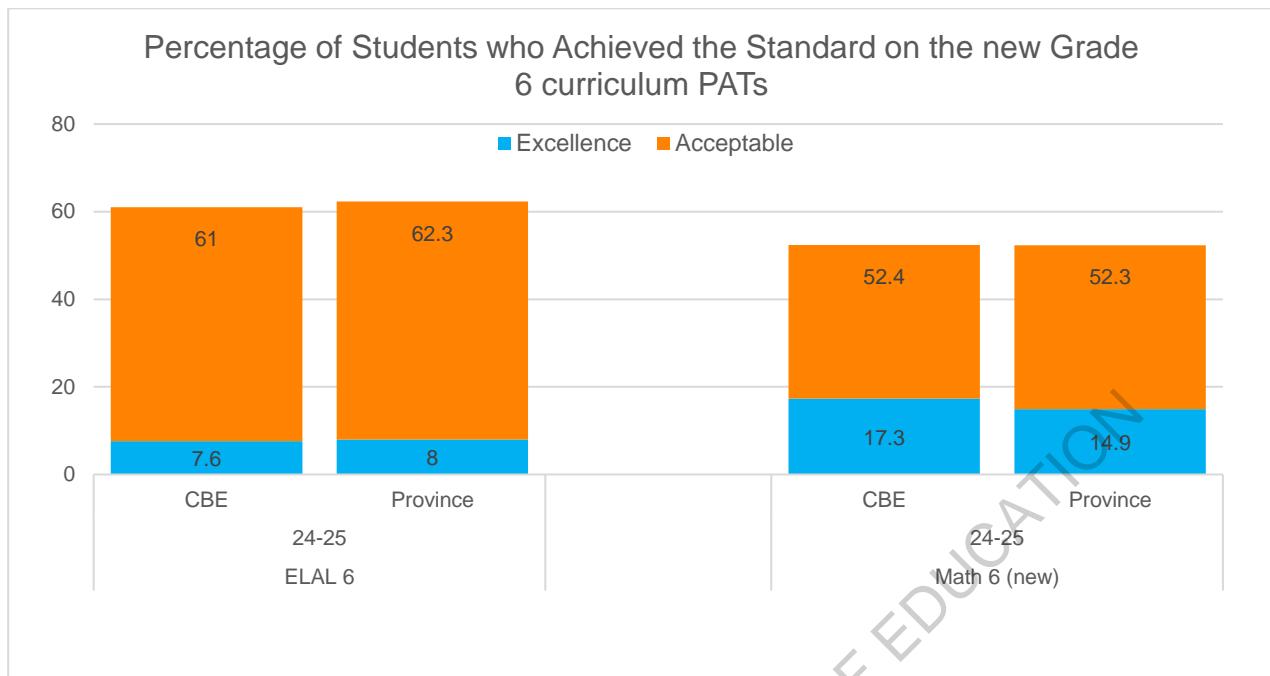

In 2024-25, CBE had significant declines at both standards in English Language Arts 30-2 when compared to the previous three-year average.

### 3.2 English as an Additional Language Learners

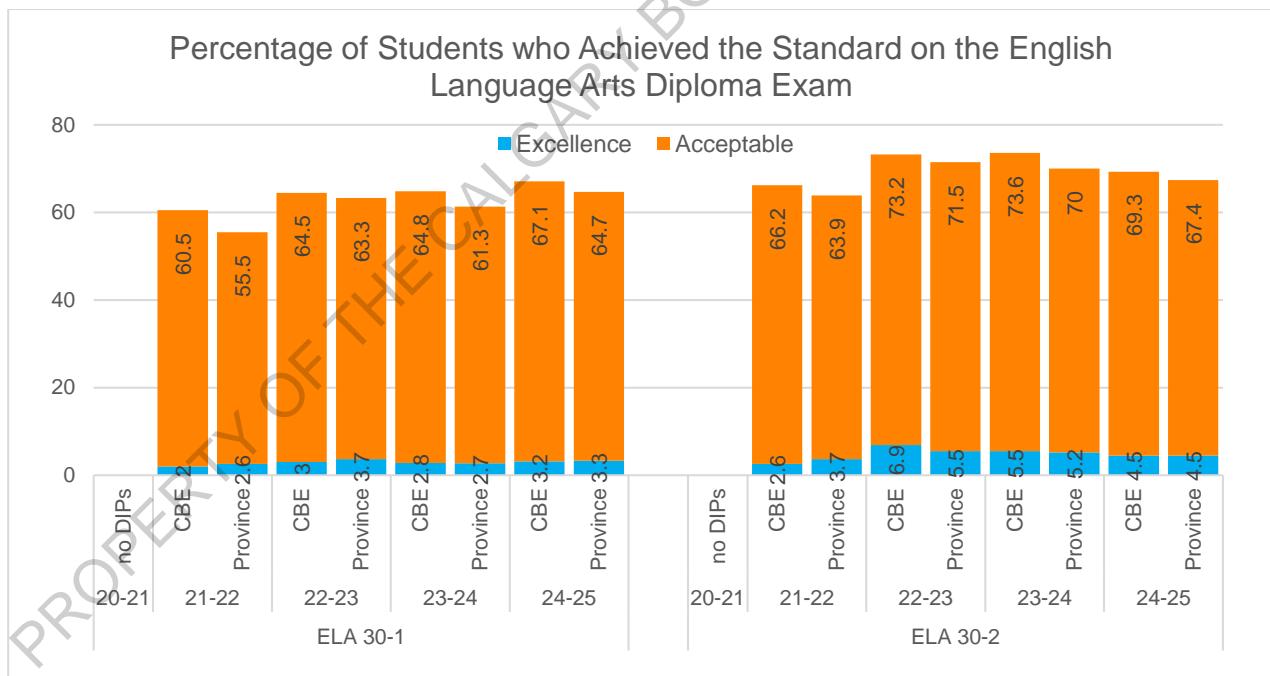

#### A. Percentage of English as an Additional Language Learners who achieved the standards on Provincial Achievement Tests

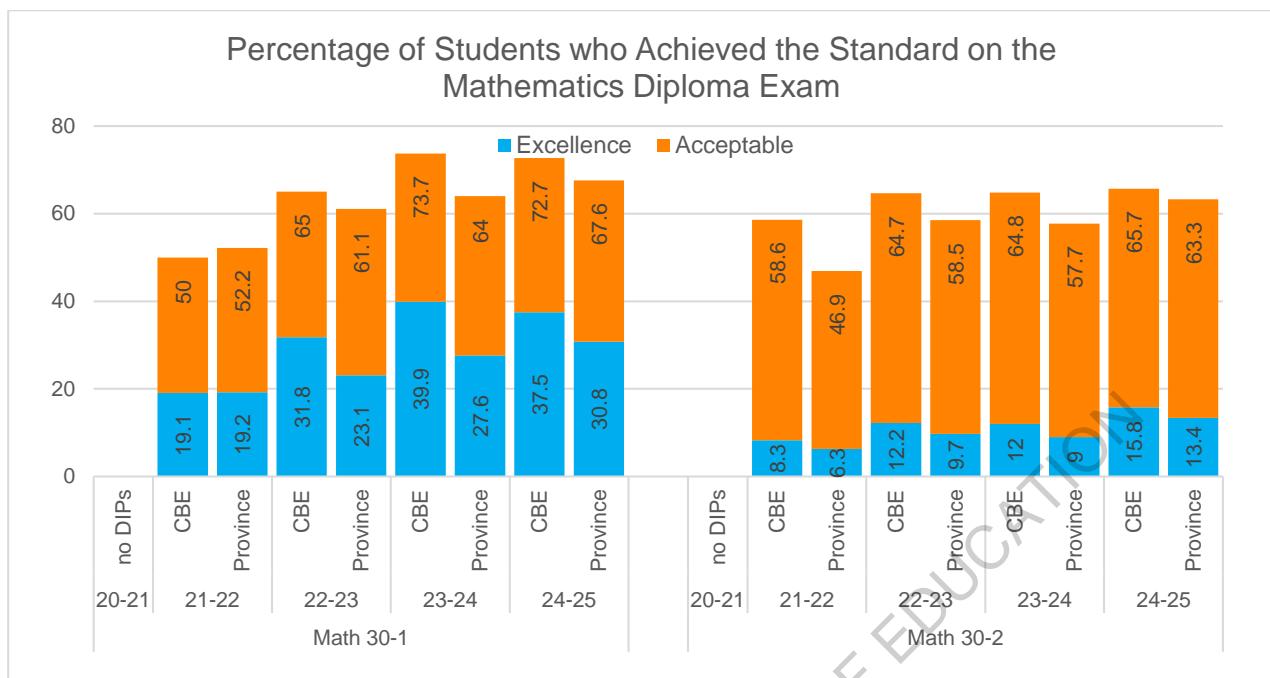

**Note |** 2024-25 is the first year of a new test that reflects the 2023 curriculum.

**B. Percentage of English as an Additional Language Learners who achieved the standards on Diploma Examinations**

#### Analysis of Cohort

The range students in this cohort who wrote English Language Arts and Mathematics provincial assessments were as follows:

- K&E PATs: 10 to 11
- Non-K&E PATs: 2962 to 2963
- Diploma Examinations: 463 to 949

Small cohorts are susceptible to changes in the composition of the cohort. In these groups, there will be more fluctuations year over year. As such, caution must be used in interpreting these results.

In 2024-25, CBE's English as an Additional Language Learners cohort achieved lower results in the Acceptable Standard compared to provincial results on both English Language Arts and Mathematics except for the new Mathematics 6 PAT test. CBE outperformed the province in Mathematics 6 (new) and Mathematics 9 Standard of Excellence results.

Year-over-year declines were uniformly observed for both standards in English Language Arts 9 and Mathematics 9.

For both English Language Arts and Mathematics, CBE's English as an Additional Language Learners continued to achieve better diploma examination results compared to the province at the Acceptable Standard. Moreover, CBE also achieved higher Standard of Excellence performances in Mathematics 30-1 and Mathematics 30-2.

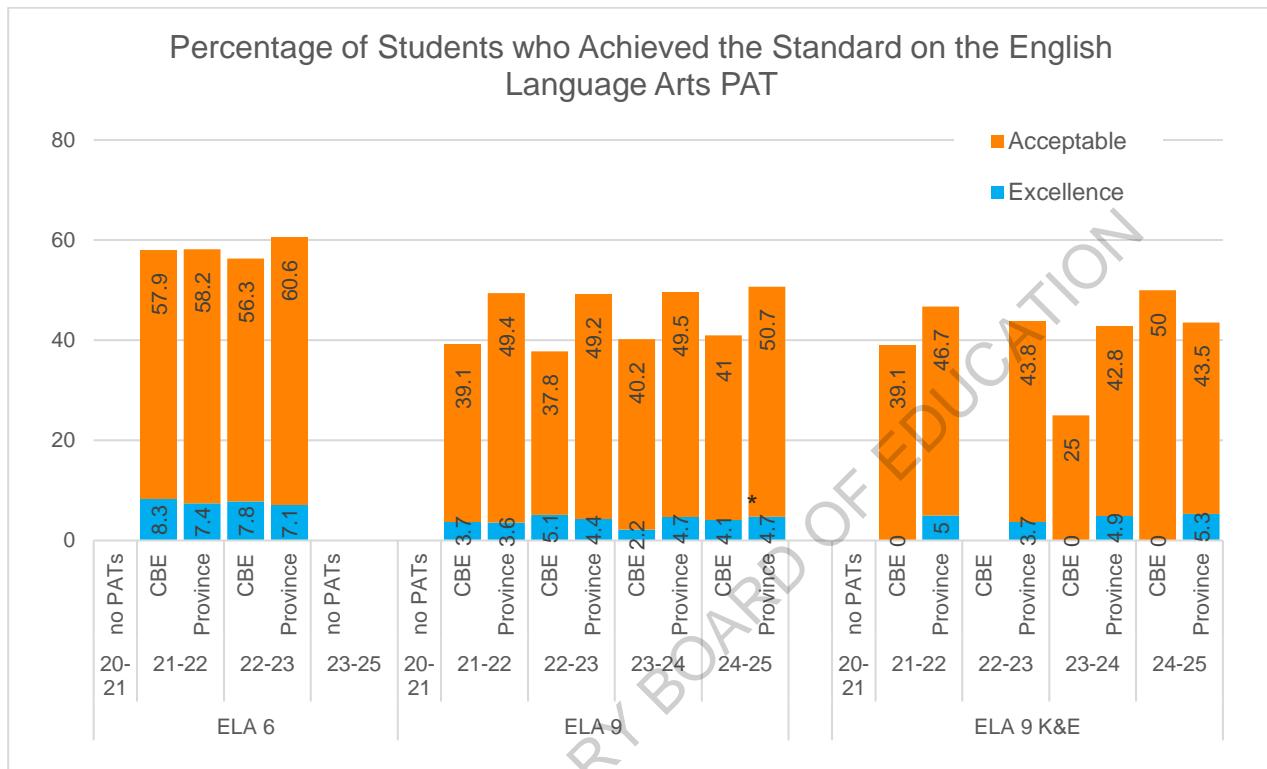

It is notable that CBE achieved year-over-year improvements at both standards in English Language Arts 30-1 and Mathematics 30-2 in 2024-25 school year.

When compared to the corresponding previous three-year averages, the 2024-25 diploma results at both standards were not significantly different from before.

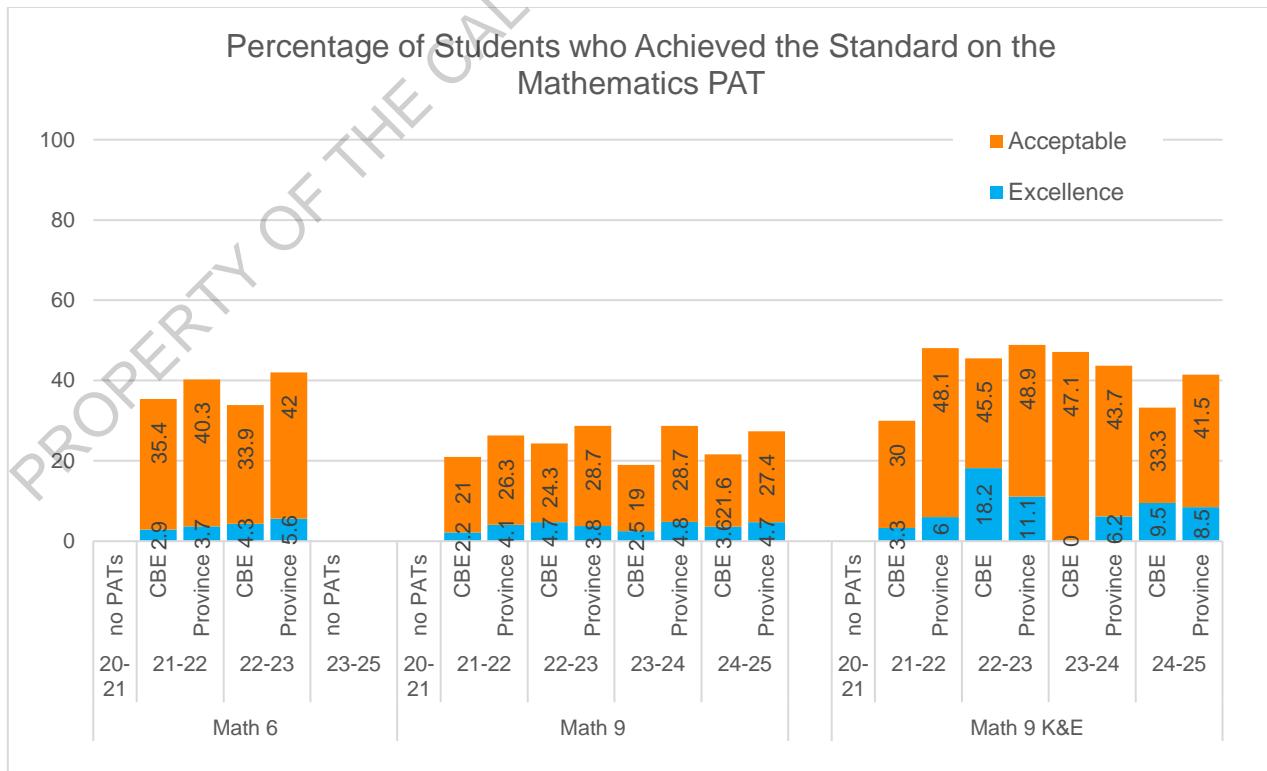

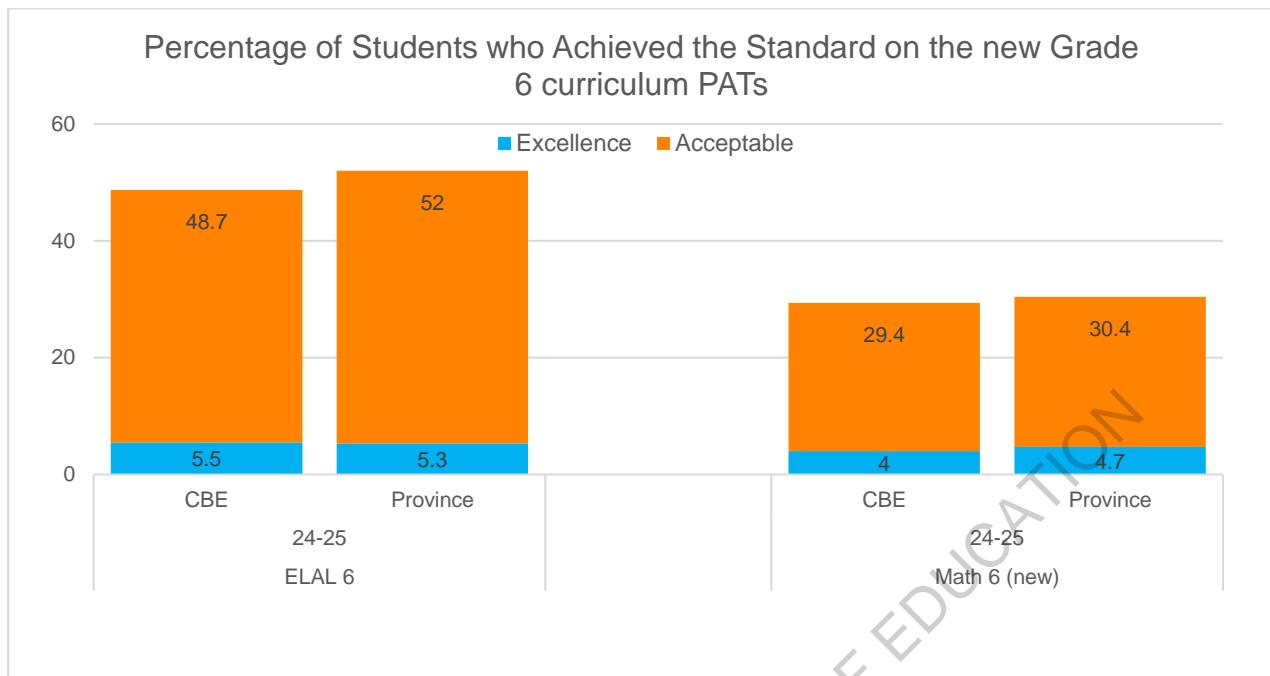

### 3.3 Students who Self-Identify as Indigenous

A. Percentage of Students who Self-Identify as Indigenous who achieved the standards on Provincial Achievement Tests

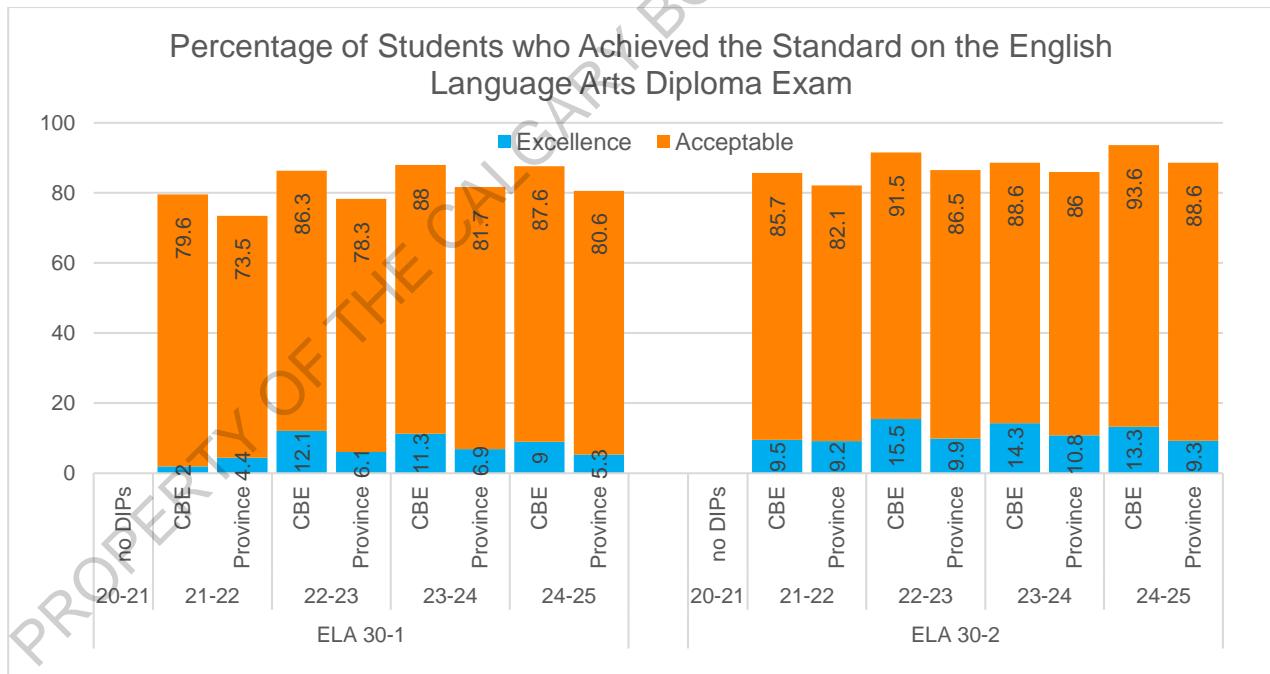

**Note |** \*Data values have been suppressed where the number of respondents/students is fewer than 6.

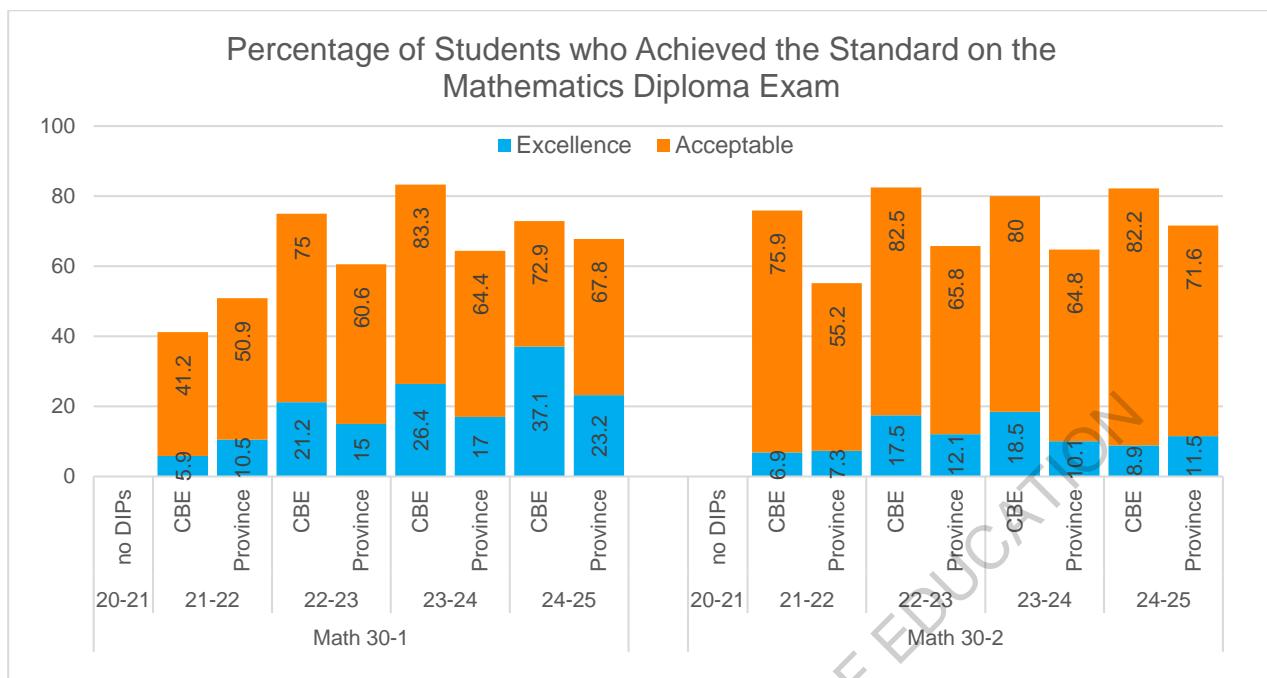

**Note |** 2024-25 is the first year of a new test that reflects the 2023 curriculum.

**B. Percentage of Students who Self-Identify as Indigenous who achieved the standards on Diploma Examinations**

#### Analysis of Cohort

The range students in this cohort who wrote English Language Arts and Mathematics provincial assessments were as follows:

- K&E PATs: 12 to 21
- Non-K&E PATs: 450 to 459
- Diploma Examinations: 70 to 203

Small cohorts are susceptible to changes in the composition of the cohort. In these groups, there will be more fluctuations year over year. As such, caution must be used in interpreting these results.

For Students who Self-identify as Indigenous cohort, CBE students achieved lower results in both standards across Mathematics 6 (new), Mathematics 9 and English Language Arts 9 PAT's than provincial results in 2024-25. However, for Mathematics 9 the gaps between CBE and province became smaller in 2024-25 as compared to last year's results.

In 2024-25, year-over-year improvements were observed on both standards in English Language Arts 9 and Mathematics 9

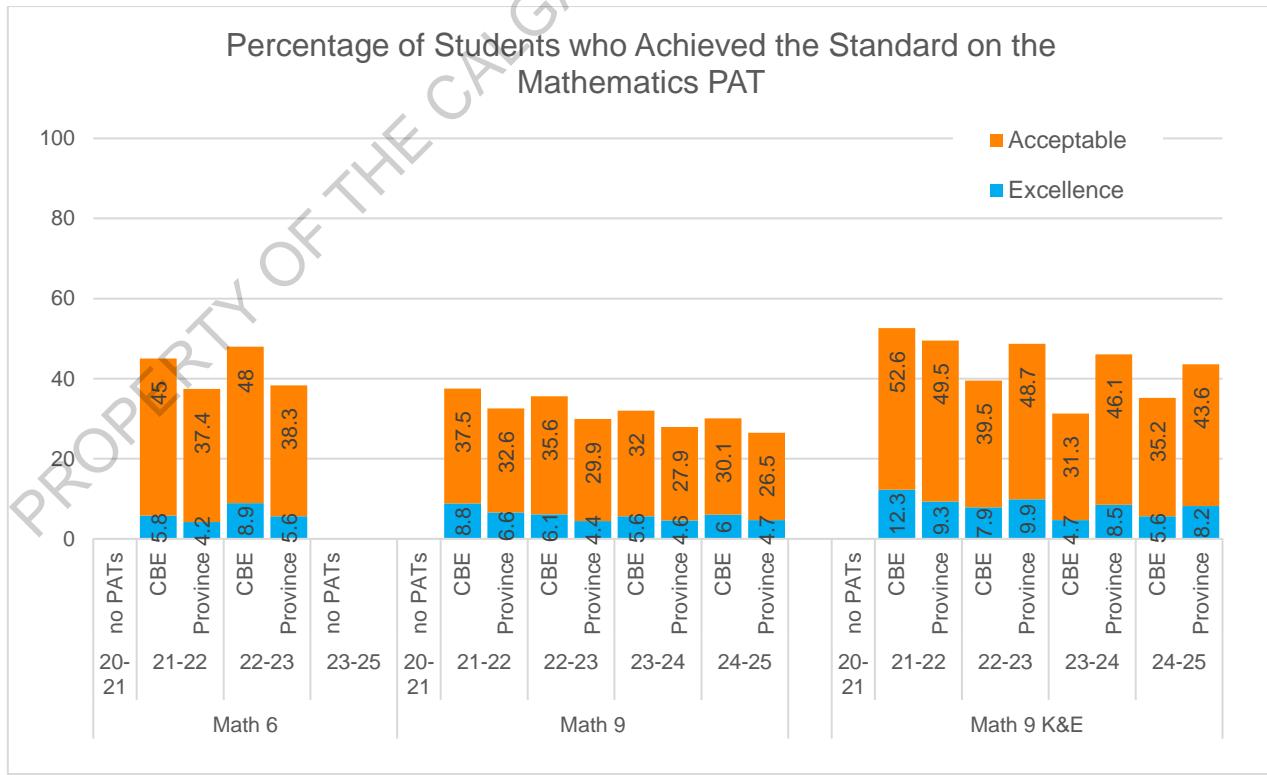

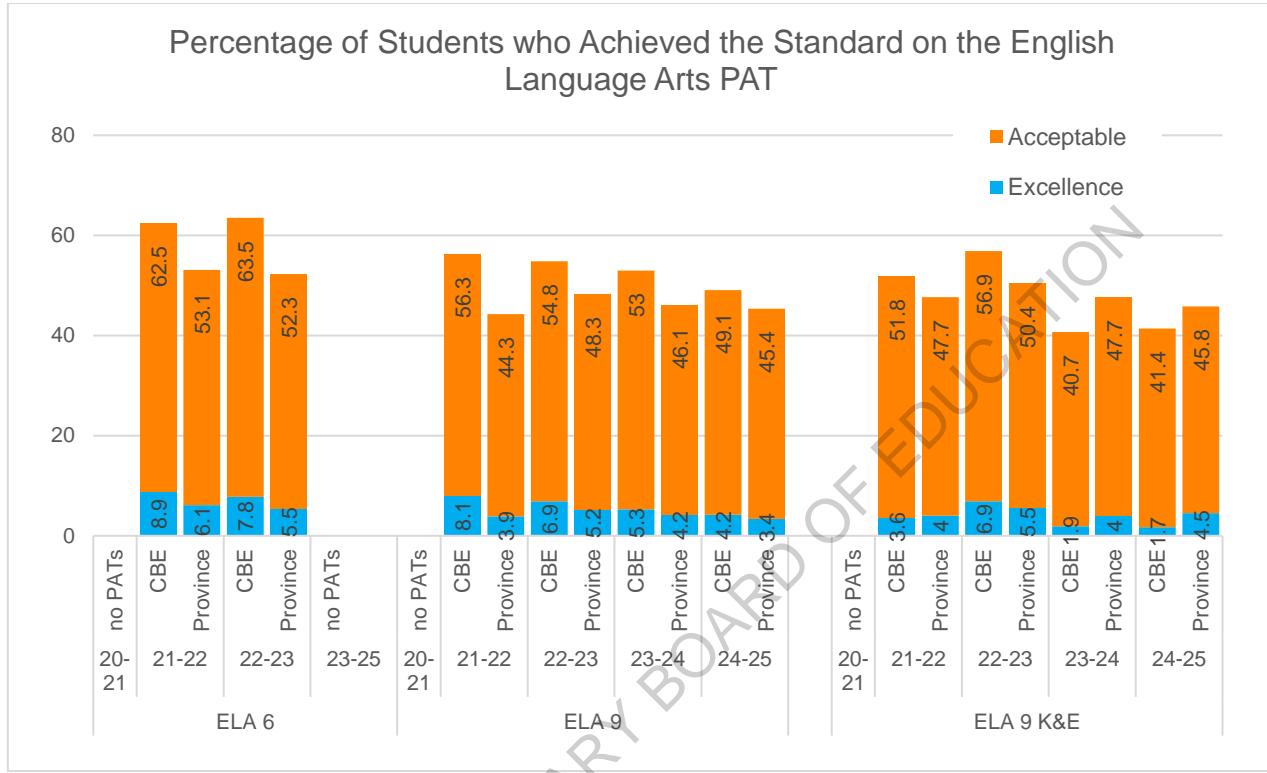

CBE Students who Self-Identify as Indigenous cohort consistently achieved higher diploma examination results than the corresponding provincial results across all four exams at the Acceptable Standard in 2024-25, the gap was the most evident in Mathematics 30-2. Moreover, CBE also outperformed their provincial counterparts at the Standard of Excellence results in both English Language Arts exams and Mathematics 30-1.

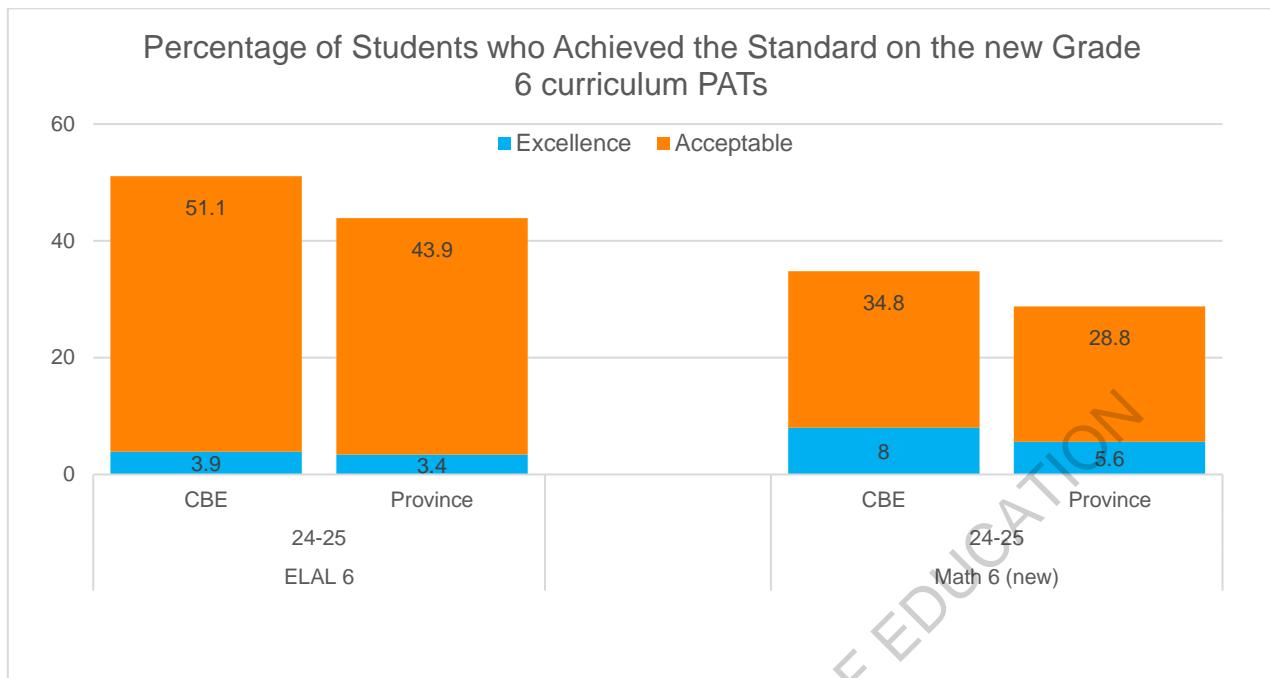

Year-over-year increases were observed for diploma dash two exams at the Acceptable Standard as well as for Mathematics 30-1 at the standard of excellence. When compared to the previous three-year averages, CBE's Students who Self-Identify as Indigenous cohort did not have significantly different results in 2024-25 school year.

### 3.4 Students with Identified Special Education Needs

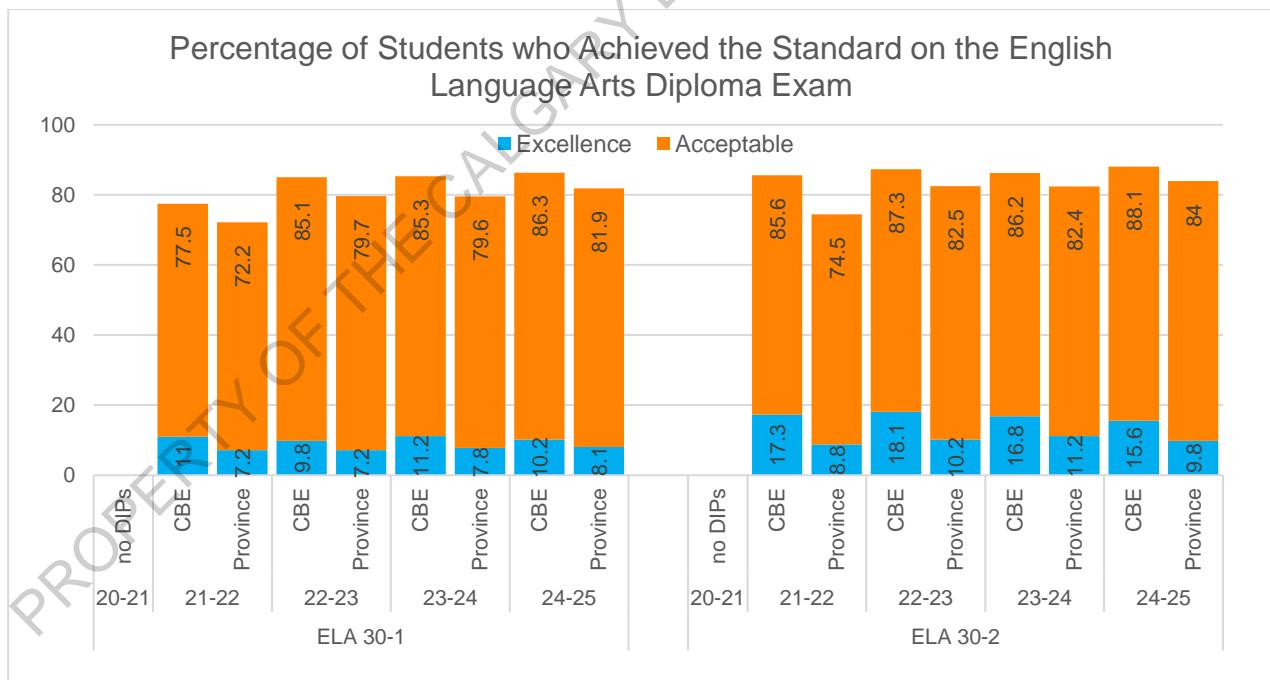

A. Percentage of Students with Identified Special Education Needs who achieved the standards on Provincial Achievement Tests

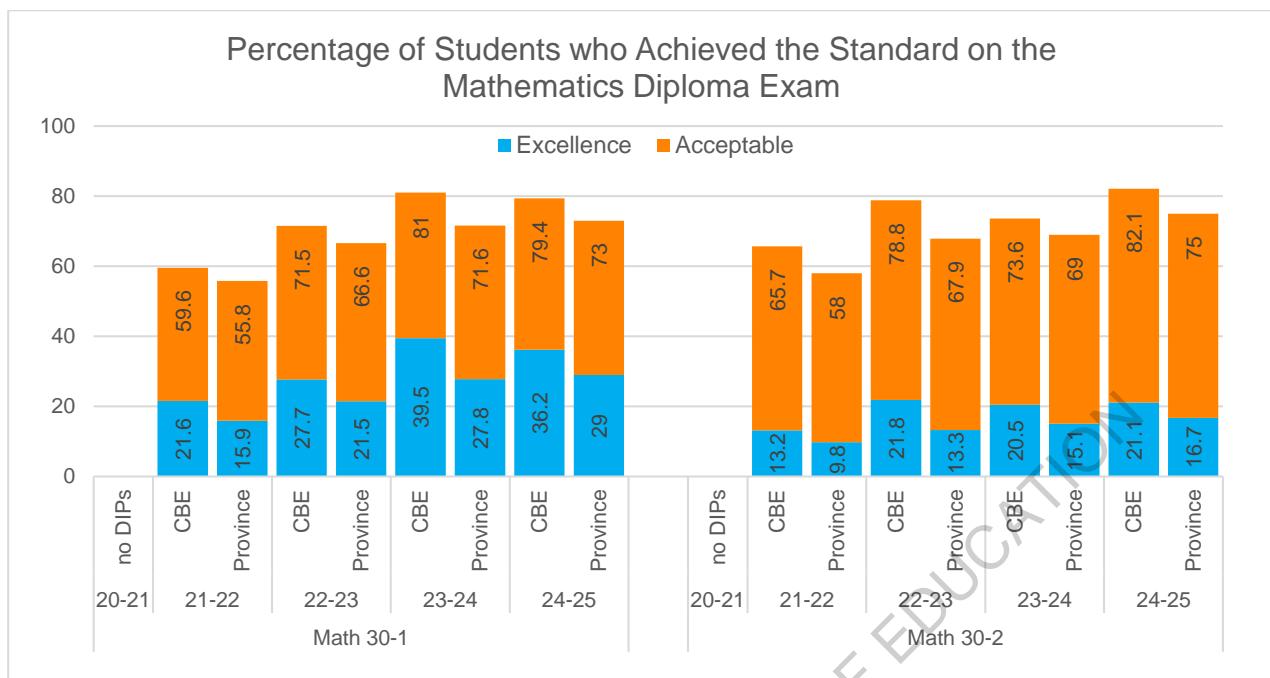

**Note |** 2024-25 is the first year of a new test that reflects the 2023 curriculum.

B. Percentage of Students with Identified Special Education Needs who achieved the standards on Diploma Examinations

#### Analysis of Cohort

The range of students in this cohort who wrote English Language Arts and Mathematics provincial assessments were as follows:

- K&E PATs: 58 to 71
- Non-K&E PATs: 2228 to 2241
- Diploma Examinations: 596 to 1174

Small cohorts are susceptible to changes in the composition of the cohort. In these groups, there will be more fluctuations year over year. As such, caution must be used in interpreting these results.

Similar to previous years, CBE's Students with Identified Special Education Needs cohort consistently achieved stronger PAT results than the province in non-K&E English Language Arts and Mathematics at both standards. Moreover, year-over-year improvement was observed for Mathematics 9 Standard of Excellence results in 2024-25 school year. When compared to the previous three-year average PAT results, CBE had significantly lower percentages of students in this cohort achieving Acceptable Standard for both English Language Arts 9 and Mathematics 9 in 2024-25.

Over the past four years, this cohort consistently achieved stronger diploma examination results than the province across all four diploma examinations at both standards.

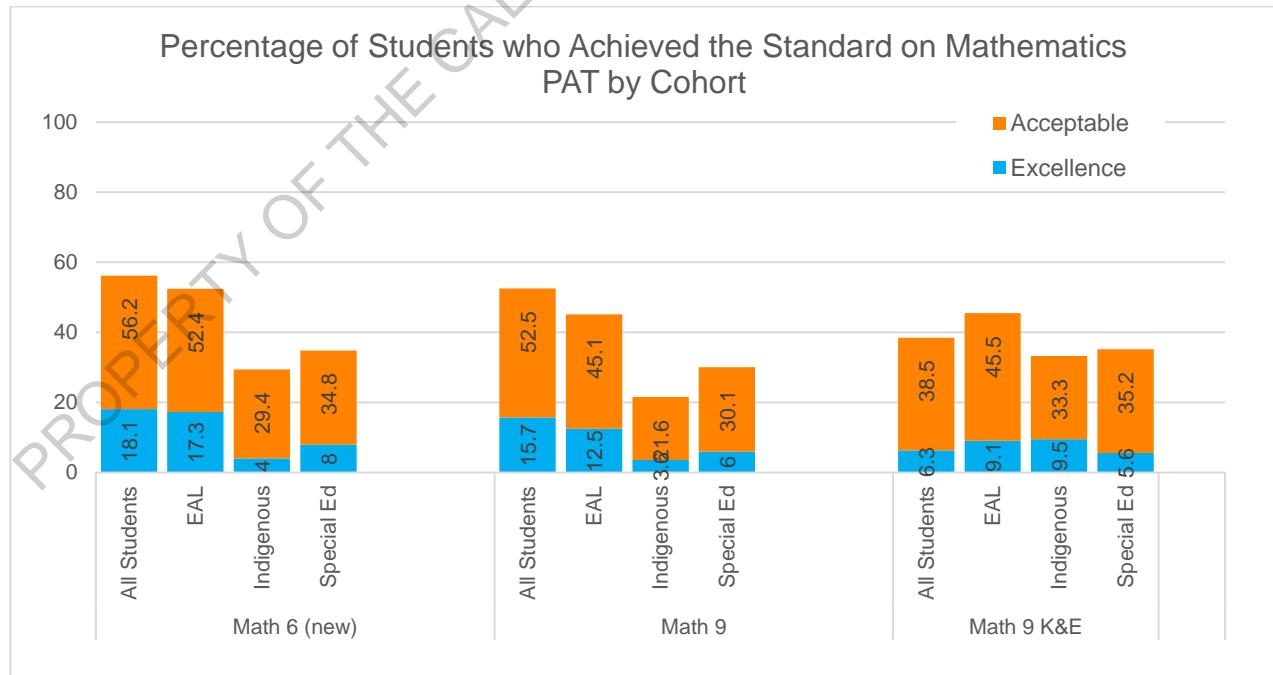

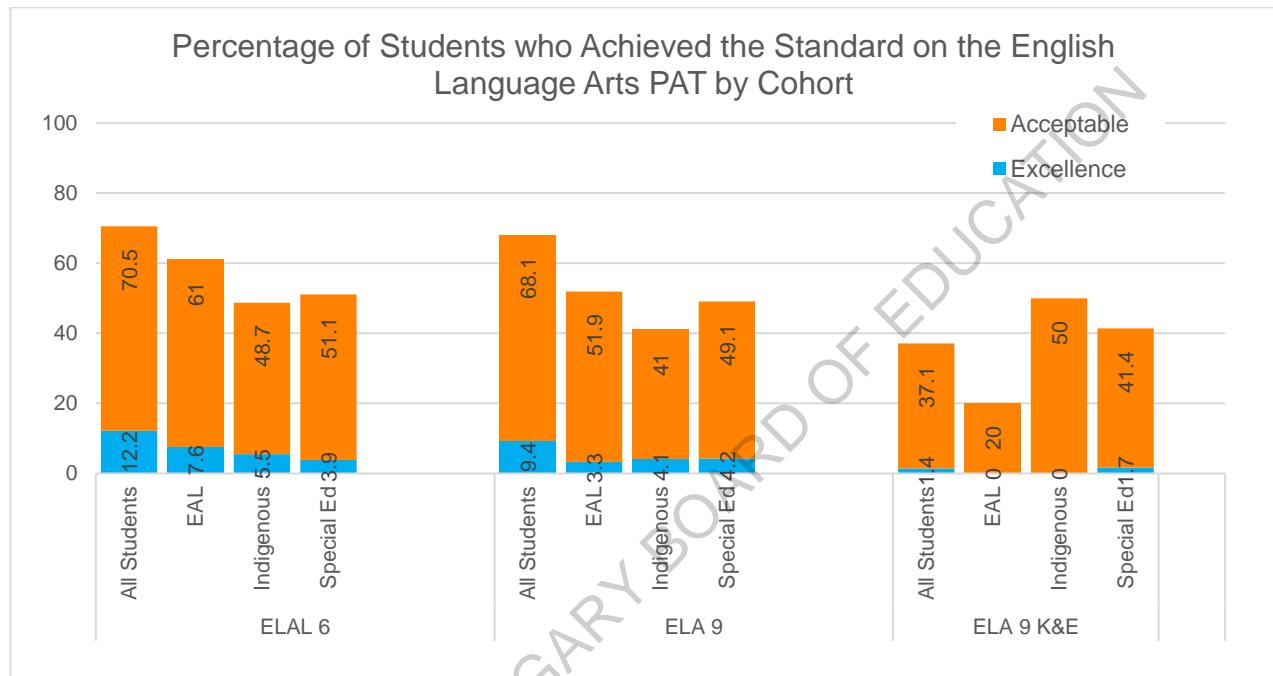

In 2024-25 school year, except for Mathematics 30-1, the CBE Students with Identified Special Education Needs cohort showed year-over-year increases in the Acceptable Standard across English Language Arts and Mathematics diploma exams. Moreover, CBE student cohort achieved improved results in Mathematics 30-2 at the Standard of Excellence in 2024-25.

In comparison to the previous three-year averages, CBE's Students with Identified Special Education Needs cohort achieved statistically significant higher Acceptable Standard results in Mathematics 30-2.

#### ▪ Targets for 2024-25

No targets were set for 2024-25 school year.

#### ▪ Interpretation

**Note |** Direct comparisons between report card and provincial achievement results require careful consideration and contextualization prior to drawing conclusions or attempting to draw parallels between these different sources of student learning data. Provincial assessments span as many of the learning outcomes in the programs of study as are possible within the parameters of the provincial assessment format. As such, there are learning outcomes not

assessed on PATs or diploma examinations that still inform report card grades. Examples include assessment data for outcomes related to skills such as listening, speaking and the front matter (i.e., values, attitudes, skills, processes) of the curriculum, which can only be assessed in a classroom environment. That said, opportunities for triangulation between these sources support CBE in identifying at a high-levels key.

Diploma exam results in 2024–25 exceeded provincial averages across all English Language Arts and Mathematics courses at the Acceptable Standard, except English Language Arts 30-2. Compared to the previous three-year averages, CBE students achieved significantly higher Acceptable Standard results in both Mathematics exams, with nearly half earning the Standard of Excellence in Math 30-1 and over 20 per cent in Math 30-2. Division 4 report card data also improved from 2023–24 to 2024–25 in both subjects for most cohorts, with notable gains for Indigenous students and those with special education needs, though the English as an Additional Language Learner cohort did not show similar growth.

As a whole, these improvements may be the result of a divisional focus on outcome-based assessment (OBA), system coherence, and calibration of student samples. This approach focuses on mastery of specific learning outcomes rather than just overall scores, providing greater transparency by linking assessments directly to curriculum goals and standards. It supports personalized learning through targeted feedback and remediation for particular outcomes, and it encourages a growth mindset by framing learning as an ongoing progression toward mastery. The impact of these strategies is particularly evident among students who Self-Identify as Indigenous and Students with Identified Special Education Needs.

Students who Self-Identify as Indigenous achieved results above the provincial average at the acceptable and excellence standard for Mathematic 30-1, English Language Arts 30-1 and 30-2 exams. More than 93 per cent of CBE Students who Self-Identify as Indigenous achieved Acceptable Standard results in English Language Arts 30-2. The achievement gap between All Student cohort and Students who Self-Identify as Indigenous continues to narrow in these courses. These improvements suggest that the systemic focus on the implementation of the Indigenous Education Holistic Lifelong Learning Framework (IEHLLF), targeted professional learning and assessment alignment may have contributed to greater equity for Indigenous learners and improved outcomes for historically underserved cohorts of students. The framework takes a holistic approach, nurturing academic success alongside emotional, cultural, and identity factors essential to lifelong learning

English as an Additional Language cohort in Division 4 saw decreases in report cards means in English Language Arts and Mathematics. While the declines were not statistically significant compared to the 3-year average, it highlights an area for continued focus, differentiated supports and monitoring. English as an Additional Language cohort Grade 9 PAT results for English Language Arts declined from the previous year and are lower than the province. Declines in Grade 9 English Language Arts and Mathematics Provincial Achievement Tests alongside the lower report card means suggest many English as an Additional Language cohort students may not be accessing grade-level text and task demands, despite stronger diploma results. This points to a need for earlier, explicit language and disciplinary literacy support in Mathematics and English Language Arts. While English as an Additional Language students in Division 1 declined compared to last year, students achieved higher report card means than Division 2 and 3 students. This could largely be attributed to the highly oral nature

of early learning environments, and where systematic reading instruction focuses on learning to read rather than reading to learn.

All Students and Students with Identified Special Education Needs cohorts exceeded the province for both Mathematics 6 and Mathematics 9 at the acceptable and excellence standard. In Knowledge and Employability (K&E) Mathematics 9, most cohorts improved compared to last year, except for Students who Self-Identify as Indigenous cohort. These gains suggest targeted support from K&E specialists may be supporting student achievement. Overall, Students with Special Education Needs, English as an Additional Language Learners, and Students who Self-Identify as Indigenous cohorts level of achievement at both standards remain low and well below the All Students cohort. It is important to note however that standardized tests also do not fully reflect holistic approaches that benefit Indigenous learners.

Overall, PAT achievement in Mathematics are consistently lower than English Language Arts, likely due to gaps in foundational skills that were missed during transition years between the new and old curriculum, which was implemented for Division 1 students in 2022-23 and expanded to Division 2 in 2023-24. These gaps may have also been magnified by lingering effects of COVID-19 learning loss. Mathematic concepts generally build upon each other. As the students progress through grades, the gaps due to missing content widen and compound. Literacy and Mathematics specialists are working to provide individualized support for data-informed instruction, assessment, and intervention planning. As the gaps in numeracy persist, consistent use of the Mathematics Equity and Identity Guide will help close achievement gaps and ensure inclusive practices across the system.

English Language Arts Writing report card stem continued to show the lowest averaged percentage of students achieving excellence (indicator of 4) across all grades in 2024-25. In particular, Division 1 and 2 results have shown decreased strength, particularly in writing and mathematics. Over time, report card means have declined, and the percentage of students achieving “at or above grade level” in key stems has decreased, although not statistically significant compared to the three-year average. This decrease could be attributed to the developing nature of applying evidence-based practices in early literacy and writing, and system-wide processes for leveraging data and implementing interventions. As these skills are in development, there may be less consistency in the use of explicit strategies in writing instruction across grades. In addition, assessment calibration for English as an Additional Language Learners and Students with Identified Special Education Needs is not yet consistent, which can impact equitable evaluation. Teachers may require deeper understanding of evidence-based practices in early literacy and writing, and system-wide processes for leveraging data and implementing interventions are still developing.

To provide a more comprehensive interpretation of data in support of next steps, [Appendix III](#) results were examined. The percentage of the All Students cohort receiving an indicator of 1 or achieving a mark that was below 50 per cent was used for analysis purposes.

## ▪ **Celebrate**

### ▪ **Division 4 students:**

- Division 4 students achieved higher report card means for both subjects from 2023-24 to 2024-25 across all cohorts except for English as an Additional Language Learners cohort.

- For Students who Self-Identify as Indigenous cohort and Students with Identified Special Education Needs cohort, notable improvements in both subjects for Division 4 students when compared to the previous three-year average results.
- More than 80 per cent of Division 4 students achieved a final mark of 65 or higher in English Language Arts 10-1 and 20-1.
- **Students who Self-Identify as Indigenous cohort:**
  - In Division 2 and 4, the Students who Self-Identify as Indigenous cohort achieved higher report card means for both subjects in 2024-25 when compared to 2023-24 results.
  - Division 3 and 4 students achieved continued growth in their English Language Arts report card scores over the last four years.
  - Diploma examination results were above provincial results for this cohort across all English Language Arts and Mathematics courses at the Acceptable Standard
  - More than 93 per cent of CBE Students who Self-Identify as Indigenous achieved Acceptable Standard results in English Language Arts 30-2.
- **Mathematics:**
  - In All Students cohort, almost half of the CBE students achieved Standard of Excellence in Mathematics 30-1 and more than 20 per cent of the CBE students met the Standard of Excellence in Mathematics 30-2.
  - When compared to the previous three-year averages, CBE All Students cohort achieved statistically significant higher Acceptable Standard results on both Mathematics diploma exams in 2024-25 school year.
- **Areas for Growth**
  - Improve average scores in both Mathematics and English Language Arts for English as an Additional Language Learners across all divisions.
  - Improve average scores in both Mathematics and English Language Arts for Division 1 students across all cohorts.
  - Improve the number of students achieving a final mark of 65 per cent or higher in dash 2, dash 3 and dash 4 English Language Arts and Mathematics courses.
- **Writing:**
  - Higher percentage of students received a report grade indicator of 1 in writing than did in reading, suggesting a focus on improving writing.
  - English Language Arts Writing report card stem continued to show the lowest averaged percentage of students achieving excellence (indicator of 4) across all grades in 2024-25.
  - Similar to last year results, percentage of students achieving excellence in the Writing report card stem generally improved as grade level increased, suggesting a possible priority to improve achievement in writing for Division 1 students.
- **Mathematics:**
  - Except for Students who Self-Identify as Indigenous cohort, CBE had significantly lower percentages of students achieving Acceptable Standard for Mathematics 9 in 2024-25 school year across all other cohorts of students.

## ▪ **Building Capacity**

The following is the list of next steps based on the analysis.

### Professional Learning

- Provide an Early Learning professional learning series supporting all elementary schools through a champion model where Learning Leaders (LLs) attend monthly Professional Learning to support literacy assessment, instruction, and intervention.
- Focus professional learning on Early Years foundational writing skills.
- Support a Writing Network to provide K–12 professional learning on explicit writing instruction and grade-level assessment calibration.
- Middle Years leaders' PL on designing and implementing interventions (e.g. reading).
- High school leaders' PL on leading OBA implementation and task-design work.
- Support K–6 Assessment Working Groups in calibration using ELAL & Math outcomes and AI-generated rubrics.
- Develop new K–9 mathematics diagnostic assessments
- Improve Reading for Older Students (IROS) modules support Grades 4–12 teachers in scaffolding instruction, designing interventions, and supporting striving readers (modules include: Foundations of Reading, Word Recognition, Vocabulary & Knowledge Building, Reading Comprehension).
- Build mathematics fluency (efficiency, flexibility, accuracy) strategy-based instruction for procedural fluency.
- Provide professional learning opportunities for teachers on high-impact strategies for supporting English as an Additional Language (EAL) learners in Mathematics and English Language Arts. Emphasize scaffolding techniques, academic language development, and integration of language objectives within content instruction.
- Provide professional learning to support student regulation (provided by Occupational Therapist (OT) and Behaviour Mental Health (BMH) Specialists), which results in less student interruption in class and learning.
- Provide session for supporting students with learning disabilities in reading and writing including writing Individualized Program Plans (IPPs).

### Structures and Processes

- Further expand the Early Years Assessment Intervention Initiative to include more schools focusing on providing literacy and numeracy intervention to students with identified needs.
- Deploy the Early Learning Team and SILLs to support 30 at-risk schools with literacy assessment and intervention.
- Continue to expand the use of Acadience Reading K-6.
- Implement a regular cycle of EAL student data analysis to monitor progress in Mathematics and ELA. Use these reviews to identify emerging gaps early and inform timely instructional interventions.
- Update and share Assessing Student Learning Insite page processes and procedures for calibration of student learning evidence, learning outcomes and system rubrics.
- Develop system rubrics for ELA 10-1, 10-2, and 10-4 to support teacher planning and assessment within outcomes-based courses and to serve as a tool to guide learning conversations with students and parents.

- Continue to support calibration of writing through the writing network, HLAT, and working groups.
- Develop and share K-10 System rubrics will help support coherence in writing assessment.
- Develop and share K-9 system rubrics to support calibration and coherent assessment.
- Provide continued opportunities for credit recovery and rescue.
- Enable cross-team literacy collaboration (Inclusive Education, Indigenous Education, Well-Being, Diversity and Inclusion).
- Continue to build formal partnerships to support Indigenous students and families.
- Support for the development of a better understanding of the contexts through which Indigenous students are finding most success (such as alternative programs like Discovering Choices, CBe-learn) and finding ways to improve access to these opportunities/supports.
- Explore possible correlation between barriers (lack of access to timely assessments, appropriate program placement, streaming, resources & supports) and Indigenous students leaving school before high school.
- Expand Instructional Coaching Partnerships.
- Enhance the instructional coaching model by pairing EAL strategists with classroom teachers.
- Facilitate collaborative planning, co-teaching, and modeling of effective strategies to strengthen classroom practice and improve student outcomes.

## Resources

- Increase Indigenous student access to Indigenized learning spaces throughout the CBE to support holistic learning.
- Update and share Literacy and Mathematics Framework Enhancements to reflect current research and system priorities in K–12 instruction and assessment.
- Update ELAL K–3 Scope and Sequence and new ELAL Grade 4–6 Scope and Sequence.
- Update Literacy Interventions Guide (Grades 4–9).
- Share Reading Assessment Tools such as the updated Reading Assessment Decision Tree which now includes whole-class screeners for Grade 10, additional screeners and diagnostics for Grades 11–12, recommendations for grade-level instructional priorities, and guidelines for screening processes.
- Share Reading Data Tracker, now with an updated RAD Data Tracker with grade-specific tabs, integrated benchmark expectations, expanded guidance, and a comprehensive “How-to Guide” to support consistent monitoring of reading progress from Grades 4–12.
- Share Understanding Reading Guide to support adolescent literacy and evidence-based instructional guidelines for components of reading.
- Develop curriculum-aligned system rubrics for high-school ELA 10-1, 10-2, and 10-4 and Mathematics 10C, 10-3, and 10-4 to support outcomes-based task design and assessment.
- Continue to refine and promote the Mathematics Equity and Identity Guide and disciplinary literacy resources in mathematics, with attention to EAL learners and Students who Self-Identify as Indigenous.

- Produce Quick Byte video and flat sheet library for Mathematics Fluency Foundations and Reasoning Strategies
- Develop and share high-quality rubrics for K-6 learning outcomes in English Language Arts and Literature (ELAL) and Math
- Produce on-demand Calibration Protocol Videos,
- Develop and share system rubrics for Grades 7-10 learning outcomes in Math and English Language Arts (ELA).

#### ▪ **Analysis of Cohort**

For the All Students cohort, Division 4 students continued to see results at or above 80 over time across all years in CTS, Fine and Performing Arts, Languages and Physical Education (except 2020-21). Meanwhile, results in French Language Arts remained in the high 70s over the previous five years.

When compared to 2023-24 results, most division results showed decreased means in 2024-25 results. Among divisions 1 to 3, the most notable decline was 0.07 percentage point drop for Division 1 students in French Language Arts. Moreover, in Physical Education, Division 1 to 3 students all showed continued decreases in report card means over time. For Division 4 students, the most noticeable decline was a 1.2 percentage point decrease in French Language Arts, the drop was not statistically significant.

Meanwhile, continued year-over-year improvements were observed for Division 3 students in Fine and Performing Arts and Division 4 students in Science for two consecutive years. When compared to 2023-24 school year results, there were some increases observed in 2024-25:

- Languages in Divisions 1 and 2
- Fine and Performing Arts, French Language Arts, Social Studies in Division 3
- CTS, Fine and Performing Arts, Physical Education, Science in Division 4

In addition, Division 4 students achieved statistically significant improvements in their Physical Education report card scores in 2024-25 school year.

#### ▪ **Analysis of Cohort**

The number of students in this cohort who were enrolled in Career & Technology Foundations/Studies (CTF/CTS), Fine and Performing Arts (FPA), French Language Arts, Languages, Physical Education, Science and Social Studies (with Indicator 1, 2, 3 and 4) were as follows:

- Division 1: 117 to 12288
- Division 2: 259 to 12138
- Division 3: 342 to 10245
- Division 4: 65 to 6313

Notably, Division 4 students in this cohort kept above 80s average results since 2020-21 while demonstrated a 79.1 average score in 2024-25 school year in Languages, showing a notable 3.1 percentage point year-over-year drop from 2023-24 school year. The drop was not statistically significant.

Similar to All Students cohort, most division results showed decreased year-over-year means in 2024-25. Moreover, in Physical Education, Science, and Social Studies, continued drops were observed across divisions 1 to 3 over time. In the meanwhile, continuous increases could be observed for Division 3 students in Fine and Performing Arts and Division 4 students in Science. Other increases in 2024-25 were:

- Languages in Division 1 and 2
- Fine and Performing Arts and French Language Arts in Division 3
- CTS, Fine and Performing Arts, Physical Education, Science in Division 4

In comparison to the previous three-year average results, there were no statistically significant changes, however, when compared to 2023-24 results, the improvement in Physical Education and the decrease in Social Studies for Division 4 students were notable.

#### ▪ **Analysis of Cohort**

The number of students in this cohort who were enrolled in Career & Technology Foundations/Studies (CTF/CTS), Fine and Performing Arts (FPA), French Language Arts, Languages, Physical Education, Science and Social Studies (with Indicator 1, 2, 3 and 4) were as follows:

- Division 1: 67 to 1353
- Division 2: 62 to 1350
- Division 3: 64 to 1180
- Division 4: 53 to 1243

Except for French Language Arts, Division 4 students achieved year-over-year improvements in their report card means across all subjects in 2024-25 school year. Moreover, continued increases were observed in Division 4 Fine and Performing Arts results over the past five years.

In Fine and Performing Arts, Science, and Social Studies, Division 1 students in this cohort showed year-over-year decreases while students in other divisions consistently showed maintained or improved report card means in 2024-25 school year. Moreover, all divisions achieved maintained or improved Physical Education results in 2024-25.

When compared to 2023-24 school year, Division 3 students showed the only decreased results in CTF and Languages while other divisions achieved improvements. In the meanwhile, Division 3 students demonstrated the only increased results in French Language Arts while students in other divisions showed declines in 2024-25 school year.

In addition, as compared to the previous three-year average performances, Division 4 students in this cohort achieved statistically notable improvements in Physical Education report card means.

## Analysis of Cohort

The number of students in this cohort who were enrolled in Career & Technology Foundations/Studies (CTF/CTS), Fine and Performing Arts (FPA), French Language Arts, Languages, Physical Education, Science and Social Studies (with Indicator 1, 2, 3 and 4) were as follows:

- Division 1: 244 to 4133
- Division 2: 314 to 5219
- Division 3: 420 to 5875
- Division 4: 301 to 6710

Division 4 students in this cohort kept above 70 average scores across all years in CTS, Fine and Performing Arts, French Language Arts, Languages and Physical Education. Moreover, year-over-year increases were consistently observed across different subjects except for French Language Arts and Languages in 2024-25.

Among Divisions 1 to 3, only Division 1 students achieved continuous growth in Languages since 2022-23. As compared to 2023-24 results, increases across divisions 1 to 3 were observed in:

- Languages and Physical Education for Division 1
- Languages for Division 2
- French Language Arts, Physical Education, and Social Studies for Division 3

In comparison to the previous three-year average results, Division 4 students showed statistically notable improvements in Physical Education, Science, and Social Studies in 2024-25 school year.

### 5.1 All Students

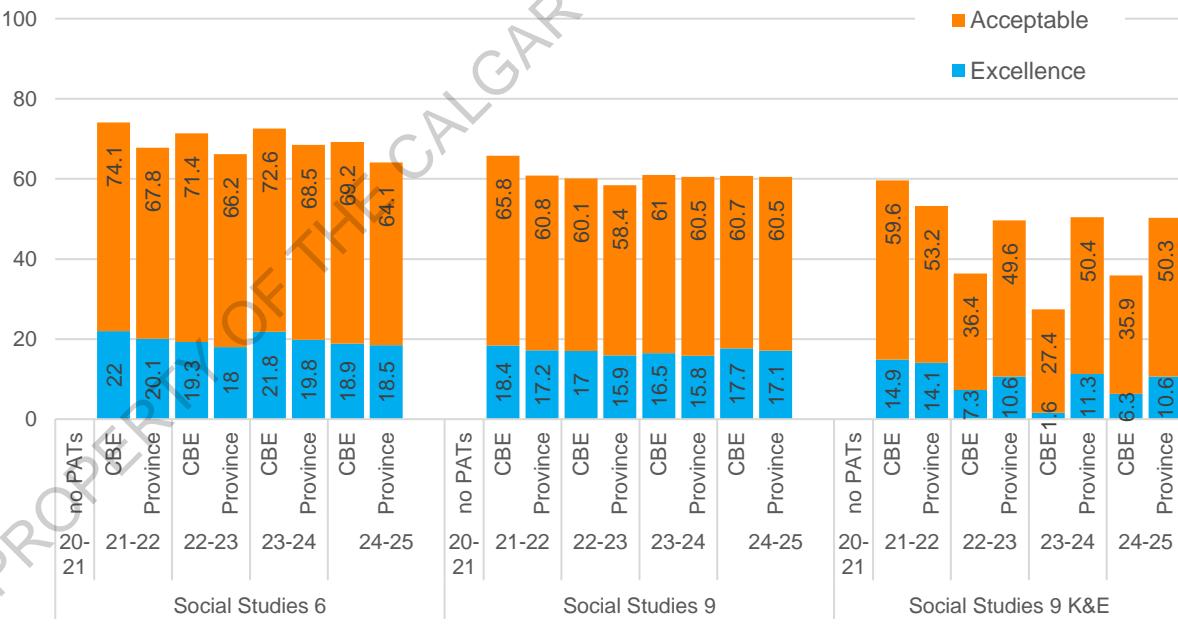

#### A. Percentage of All Students who achieved the standards on Provincial Achievement Tests

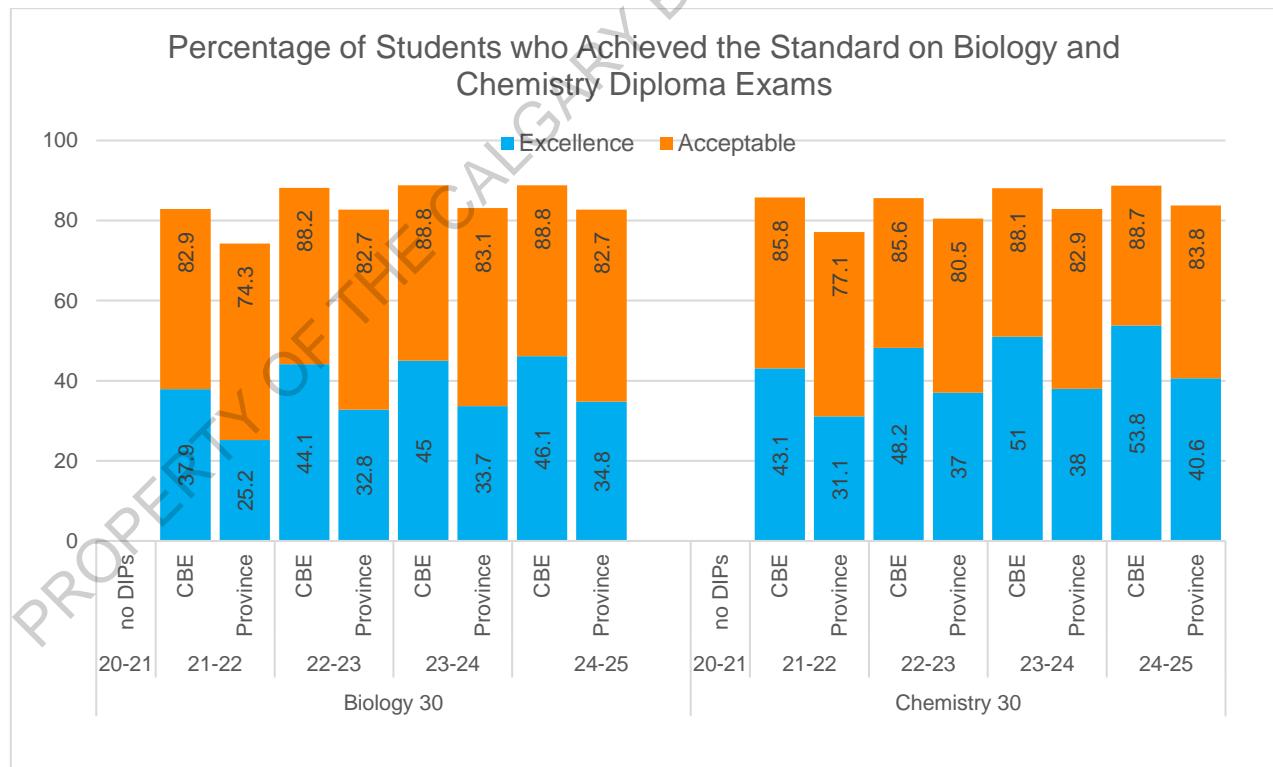

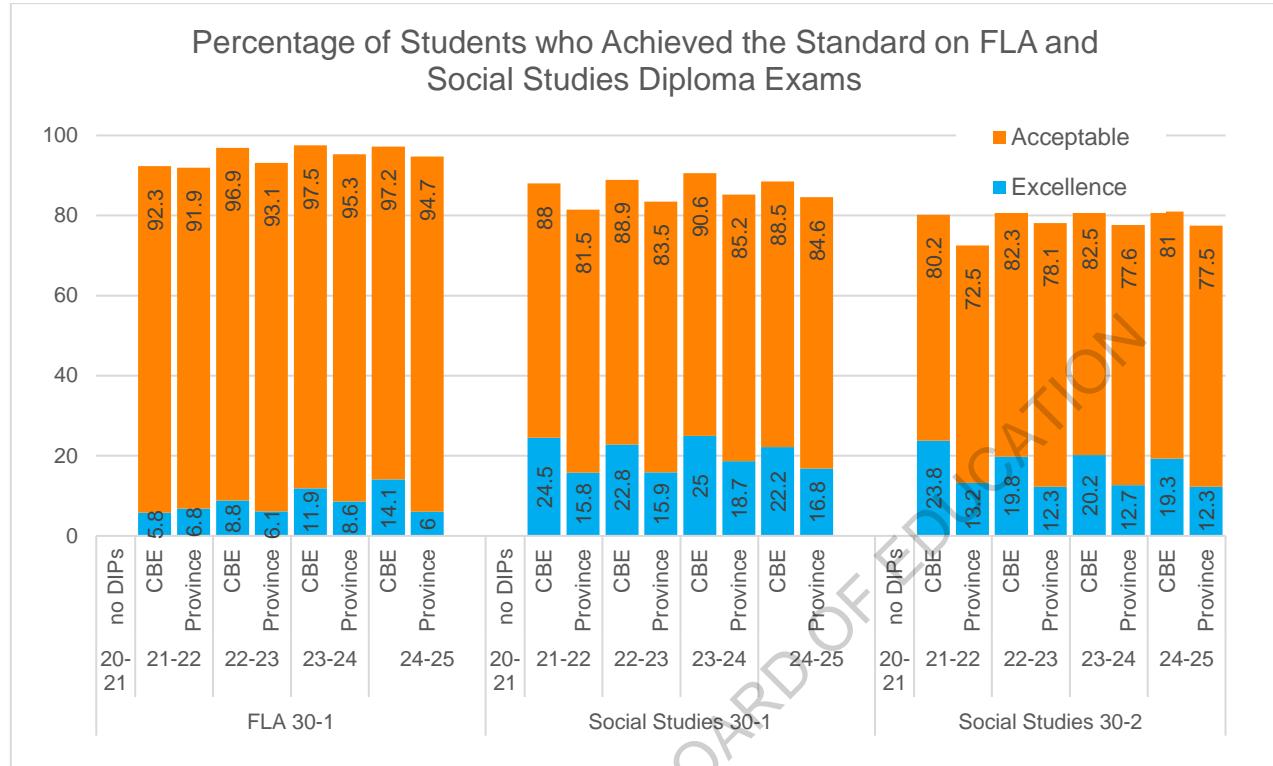

### Percentage of Students who Achieved the Standard on the Science PAT

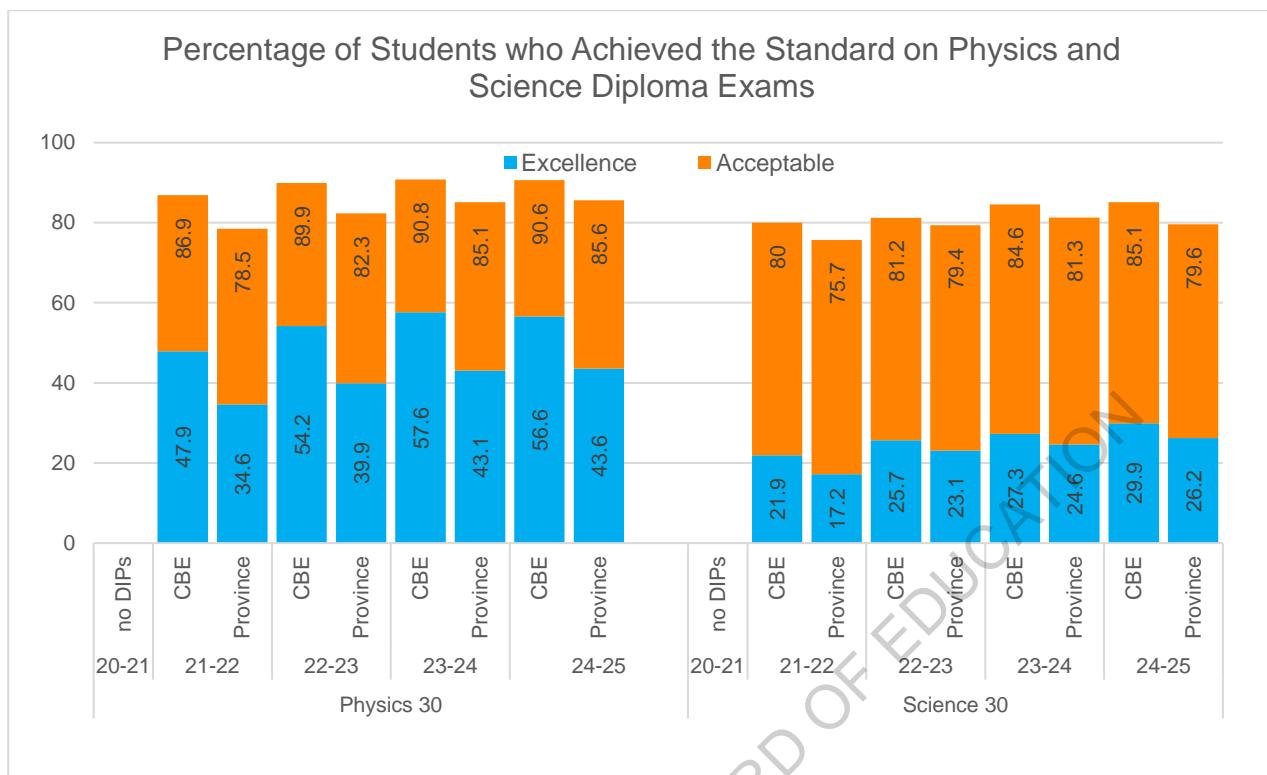

### Percentage of Students who Achieved the Standard on the Social Studies PAT

## B. Percentage of All Students who achieved the standards on Diploma Examinations

#### Analysis of Cohort

The number of students in the All Students cohort who wrote French Language Arts, Science and Social Studies provincial assessments ranged as follows:

- K&E PATs: 64 to 69
- Non-K&E PATs: 768 to 10 677
- Diploma Examinations: 290 to 5123

CBE students consistently achieved stronger PAT results at both standards when compared to the provincial results across all non-K&E courses except for Science 9. Noteworthy achievement gaps surfaced between CBE and provincial results for K&E courses across both standards in 2024-25.

CBE students generally showed year-over-year decreases across non-K&E Grade 9 PATs across both standards in 2024-25 school year except for French Language Arts 9 at Acceptable Standard and Social Studies 9 at the standard of excellence. The increased result in Social Studies 9 was statistically notable. Moreover, improved performances were observed for Social Studies 9 K&E at both standards in 2024-25.

When compared to the previous three-year averages, CBE had significantly lower percentages of students achieving both standards in Social Studies 6 than before.

CBE high school students continued to achieve higher diploma examination results in 2024-25 compared to the provincial results across different subjects. The positive gaps were most noticeable at the Standard of Excellence for Biology 30, Chemistry 30 and Physics 30 where the gaps were continuously above 11 percentage points. Of note, more than 90 per cent of students met the Acceptable Standard in Physics 30 over the last two years.

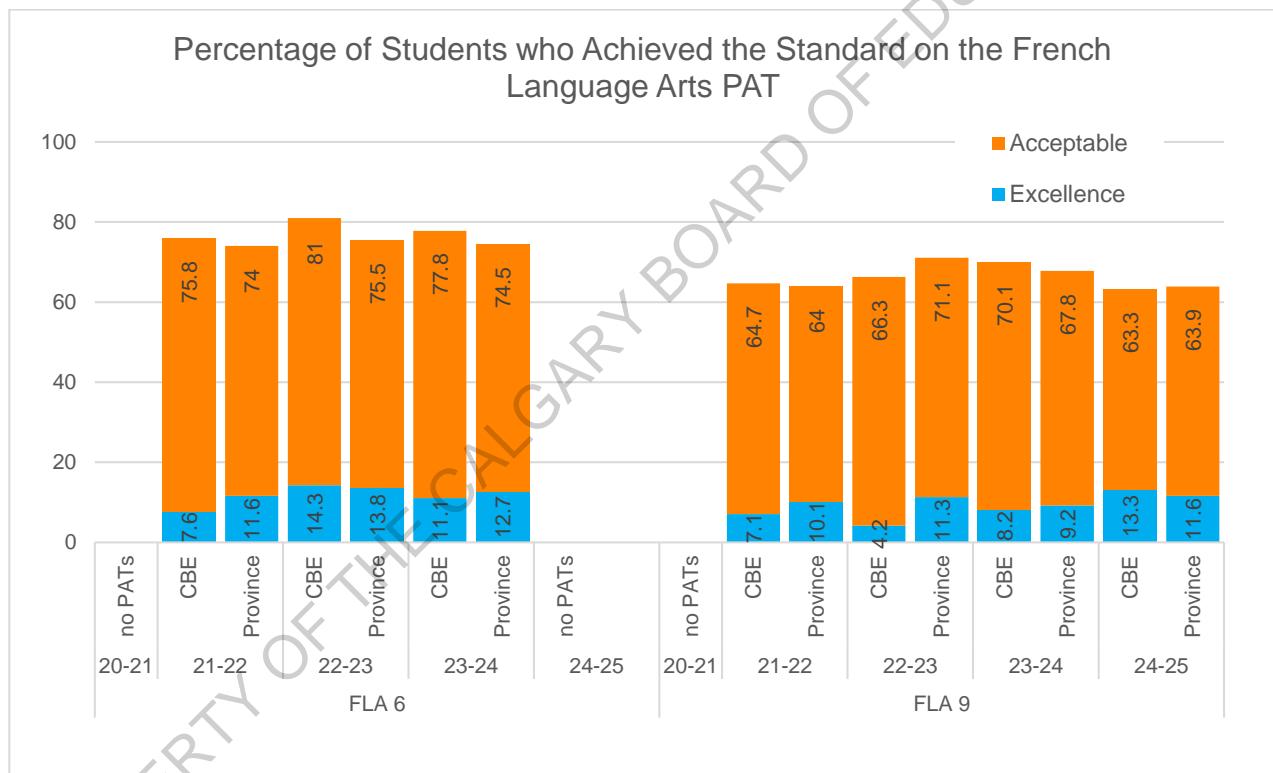

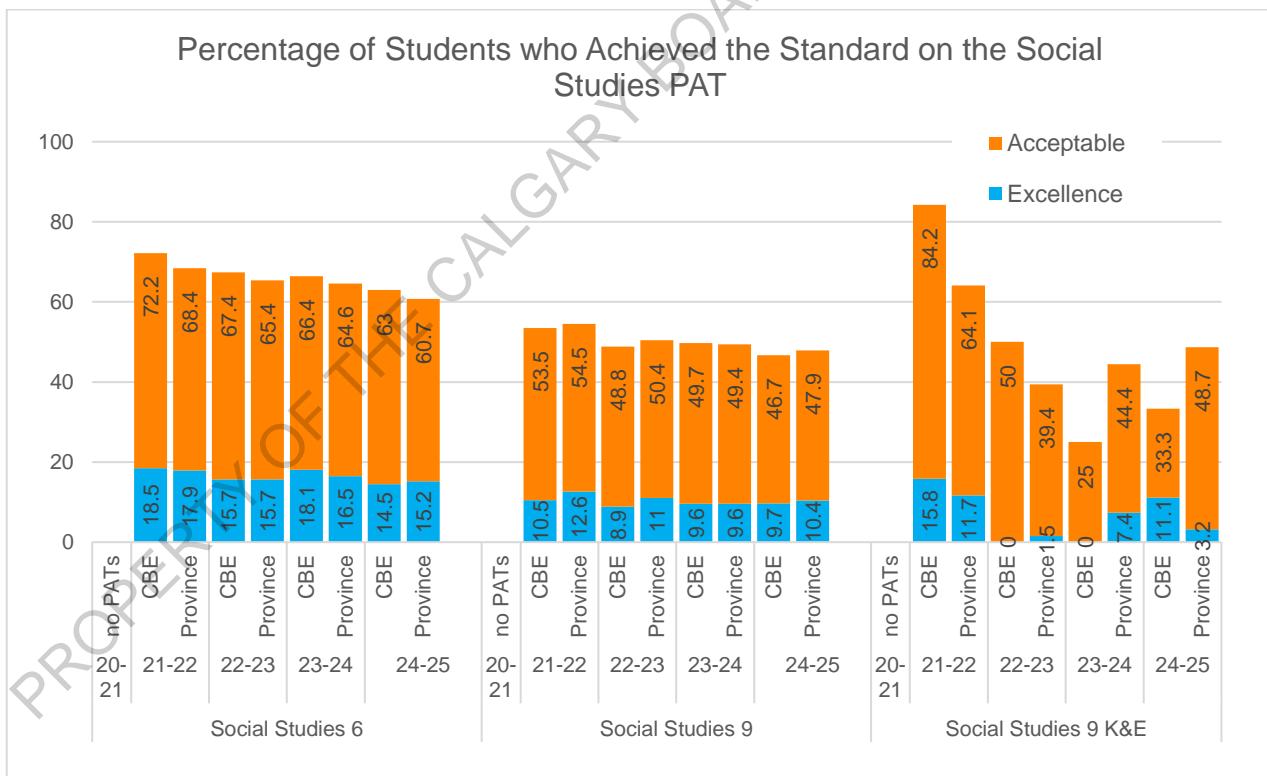

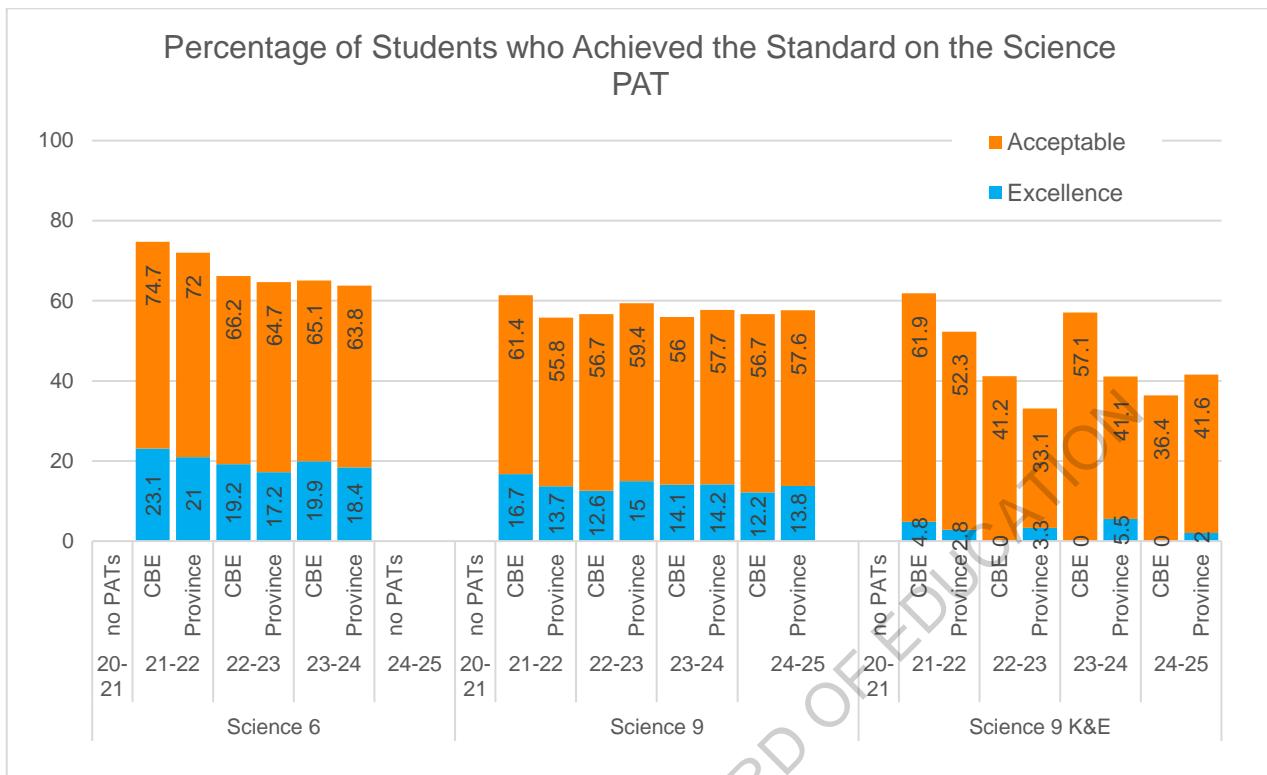

When compared to 2023-24 diploma examination results, year-over-year declines were observed at both standards for both Social Studies exams and Physics 30. In the meanwhile, maintained or improved results were achieved for Biology 30, Chemistry 30 and Science 30 at both standards in 2024-25 school year.

Moreover, the growth in Chemistry 30 at both standards were statistically significant when compared to the previous three-year average results. While still maintaining a 'Very High' level at the Achievement Measure, the Standard of Excellence result in Social Studies 30-1 dropped significantly.

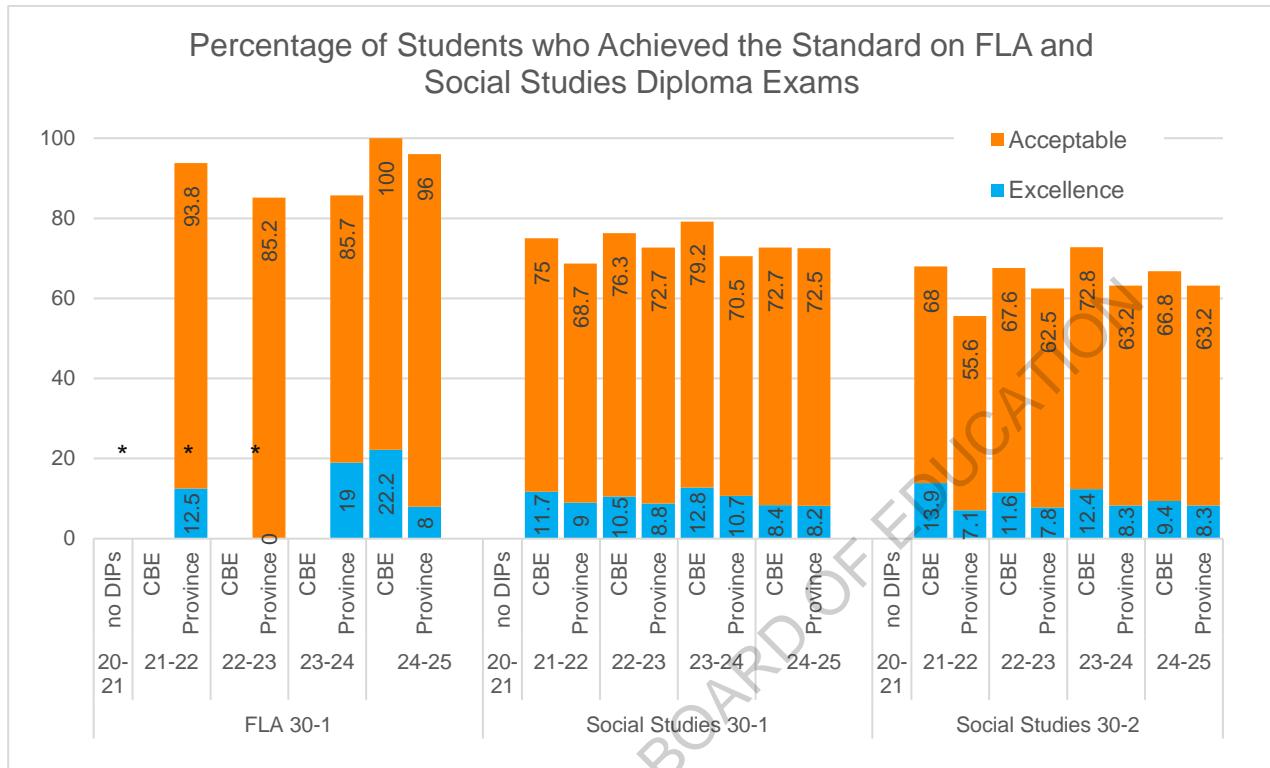

## 5.2 English as an Additional Language Learners

A. Percentage of English as an Additional Language Learners who achieved the standards on Provincial Achievement Tests

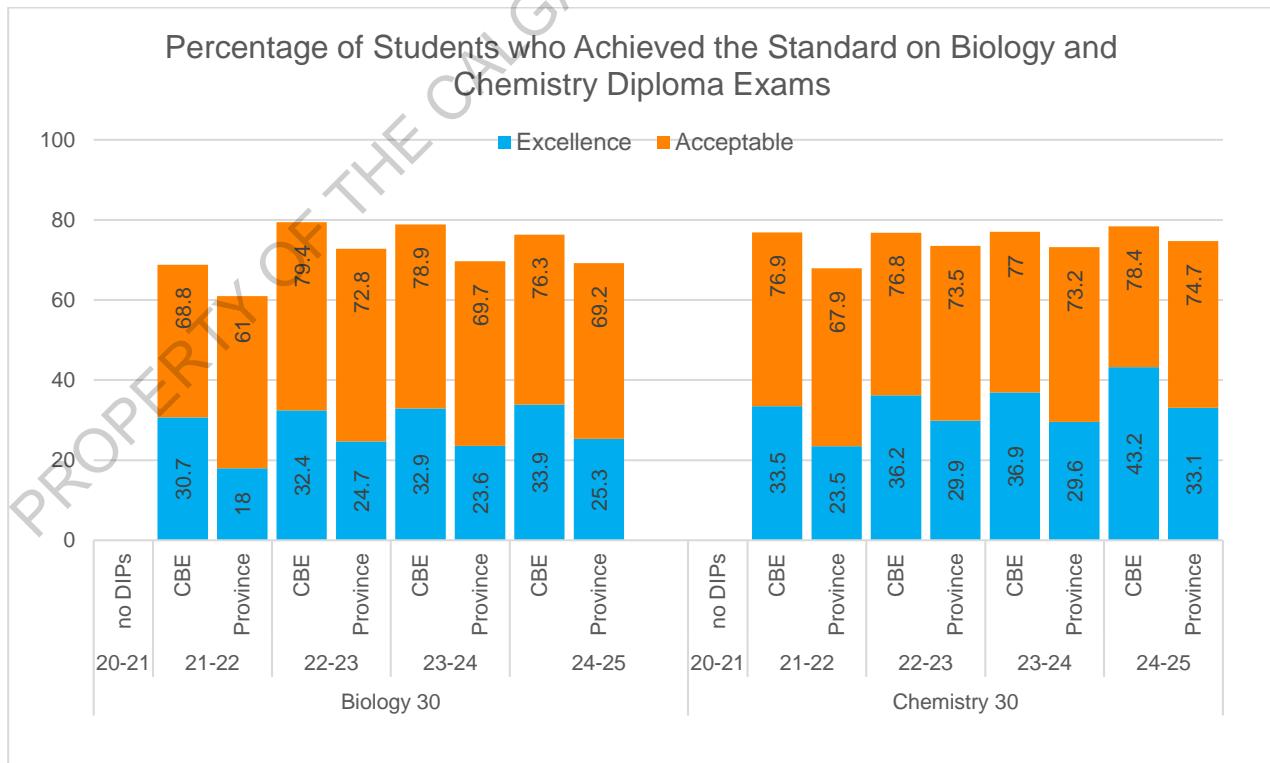

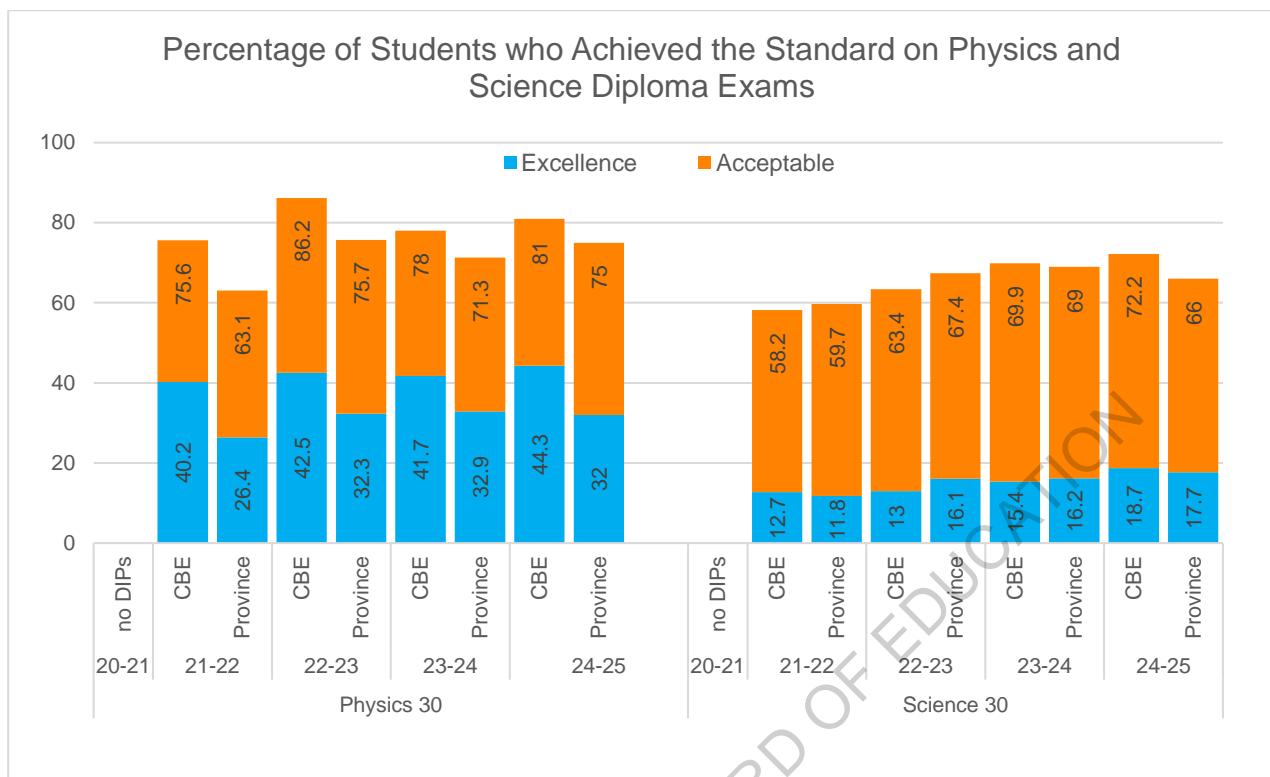

B. Percentage of English as an Additional Language Learners who achieved the standards on Diploma Examinations

**Note |** \*Data values have been suppressed where the number of respondents/students is fewer than 6.

#### Analysis of Cohort

The number of students who wrote French Language Arts, Science and Social Studies provincial assessments ranged as follows:

- K&E PATs: 9 to 11
- Non-K&E PATs: 90 to 3858
- Diploma Examinations: 9 to 1287

Compared to provincial results, CBE's English as an Additional Language Learners showed lower Acceptable Standard results in most of courses except for Social Studies 6. Similarly, the percentages of CBE students meeting the Standard of Excellence were lower than the provincial levels except for French Language Arts 9 and Social Studies 9 K&E.

In this cohort, it is noticeable that French Language Arts 9 Standard of Excellence results increased by 5.1 percentage points in 2024-25 school year. The improvement was statistically notable. Moreover, Social Studies 9 and Social Studies 9 K&E also showed increasing results at the Standard of Excellence in 2024-25. In Science 9 and Social Studies 9 K&E, year-over-year improvements were observed in their Acceptable Standard results.

Similar to All Students cohort, when compared to the previous three-year averages, CBE's English as an Additional Language Learners had significantly lower percentages of students achieving both standards in Social Studies 6 than before.

High School English as an Additional Language Learners outperformed the province at both standards in all diploma exams in 2024-25. The positive gap widened to more than 10 percentage points in Chemistry 30 Standard of Excellence results. It is notable that more than 43 per cent of this cohort achieved Standard of Excellence in Chemistry 30 and Physics 30.

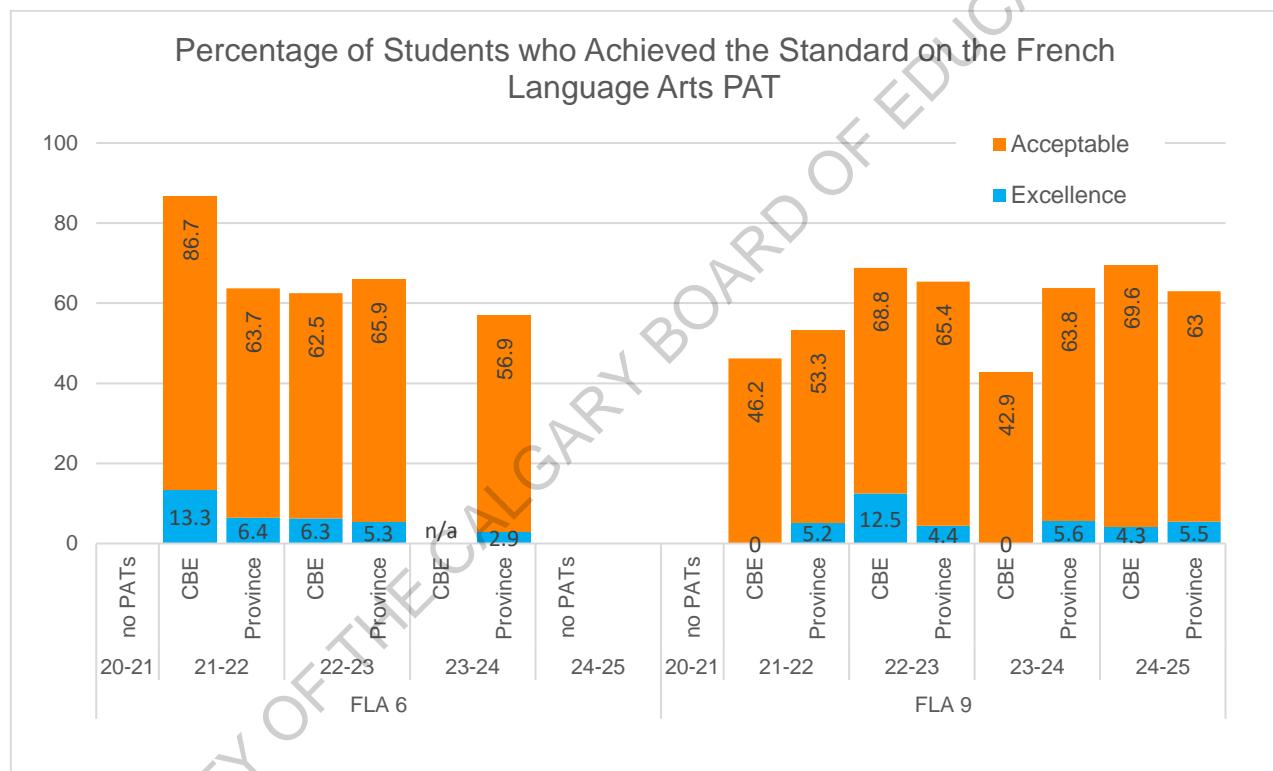

In comparison to the results in 2023-24, CBE students in this cohort consistently had year-over-year decreases at both standards for Social Studies diploma exams. For science diploma exams, however, improved performances were generally observed for both standards.

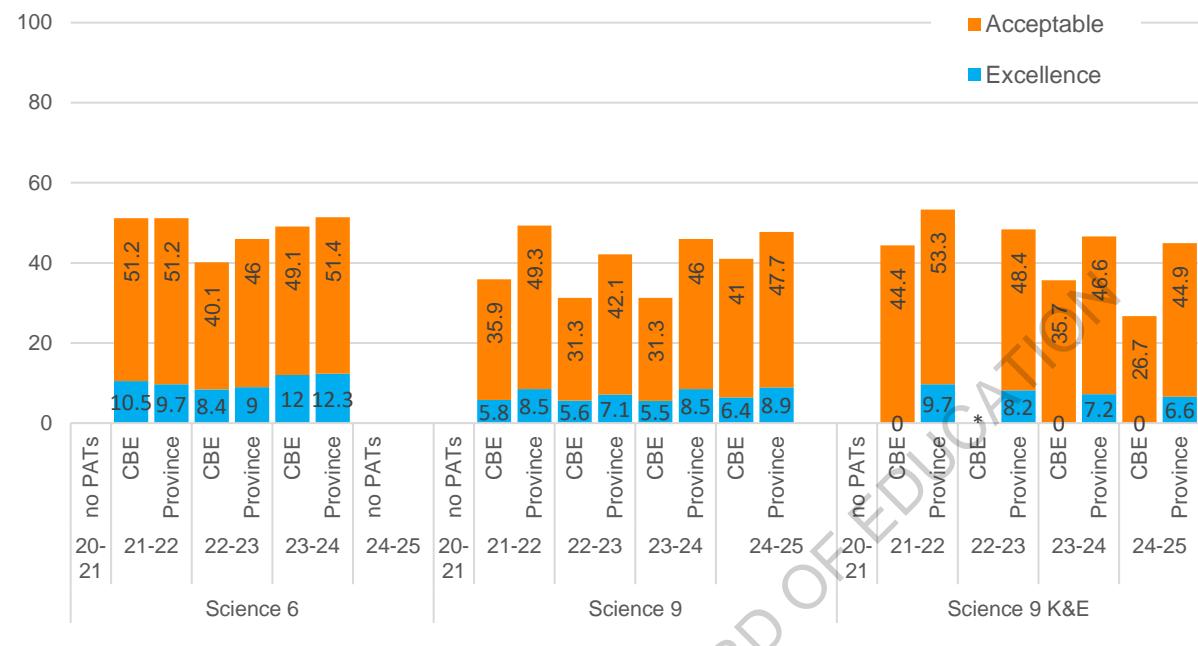

Except for Science 30, all other science diploma exams had 'Very High' Achievement Measure for their Standard of Excellence results. In addition, when compared to the previous three-year averages, the Standard of Excellence results in Chemistry 30 also improved significantly.

### 5.3 Students who Self-Identify as Indigenous

#### A. Percentage of Students who Self-Identify as Indigenous who achieved the standards on Provincial Achievement Tests

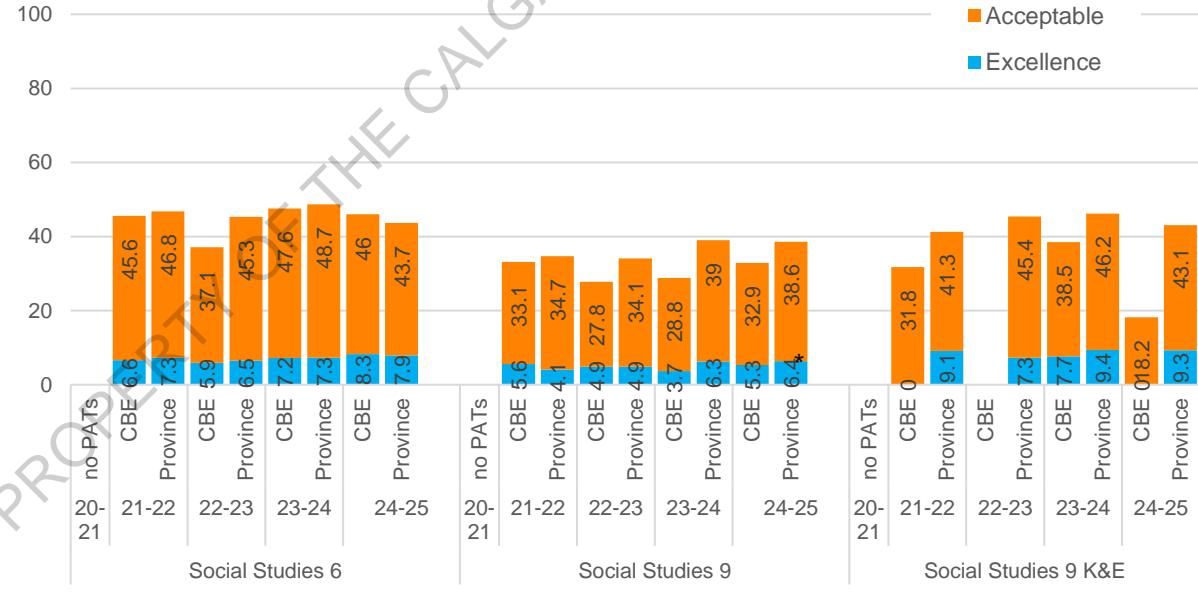

### Percentage of Students who Achieved the Standard on the Science PAT

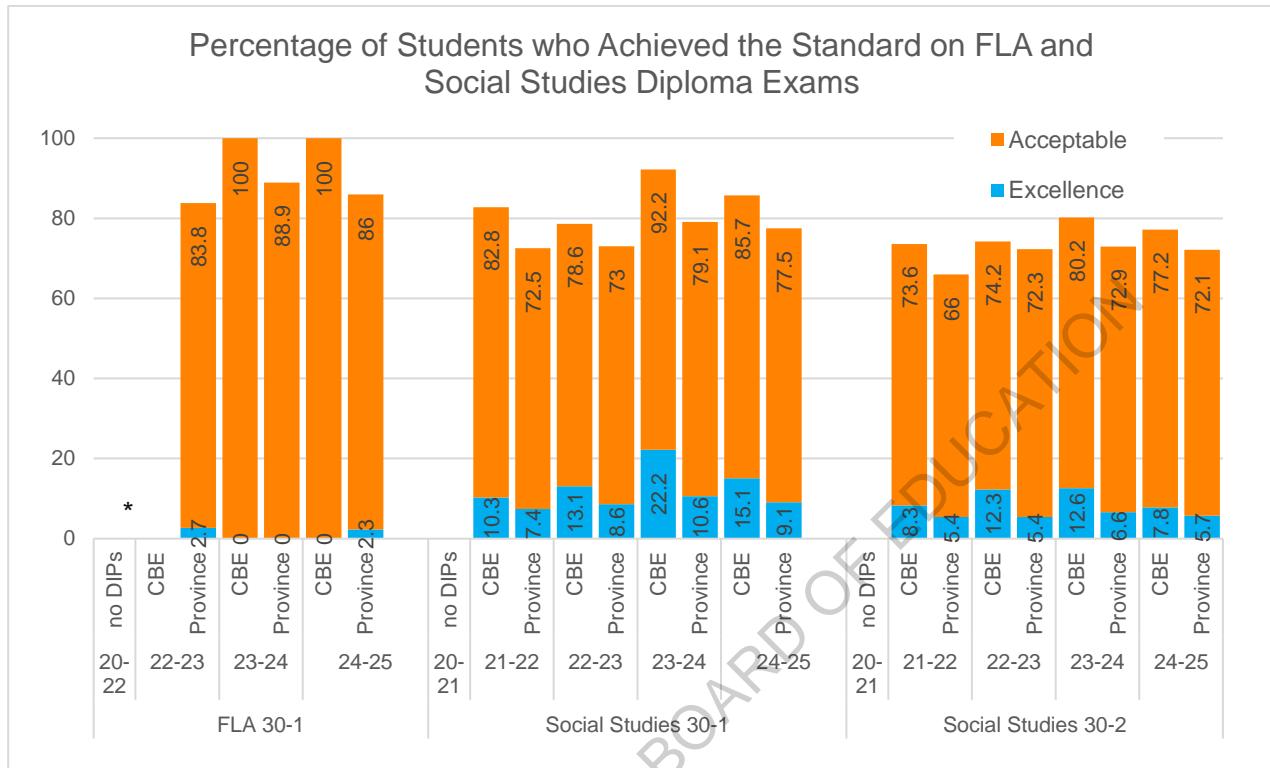

**Note |** \*Data values have been suppressed where the number of respondents/students is fewer than 6.

### Percentage of Students who Achieved the Standard on the Social Studies PAT

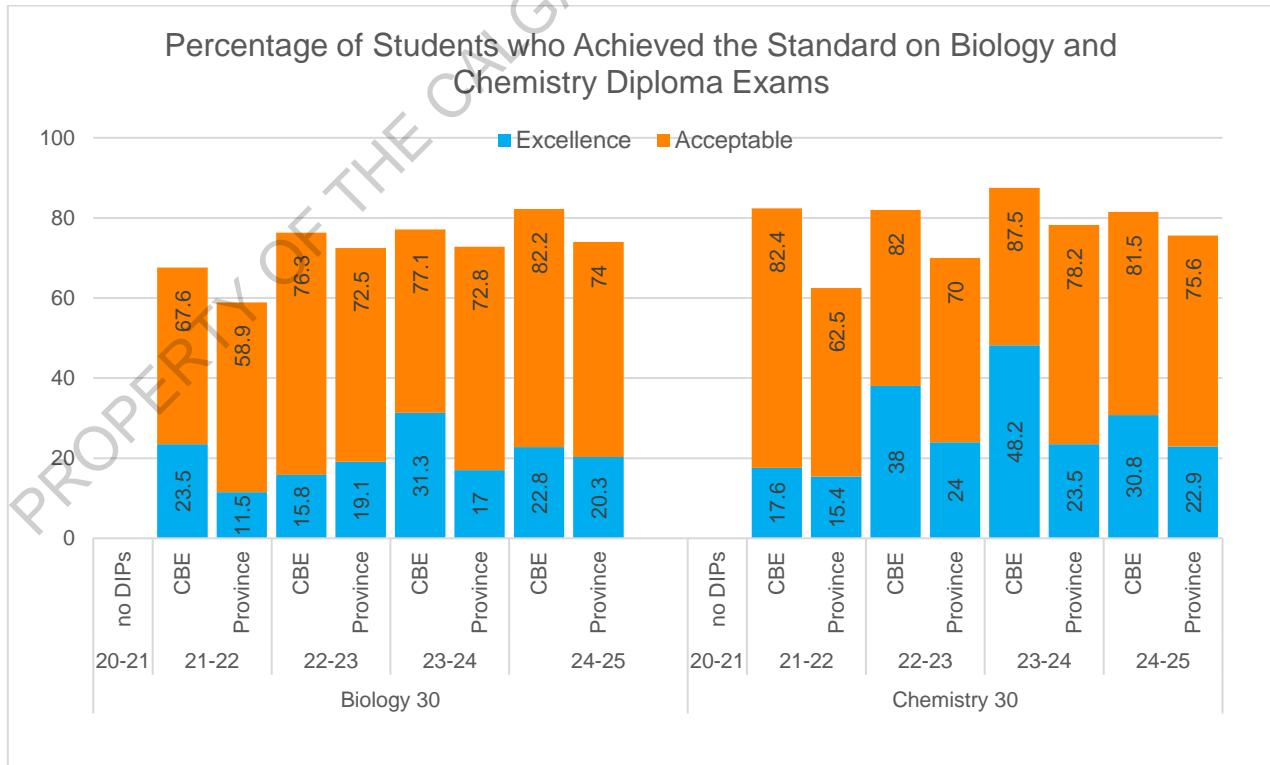

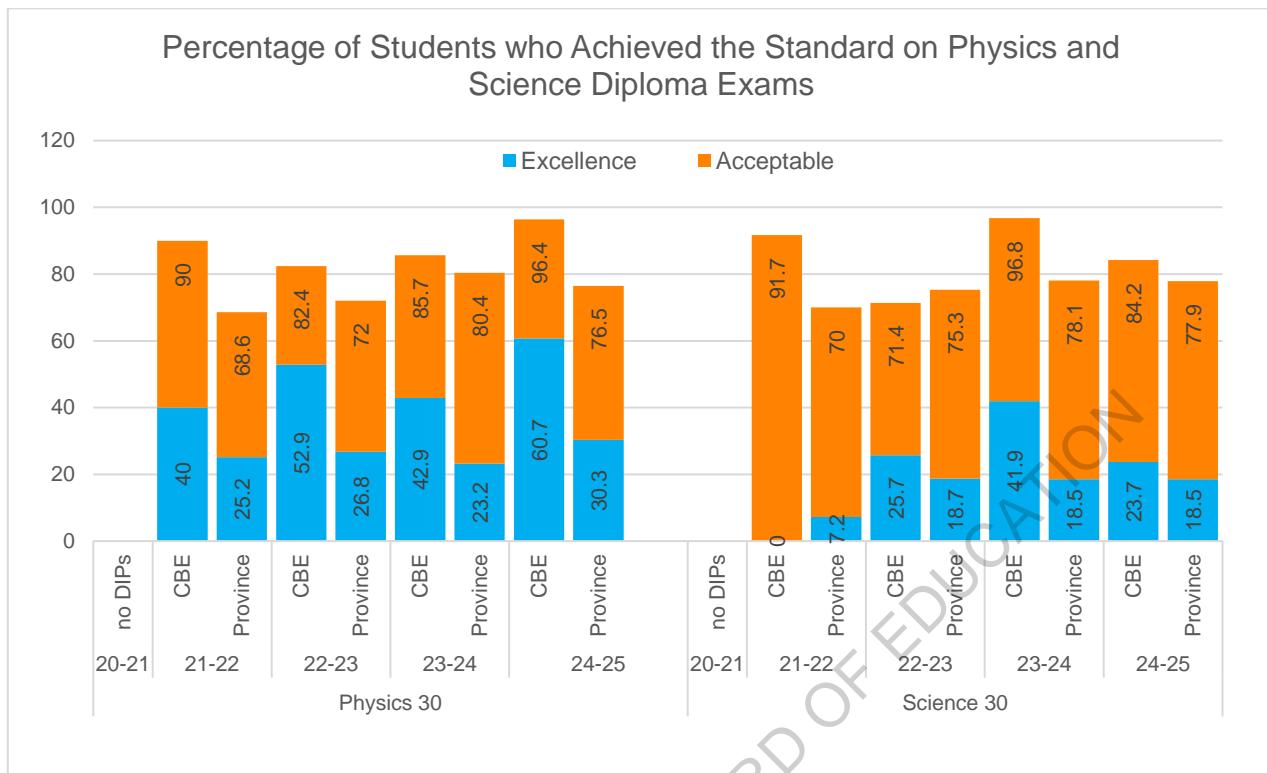

**Note |** \*Data values have been suppressed where the number of respondents/students is fewer than 6.

B. Percentage of Students who Self-Identify as Indigenous who achieved the standards on Diploma Examinations

**Note |** \*Data values have been suppressed where the number of respondents/students is fewer than 6.

#### Analysis of Cohort

The number of students in this cohort who wrote French Language Arts, Science and Social Studies provincial assessments ranged as follows:

- K&E PATs: 11 to 15
- Non-K&E PATs: 23 to 472
- Diploma Examinations: 8 to 206

In 2024-25 school year, CBE's Students who Self-Identify as Indigenous generally achieved Grade 9 PAT results that were lower than the provincial results across subjects at both standards. However, CBE students in this cohort outperformed their provincial counterparts in Social Studies 6 at both standards.

In comparison to the 2023-24 results, CBE's Students who Self-Identify as Indigenous achieved year-over-year increases at both standards across all non-K&E grade 9 PAT results. Moreover, improvement was also observed in Social Studies 6 at the standard of excellence. When compared to the previous three-year averages, CBE had significantly more students in this cohort achieving Acceptable Standard in Science 9 in 2024-25 school year.

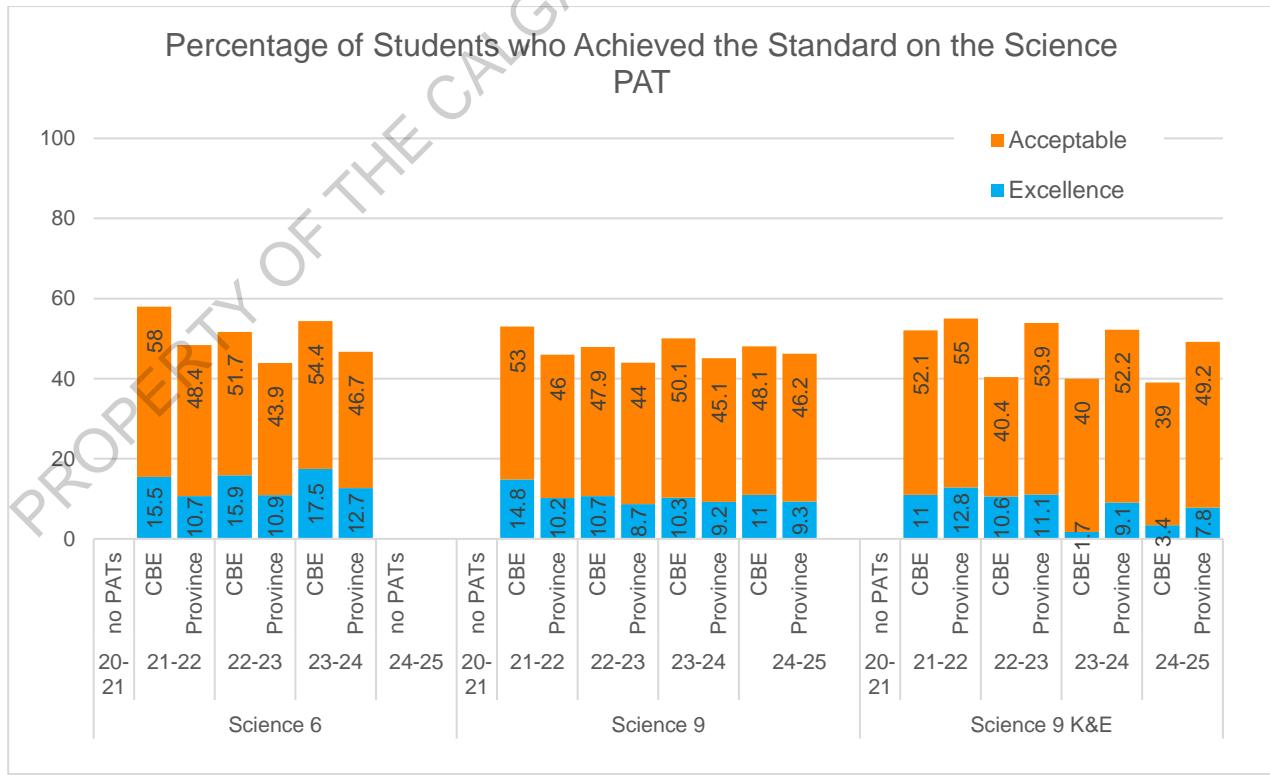

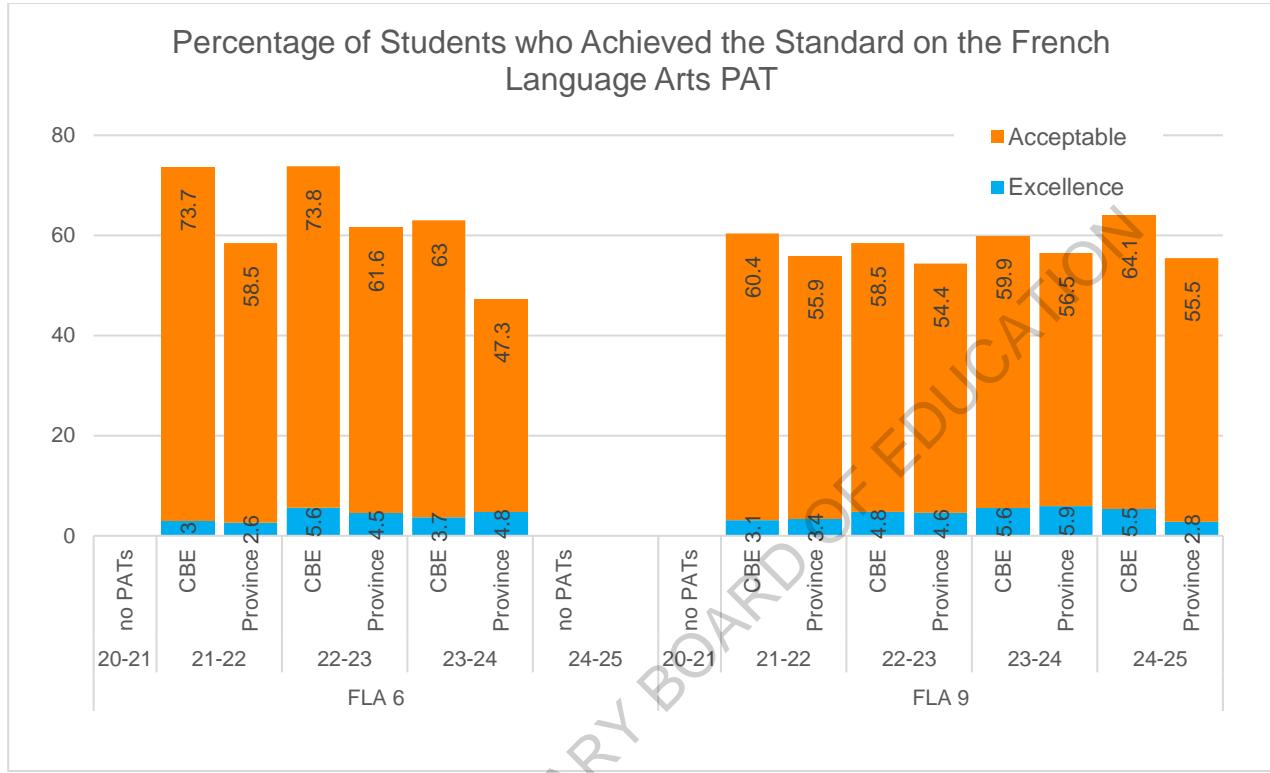

Except for French Language Arts 30-1 (with only 8 writers), CBE's students who Self-Identify as Indigenous consistently got higher diploma examination results at both standards in 2024-25 compared to the provincial results.

Generally speaking, CBE showed year-over-year declines across all diploma exams in 2024-25 school year. However, improvements were observed at both standards in Physics 30 and the growth at the Acceptable Standard was statistically notable.

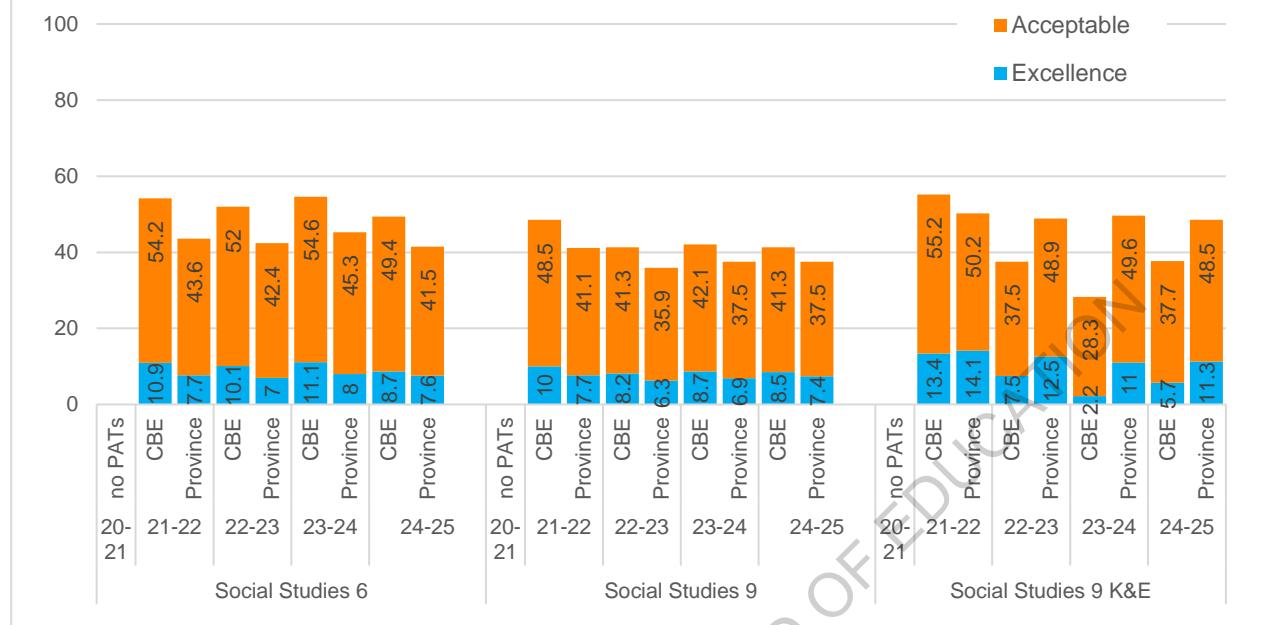

## 5.4 Students with Identified Special Education Needs

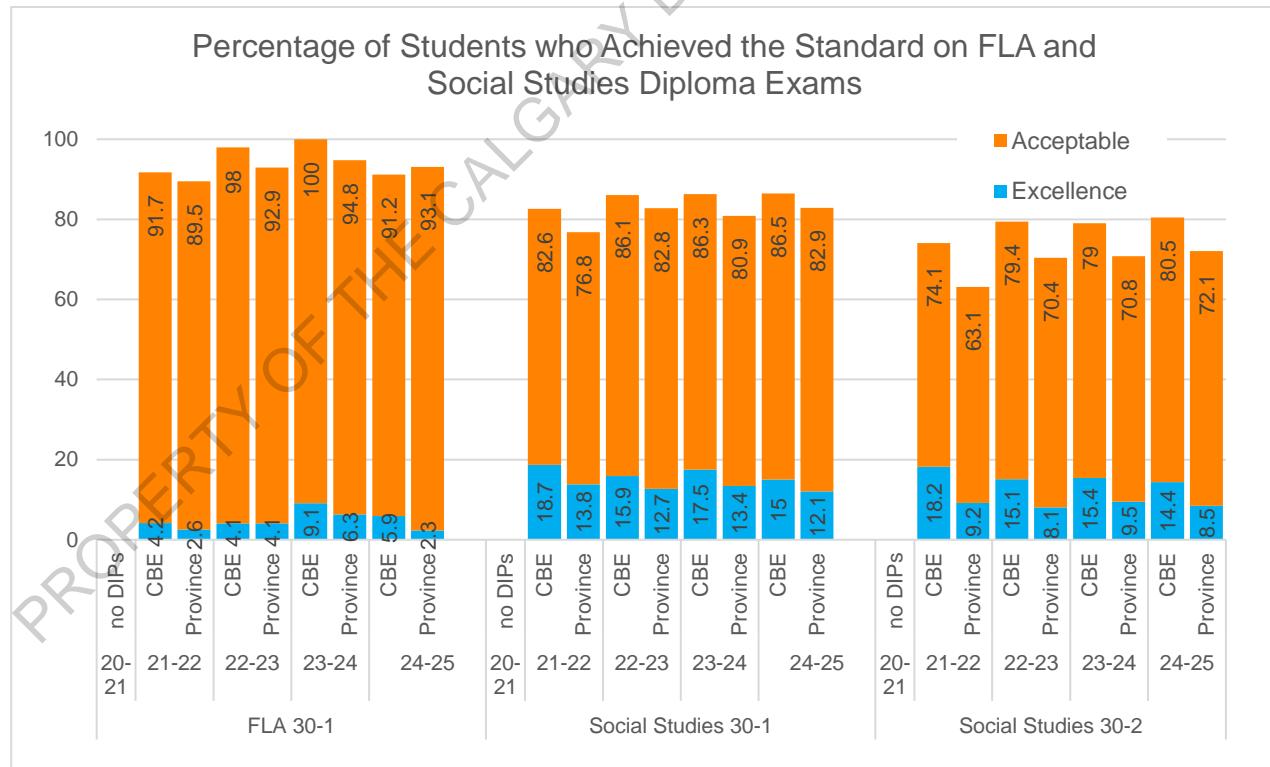

A. Percentage of Students with Identified Special Education Needs who achieved the standards on Provincial Achievement Tests

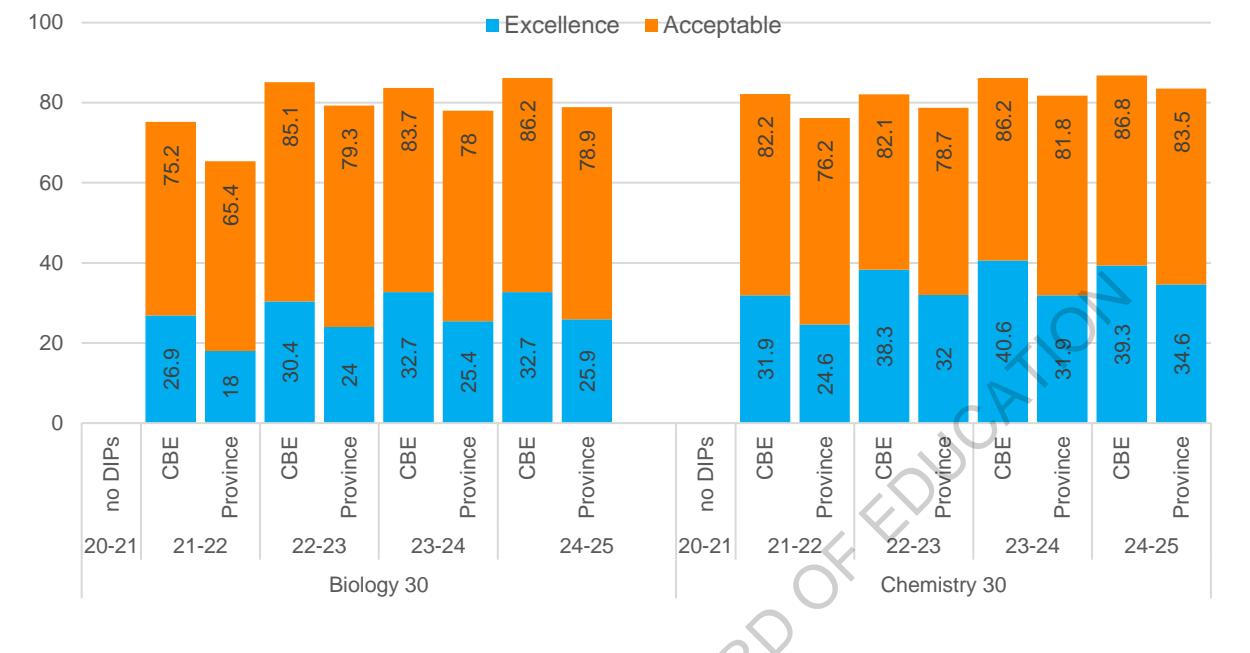

### Percentage of Students who Achieved the Standard on the Social Studies PAT

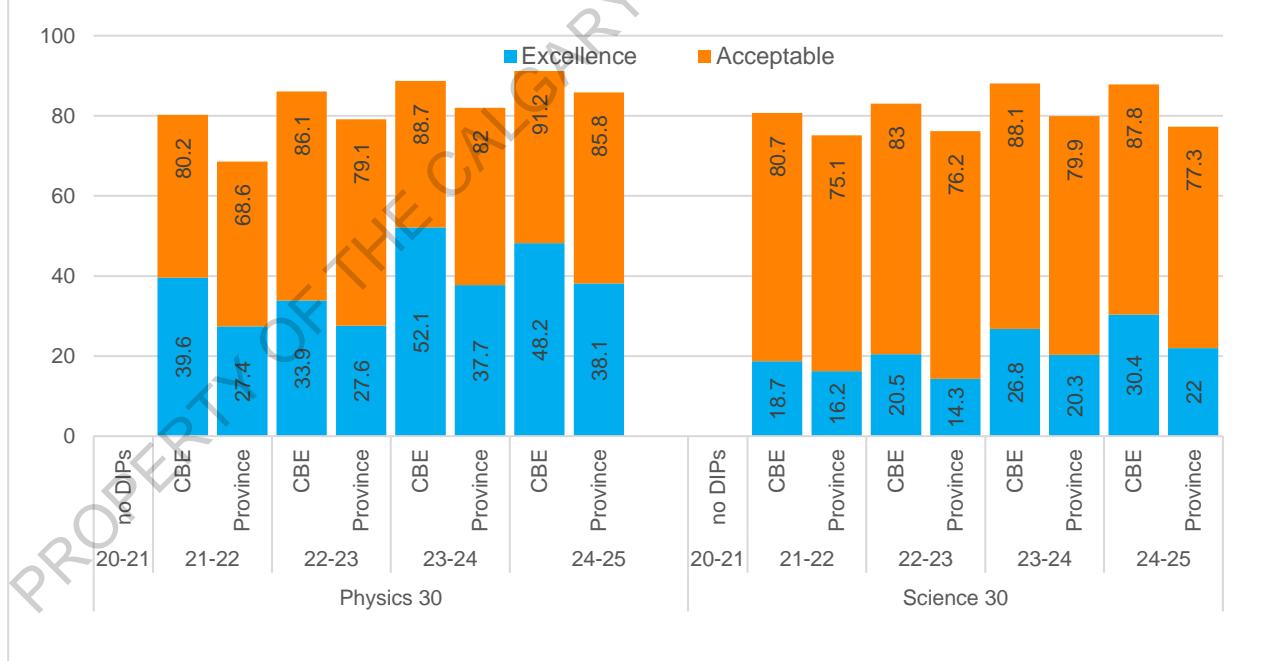

#### B. Percentage of Students with Identified Special Education Needs who achieved the standards on Diploma Examinations

### Percentage of Students who Achieved the Standard on Biology and Chemistry Diploma Exams

### Percentage of Students who Achieved the Standard on Physics and Science Diploma Exams

## ▪ Analysis of Cohort

The number of students in this cohort who wrote French Language Arts, Science and Social Studies provincial assessments ranged as follows:

- K&E PATs: 53 to 59
- Non-K&E PATs: 128 to 2242
- Diploma Examinations: 34 to 1253

For the Students with Identified Special Education Needs cohort, CBE's results were higher than those of the province on all Grade 9 non-K&E PATs at both standards. Moreover, there were greater percentages of students in this cohort achieving both standards in Social Studies 6 in CBE as well.

More CBE's Students with Identified Special Education Needs achieved both standards in Social Studies 9 K&E in 2024-25 than the year before. Moreover, year-over-year improvements were also observed at the Standard of Excellence results in Science 9 and Science 9 K&E as well as at the Acceptable Standard result in French Language Arts 9.

In 2024-25 school year, there were significantly lower percentages of CBE students in this cohort achieving both standards in Social Studies 6 than the previous three-year average results.

Except for French Language Arts 30-1, CBE's Students with Identified Special Education Needs achieved higher diploma examination results in 2024-25 compared to the province at both standards. Of note, more than 80 per cent of students in this cohort achieved the Acceptable Standard across all diploma exams. Moreover, when compared to the province, CBE maintained the positive gaps of more than 8 percentage points over time for Social Studies 30-2 Acceptable Standard results.

When 2024-25 Acceptable Standard results were compared to the previous year, CBE students in this cohort generally achieved higher results except for French Language Arts 30-1 and Science 30. In the meantime, year-over-year declines were observed for most of diploma exams except for Biology 30 and Science 30.

In Chemistry 30 and Physics 30, CBE's Students with Identified Special Education Needs achieved 'Very High' Achievement Measure at both standards in 2024-25 school year. Moreover, when compared to the previous three-year averages, the Acceptable Standard results in both subjects as well as the Standard of Excellence result in Physics 30 were also statistically notable.

## ■ Interpretation

Refer to [Appendix III](#) | Additional Data Sets by Indicator, Indicator 4, sections A-N for report card results by course and grade.

In 2024–25, Division 4 Physical Education report card results improved across all CBE student cohorts compared to the previous three-year average, with Indigenous students demonstrating consistent year-over-year gains across all divisions. These improvements may be linked to the early introduction of regulation and coping strategies in Divisions 1 and 2, increased access to specialist teachers, and a system-wide focus on Social Emotional Learning. High school initiatives such as the Student Well-Being Symposium and Health and Well-Being Forum emphasized Indigenous teachings, belonging, and inclusion, providing opportunities for reflection and planning. Collectively, these efforts strengthened cultural identity, engagement, and readiness to learn.

Similar gains in Division 4 were observed in Career and Technology Foundations (CTF) and Career and Technology Studies (CTS), which may correlate with targeted professional learning, strengthened partnerships, and enhanced system supports. Seasonal network sessions co-created with teacher input and increased inclusion opportunities for students in specialized classes appear to have improved instructional quality and culturally responsive practices, contributing to higher engagement and achievement. Fine and Performing Arts programming at the high school level also supported strong year-over-year achievement, while minor declines in Divisions 1 and 2 may reflect the shift from subject specialists to generalists at the elementary level.

Division 4 students demonstrated strong gains on science-based diploma exams. All Students cohort achieved statistically significant improvements at both standards in Chemistry 30, while success in Physics 30 was noted for Students with Identified Special Education Needs and those who self-identify as Indigenous. These gains may be attributed to alignment with outcomes-based reporting, calibration sessions, and science-specific professional learning focused on instruction and assessment alignment with diploma expectations. Continued work is needed to extend this alignment to report card results across all science and social studies courses.

In Division 3, All Student cohort exceeded provincial results at the Standard of Excellence in Social Studies 6 and 9, and Acceptable Standard for Social Studies 6. Students with Identified Special Education Needs outperformed provincial peers except in Grade 9 K&E courses, where results remain low. Indigenous students improved in Science 9 however results continue to be low with fewer than half meeting the Acceptable Standard. In addition, Social Studies 9 at both the acceptable and excellence standards continue to have the lowest achievement across PAT courses.

English as an Additional Learner cohort experienced declines in Social Studies 6, and FLA 9 at the Acceptable Standard. These patterns suggest challenges with discipline-specific vocabulary and comprehension, highlighting the need for differentiated task design, scaffolding, and targeted interventions. Professional learning such as explicit vocabulary instruction through the Neurolinguistic Approach to Language Acquisition (NLA) and resources like the K–12 Social Studies Companion Guide aim to address these gaps.

Declines were noted in Social Studies 30-1 and 30-2 for all cohorts except Students with Identified Special Education Needs at the Acceptable Standard. Success for these students may be linked to professional learning on IPP writing and supports, which directly impacts accommodations, strategies, and interventions related to task design and assessment. English as an Additional Language Learner cohort continued to experience declines in Social Studies likely due to rigorous language demands in source analysis. This underscores the need for targeted interventions in reading comprehension, evidence-based writing, and perspective-taking, alongside continued professional learning and resource development.

On the FLA 30-1 diploma exam, 97.2 per cent of All Student cohorts achieved the Acceptable Standard, exceeding provincial results at both acceptable and excellence levels. While a slight decrease at the Acceptable Standard occurred compared to last year, there was a 2.2 percentage point increase in the Standard of Excellence. Larger declines were noted for Students with Identified Special Education Needs; however, results remain above 91 per cent.

To provide a more comprehensive interpretation of data in support of next steps, [Appendix III](#) results were examined. The percentage of the All Students cohort receiving an indicator of 1 or achieving a mark that was below 50% was used for analysis purposes.

#### ▪ **Celebrate**

##### ▪ **Report Card**

- Overall strong achievements on report card for CTF/CTS, Fine and Performing Arts and Physical Education subjects in All Students cohort as compared to other report card courses.
- In 2024-25 school year, Students who Self-Identify as Indigenous achieved year-over-year improvements (or maintained results) across all divisions in Physical Education report card means.
- Statistically notable improved report card results in Division 4 Physical Education across all cohorts of students in CBE, in comparison to the corresponding previous three-year average results.

##### ▪ **All Students**

- All Students cohort achieved overall strong performance for all diploma exam courses. More than 80 per cent of CBE students achieved the Acceptable Standard for all diploma examinations in 2024-25.
- Statistically significant improvements at both standards in Chemistry 30.
- Achieved 'Very High' Achievement Measure in Science 9 at the Standard of Excellence result.
- All Students cohort achieved higher percentage of students meeting both standards than the provincial results for Social Studies 6 and Social Studies 9.

##### ▪ **English as an Additional Language Learners**

- Except for Biology 30, year-over-year improvements across all science diploma examinations were observed and CBE outperformed their provincial counterparts at both standards in 2024-25 school year.
- Statistically notable improvements at both standards in Science 30.

- Consistently achieved 'Very High' Achievement Measures at the Standard of Excellence results in all science diploma exams except for Science 30.
- **Students who Self-Identify as Indigenous**
  - Students who Self-Identify as Indigenous cohort achieved significant improvement in Science 9 at the Acceptable Standard.
  - Stronger performances in Social Studies 6 when compared to provincial results across both standard categories.
  - Stronger performances for all diploma exams when compared to provincial results across both standard categories except for French Language Arts 30-1 (8 writers).
  - 'Very High' Achievement Measures in Physics 30 at both standards and statistically notable improvement at the Acceptable Standard in 2024-25 school year.
- **Students with Identified Special Education Needs**
  - Outperformed provincial counterparts across all Grade 9 non-K&E PAT at both standards.
  - Outperformed provincial counterparts across all diploma examinations at both standards except for French Language Arts 30-1.
  - Achieved 'High' or 'Very High' Achievement Measures across all science diploma examinations at both standards and statistically notable improvements at both standards in Physics 30.
- **Areas for Growth**
  - **Science and Social Studies**
    - For the All Students cohort, Grade 8 students had the greatest percentage of students not meeting grade level in Science and Grade 7 students had the greatest percentage of students not meeting grade level in Social Studies of all grades 1 through 9 on report cards.
    - Increase in Science and Social Studies Acceptable Standard results for Grade 9.
    - In 2024-25, except for Students who Self-Identify as Indigenous cohort, all other cohorts had significantly lower percentages of students achieving both standards in Social Studies 6.
  - **Report card**
    - Overall achievements on report cards in Science and Social Studies were lower than other courses.
    - Year-over-year declines in report card means consistently surfaced for divisions 1 and 2 for most of the courses (except for Languages) for All Students cohort, English as an Additional Language Learners, and Students with Identified Special Education Needs.
    - Division 4 report card results in all science courses.
  - **English as an Additional Language Learners**
    - CBE's English as an Additional Language Learners had lower percentages of students achieving Acceptable Standard s than the province for all Grade 9 PAT courses.
    - 'Very Low' Achievement Measure in French Language Arts 9 at the Acceptable Standard.

- Statistically notable decline in Social Studies 9 at the Acceptable Standard in 2024-25.
- **Students who Self-Identify as Indigenous**
  - Except for French Language Arts 9, CBE's Students who Self-Identify as Indigenous got the lower percentages at both standards in comparison to provincial results for all Grade 9 PAT courses.
  - 'Low' or 'Very Low' Achievement Measures across all PAT courses at both standards in 2024-25.
- **Building Capacity**

The following is the list of next steps based on the analysis.

### Professional Learning

- Provide professional learning for K–6 teachers on the new Science and Social Studies curriculum, including critical-thinking task design with targeted supports for EAL and Indigenous learners.
- Provide professional learning on disciplinary literacy in Science and Social Studies with alignment to new curriculum, in particular for Middle Years educators.
- Continue High School professional learning on task design, calibration and assessment specifically for Social Studies 10-1, 10-2, 10-4 and Science10, 14, and 10-4.
- Provide learning on CBE's Five Guiding Principles of Assessment with sessions for K-12 focussing on responsive learning cycles, effective task design, student involvement in assessment, addressing classroom complexity, and clear communication of proficiency.
- Focus Language Symposium on inclusive practices in the language classroom. This year's theme is Languages for Everyone.
- Provide targeted professional learning for school administrators and teachers to:
  - Strengthen understanding of timely and culturally responsive supports for EAL learners,
  - Build capacity to monitor achievement using CBE K-12 EAL Proficiency Benchmarks,
  - Implement CBE K-12 EAL Proficiency Benchmarks with support from the EAL Strategist Model in identified schools.
- Build capacity for Elementary and Middle School educators focused on explicit Social Emotional Learning teaching.
- Support High Schools and Middle Schools participation in Student Well-Being Symposiums with a specific focus on universal supports that enhance belonging safety and inclusion through a focus on culturally responsive SEL strategies and Indigenous teachings.
- Provide professional learning for administrators and teachers on mental health literacy at the universal, targeted and individualized levels.
- Provide learning in Outcome Based Assessment Physical Education with focus on calibration and task design.

### Structures & Processes

- Support teachers to build capacity in Social Studies task design for critical thinking.
- Use *Stepping Into Science* and Social Studies pilot feedback cycles to continuously refine scope/sequence and sample tasks.

- Continue and expand:
  - High School Community of Practice (CoP),
  - LEAD CoP meetings to improve student programming and assessment practices,
  - EAL Designate network for communication and program monitoring,
  - Maintain and refine the EAL Strategist Support Model with evidence-informed practices.
- Continue implementation of the Language Mentoring Guide in support of Language teachers in our Language Program Schools.
- Refine Languages Course Challenge processes.

## Resources

- Develop and share K–6 Social Studies Curriculum Task Design Inspiration Guides to support teachers in designing tasks that reflect the disciplinary thinking and conceptual structure of the new curriculum.
- Develop and share K–6 Social Studies Scope and Sequence, illustrating how concepts and narratives build across grades and supporting coherent planning.
- Develop rubrics aligned with the new curriculum for K–6 Social Studies and Science to support high-quality task design and consistent assessment expectations.
- Develop Programs of Study–aligned rubrics for Grades 7–10 Social Studies and Science, supporting consistent task design and assessment aligned with course outcomes.
- Share K–12 Social Studies Companion Guide and K–12 Science Companion Guide, offering foundational, practical, and visionary guidance to support implementation of the new curriculum.
- Produce Quick Bytes, On-demand Professional Learning videos, recorded professional learning and podcasts supporting English as an Additional Language Learners, Curriculum, Social Emotional Learning, and other emergent topics
- Continue D2L Brightspace courses to support teaching and learning including: EAL Toolbox, Social Emotional Learning (SEL) and Diversity and Inclusion.
- Share portfolio newsletters sharing high impact strategies, resources, research and upcoming events for English as an Additional Language learners, Indigenous Education, Diversity and Inclusion, Languages, Core curriculum, CTS/Fine Arts, Well-Being and Early Learning.

## Targets |

Targets are identified where the Chief Superintendent sees an opportunity for growth or where the Board of Trustees identifies an area of concern or exception.

No targets have been set for 2025-26 as a new policy including a new reporting structure for Results 2: Academic Achievement was approved by the Board of Trustees in early 2025-26.

## Appendix 1: School Data Sources

School data fall into four categories.

- Demographic Data: establish the characteristics of the school population.
- Perception Data: tell us what students, staff, parents are thinking about the learning organization.
- Student Learning Data: provide evidence of student achievement against learning outcomes.
- School Process Data: are the actions taken to achieve the purpose of the school.

As illustrated in the figure above, the four types of data overlap and by examining results across multiple types of data allows schools to identify “what they are doing to get the results they are getting now, what is working, what is not working and how data elements relate to each other to impact results” Bernhardt, V. L. (2018). *Data analysis for continuous school improvement*. New York, NY: Routledge.

## School Development Planning

Each year, with input from staff, students, families and internal and external community members with a vested interest, the schools prepare development plans. A school's development plan sets out what needs to be done including the identification of goals, key actions, key outcomes and measures based on the school's data. The school development plan alongside the school improvement results report captures the previous year's improvement story and the plan moving forward. The plan and report are posted to the school's website under the About Us > Our School tab. School Improvement Results Report and School Development Plan Template

The 2024-2027 Education Plan mandated that all schools focus on specific goals related to literacy, mathematics, and/or well-being. Schools could either write their SDP in a disaggregated manner of individual learning goals or adopt a singular, overarching holistic goal. SDPs include data-informed student goals, instructional actions, resources, key outcomes, and measures (including baseline data for each measure). Regardless of the SDP model chosen, the tools used to measure impact were the same.

School improvement is about looking at last year's data through the lens of the work done by the school, in order to determine the impact on student learning. It is also about considering the students' learning needs in the context of the teachers' capacity to address these needs. School improvement goals are set based on these gaps.

Multiple measures of student achievement, including actions and processes, provided schools with information needed to improve teaching and learning for all students. Processes implemented across our system ensured the actions administrators and teachers took identified gaps and improved student learning and achievement.

## System Guiding Documents

CBE developed and updated *Literacy Framework*, *Mathematics Framework*, *Indigenous Education Holistic Lifelong Learning Framework*, *Well-Being Framework*, Assessment and Reporting in CBE, and CBE Understanding Grade Level Reading and Writing documents and accompanying checklists, were used by teachers to assess student understanding based on high impact teaching strategies. These measures supported teachers in identifying gaps and deciding what targeted, intentional teaching strategies to implement next as they reviewed student work and set new targets. CBE's K-12 Literacy and Mathematics Frameworks provide a systemic approach to curriculum implementation and assessment, ensuring that instruction is effective, equitable, and aligned with best practices. These

frameworks guide strategic planning and resource allocation by identifying areas of need within curriculum and professional development. To support the continued use of the CBE's K-12 Literacy and Mathematics Frameworks, teachers and school-based leaders had the opportunity to engage in system-wide professional learning aimed at enhancing instruction in both literacy and mathematics through research-based assessment practices and targeted curriculum support, helping educators calibrate their understanding of curricular outcomes, grade-level proficiency, and ways to monitor student growth. Professional learning sessions supported the ongoing implementation of the Frameworks and increased understanding of CBE's Five Guiding Principles of Assessment.

### **Professional Learning Communities**

At a school level, the professional learning community (PLC) meetings occurred regularly and was the context in which teachers identified learning gaps and planned instruction in learning cycles (sprints) to address the identified gaps. This was a common school process outlined in the SDP. Notes from these PLC meetings become evidence used to track each team's progress towards results. In these meetings, teachers analysed student work based on the programs of study in order to determine student results. Teachers brought student work samples and assessment tools (e.g., pre- and post-assessments, screening tools such as Mathematics Intervention/Programming Instrument, Mathematics and reading running records, teacher created quizzes and tests, common writing tasks and other performance tasks that include success criteria).

### **Collaborative Team Meetings**

Team meetings are a school process where teachers plan tasks collaboratively, with a focus on content that may or may not be included in the SDP. Teachers met to review learning outcomes, teaching strategies and assessment tools that would identify the extent to which students were learning the outcomes in the programs of study.

### **School-Based Professional Learning**

Schools engaged in professional learning, provided by the system and at the school level, to build teacher capacity in implementing high impact strategies and assessment practices that will close gaps and result in continuous improvement. Opportunities such as learning from colleagues to improve the collective wisdom of the teams, teacher mentoring, reading articles, exploring webinars and text resources, working with the system specialists, and learning from the Assessment and Reporting Key Contact at each school all contributed to continuous improvement.

### **English as an Additional Language Learner (EAL) Benchmarks**

The Alberta K-12 EAL Proficiency Benchmarks is a language proficiency assessment, developed in Alberta, as an informal criterion-based assessment. It was designed for use by teachers of English as additional language learners and can be used to assess language proficiency in the classroom context. Multiple times a year, teachers assess students' language proficiency levels for our EAL learners. This data, which included indicators in reading, writing, speaking and listening, informed the school, area and system on the need for intentional supports and effective instruction for language acquisition.

For more information, see Supporting English as an Additional Language Learners:  
<https://www.learnalberta.ca/content/eslapb/index.html>.

## Attendance Tracking

Regular attendance sets students on the path to reaching their full potential. Tracking attendance ensures timely follow-up to identify and address underlying barriers to attendance. Using a whole school approach to attendance, responses to student absences take into consideration each student's context and individual needs, in alignment with the continuum of supports and services.

## School Learning Team (SLT)

When students are not demonstrating success, the next step is for teachers to bring the students forward to the school learning team. Schools may assign members of the school learning team such as the principal, assistant principal, resource teacher, team teachers and learning leaders. The school learning team met to review student strengths and areas for growth, the effectiveness of strategies implemented and then plan actions that will support students. After a period of implementation, the school learning team reviewed the actions to determine next steps in addressing gaps.

## Area Learning Team (ALT)

Students who, after intentional support and intervention, were still struggling were brought forward to their area learning team where strategists, specialists, psychologists, under the direction of the system principal and education directors, met to plan interventions and action plans.

Each area had a team that supports schools. Access to the area learning team required schools to share their school learning team process and included a continuum of supports, starting at what we would see as support in every classroom for every child (tier 1) to targeted supports for some of the students some of the time (tier 2) and individualized school supports (tier 3).

Examples of supports that could be accessed by a referral to the area learning team included: school based mental health counsellor; psychological assessment; vision; audiology; EAL strategists; diversity & learning support advisor; Community Outreach of Pediatrics and Psychiatry in Education; inclusive education strategists; area behaviour support worker; speech language pathologist; occupational therapy; physiotherapy; Multi Agency School Support Team; Youth at Risk Development Program; John Howard Society; YMCA alternative to suspension; and Children's' Services.

**Indicator 2: Student results in English Language Arts and Mathematics; as measured by student report cards disaggregated by division and level of achievement.**

A. Student results by level of achievement within English Language Arts as measured by student report card stems 2024-25: Grades 1-9.

**Legend |**

4 – The student has demonstrated excellent achievement of grade level expectations.

3 – The student has demonstrated good achievement of grade level expectations.

2 – The student has demonstrated basic achievement of grade level expectations.

1 – The student is not meeting grade level expectations.

ELL – The student's language proficiency level impacts the evaluation of achievement. This indicator is used only when a student self-identified as English as an Additional Language Learners cannot be assessed against the stem.

IPP – Achievement of this report card outcome is reported through the student's Individual Program Plan (IPP). This indicator is used only when a student with identified special education need cannot be assessed against the stem.

B. Student results by level of achievement within Mathematics as measured by student report card stems 2024-25: Grades 1-9.

#### Legend |

- 4 – The student has demonstrated excellent achievement of grade level expectations.
- 3 – The student has demonstrated good achievement of grade level expectations.
- 2 – The student has demonstrated basic achievement of grade level expectations.
- 1 – The student is not meeting grade level expectations.

**ELL** – The student's language proficiency level impacts the evaluation of achievement. This indicator is used only when a student self-identified as English as an Additional Language Learners cannot be assessed against the stem.

**IPP** – Achievement of this report card outcome is reported through the student's Individual Program Plan (IPP). This indicator is used only when a student with identified special education need cannot be assessed against the stem.

**Stem 1: Develops number sense and applies strategies for computation and estimation**

**Indicator 4: Student results in each of Career & Technology Foundations/Studies (CTF/CTS), Fine and Performing Arts (FPA), French Language Arts (FLA), Languages, Physical Education, Science and Social Studies; as measured by student report cards disaggregated by division and level of achievement.**

A. Student results by level of achievement within Career & Technology Foundations as measured by student report cards 2024-25: Grades 1-9.

**Legend |**

4 – The student has demonstrated excellent achievement of grade level expectations.  
 3 – The student has demonstrated good achievement of grade level expectations.  
 2 – The student has demonstrated basic achievement of grade level expectations.  
 1 – The student is not meeting grade level expectations.  
 ELL – The student's language proficiency level impacts the evaluation of achievement. This indicator is used only when a student self-identified as English as an Additional Language Learners cannot be assessed against the stem.  
 IPP – Achievement of this report card outcome is reported through the student's Individual Program Plan (IPP). This indicator is used only when a student with identified special education need cannot be assessed against the stem.

## Attachment I: Alberta's Criteria for High School Completion Categories

- A. High School Diploma
- B. High School Equivalency Diploma
- C. Certificate of High School Achievement
- D. Post-Secondary Attendance
- E. Apprenticeship
- F. Academic Standing

### A. High School Diploma

#### [Alberta High School Diploma: Graduation requirements](#)

The requirements indicated below are the minimum requirements for a student to attain an Alberta High School Diploma. The requirements for entry into post-secondary institutions and workplaces may require additional and/or specific courses.

100 credits including the following:

- English Language Arts – 30-level (English Language Arts 30-1 or 30-2)
- Social Studies – 30-level (Social Studies 30-1 or 30-2)
- Mathematics – 20-level (Mathematics 20-1, Mathematics 20-2 or Mathematics 20-3)
- Science – 20-level (Science 20, Science 24, Biology 20, Chemistry 20 or Physics 20)
- Physical Education 10 (3 credits)
- Career and Life Management (3 credits)
- 10 credits in any combination from:
  - Career and Technology Studies (CTS) courses
  - Fine Arts courses
  - Second Languages courses
  - Physical Education 20 and/or 30
  - Knowledge and Employability courses
  - Registered Apprenticeship Program courses

Locally developed courses in CTS, fine arts, second languages or Knowledge and Employability occupational courses

- 10 credits in any 30-level course (in addition to a 30-level English Language Arts and a 30-level Social Studies course as specified above). These courses may include:
  - 30-level locally developed courses
  - Advanced level (3000 series) in Career and Technology Studies courses
  - 30-level Work Experience course
  - 30-level Knowledge and Employability courses
  - 30-level Registered Apprenticeship Program courses
  - 30-level Green Certificate Specialization courses
  - Special Projects 30

- ① The science requirement – Science 20 or 24, Biology 20, Chemistry 20 or Physics 20 – may also be met with the 10-credit combination of Science 14 and Science 10.
- ② See information on exemption from the physical education requirement.
- ③ See information on exemption from the CALM requirement.
- ④ 30-level English language arts or 30-level social studies courses from a different course sequence may not be used to meet the 30-level course requirement.
- ⑤ Students may earn a maximum of 30 credits in Work Experience, but only 15 credits may be used to meet the 100-credit requirement for the Alberta High School Diploma.

#### Further Notes:

- Courses that are identified using a post-secondary institution (PSI) course code may be used to meet the diploma requirements of “10 credits in any combination from Career and Technology Studies (CTS) courses” and “10 credits in any 30-level course Advanced level (3000 series) in Career and Technology Studies courses.”
- For 30-level courses that have a diploma examination, the final course mark consists of a blend of the school-awarded mark (70%) and the diploma examination mark (30%).
- Only 5 high school credits for external learning may be used to meet the 100-credit requirement for the Alberta High School Diploma.

#### B. High School Equivalency Diploma

- [High School Equivalency Diploma](#)

There are two options for achieving a High School Equivalency Diploma.

- Option 1 – A person 18 years or older as of September 1 of the current school year who is deficient in the credits needed for an Alberta High School Diploma, who has been out of school for at least 10 consecutive months and who wishes to obtain a High School Equivalency Diploma, should apply to the principal of a senior high school in the community. The principal will first confirm that the candidate has achieved 60 credits through classroom instruction in a school or other institution accredited by or acceptable to the Minister. For out-of-province students, refer to the Evaluation of Out-of-province/Out-of-country Educational Documents section.
- The 60 credits will include:
  - a high school course in Mathematics (5 credits)
  - a high school course in science (3 credits)
  - English Language Arts 30-1 or 30-2 (5 credits) or Français 30-1 or 30-2 (5 credits)
  - one other 30-level course, other than English Language Arts (5 credits)
  - additional high school courses (42 credits)

If the student has met all of the requirements above, the principal will apply additional credits. Additional credits can be awarded in Provincial Approach to Student Information (PASI) for the following:

- additional high school courses
- a maximum of 15 credits for approved adult education courses offered by recognized agencies (e.g., public colleges, institutes of technology, extension divisions of universities, adult evening classes)
- a maximum of 15 credits for age, according to the following scale:
  - age 21-24 (inclusive) 5 credits
  - age 25-29 (inclusive) 10 credits
  - age 30 and over 15 credits
- a maximum of 5 credits for extensive travel
- a maximum of 5 credits for extensive reading

The student will be awarded the credential if the number of additional credits added to the minimum 60 credits gained through classroom instruction totals at least 100.

Copies of all necessary documents should be retained by the principal in accordance with school authority requirements.

**Note** | the credits for adult education, age, extensive travel and extensive reading cannot be used toward meeting the 100-credit requirement for the Alberta High School Diploma.

- Option 2 – A person 18 years or older who has been out of school for at least 10 consecutive months and who passes all five tests in the General Educational Development (GED) test battery with a minimum standard score of 450 or better on each test will be granted a High School Equivalency Diploma.

### C. Certificate of High School Achievement

- [Certificate of High School Achievement requirements](#)
- The requirements indicated in this chart are the minimum requirements for a student to attain a Certificate of High School Achievement. The requirements for entry into post-secondary institutions and workplaces may require additional and/or specific courses.
- 80 credits including the following:
  - English Language Arts 20-2 OR 30-4
  - Mathematics 10-3 OR 20-4
  - Science 14 OR 20-4
  - Social Studies 10-2 OR 20-4
  - Physical Education 10 (3 credits)
  - Career and Life Management (3 credits)
- 5 credits in:
  - 30-level Knowledge and Employability occupational course, or
  - advanced level (3000 series) in Career and Technology Studies courses, or
  - 30-level locally developed course with an occupational focus

AND

- 5 credits in:
  - 30-level Knowledge and Employability Workplace Practicum course, or
  - 30-level Work Experience course, or
  - 30-level Green Certificate course, or
  - Special Projects 30

OR

5 credits in a 30-level Registered Apprenticeship Program (RAP) course.

- ① To qualify for a Certificate of High School Achievement, students must successfully complete a minimum of one academic Knowledge and Employability course or be identified as a Knowledge and Employability student (710 code) within the 12 months previous to the awarding of the Certificate.

#### D. Post-Secondary Attendance

- [Student Outcomes Measures Based on the Grade 10 Cohort | Methodologies for Rates Calculation](#) p. 11
- Students enrolled in a credit program in an Alberta post-secondary who have not achieved completion status through a High School Diploma, High School Equivalency Diploma, or Certificate of Achievement are considered non-credentialed high school completers. The information on post-secondary enrolments incorporates post-secondary Classification of Instructional Programs (CIP) coding to better identify students enrolled in programs not deemed to be post-secondary level (e.g., academic upgrading). Students in these programs are not considered completers for the purpose of this measure.

#### E. Apprenticeship

- [Student Outcomes Measures Based on the Grade 10 Cohort | Methodologies for Rates Calculation](#) p. 11
- Students registered in an apprenticeship program who have not achieved completion status through a High School Diploma, High School Equivalency Diploma, or Certificate of Achievement and are no longer registered in school are considered non-credentialed high school completers. The Alberta Student Number is used to match students from the Grade 10 Cohort with the apprentices in Alberta Advanced Education’s apprenticeship information system (ATOMS). Students in a Registered Apprenticeship Program (RAP) are excluded because they are still in high school. Students identified as both attending a post-secondary institution and having registered in an apprenticeship program are reported as attending a post-secondary institution.

## F. Academic Standing

- [Student Outcomes Measures Based on the Grade 10 Cohort | Methodologies for Rates Calculation](#) p. 11

Students who have not achieved completion status through a High School Diploma, High School Equivalency Diploma, or Certificate of Achievement have achieved academic standing if they have passed a minimum of five Grade 12 courses including a Language Arts diploma exam course and three other diploma exam courses. These students may be eligible for post-secondary entrance and some may be attending a post-secondary institution out of province.

## OE-4: Treatment of Employees

## Executive Summary

The Board of Trustees believes that student success and well-being depend upon the recruitment, retention, and fair compensation of highly qualified employees working in an environment that is safe, courteous, and professionally supportive.

This Operational Expectation establishes the values and expectations of the Board of Trustees for the Calgary Board of Education regarding the treatment of employees.

The Chief Superintendent's reasonable interpretation and indicators for OE 4: Treatment of Employees were approved on October 12, 2021. The Board was last presented with the annual monitoring report for OE 4 on November 5, 2024. This report includes data available from the 2024-2025 school year and contains evidence to support the following findings:

## OE-4: Treatment of Employees

The Board of Trustees believes that student success and well-being depend upon the recruitment, retention, and fair compensation of highly qualified employees working in an environment that is safe, courteous, and professionally supportive.

### Board-approved Interpretation |

CBE has the ability to positively impact the achievement of CBE Results through the quality and performance of employees and attention to workplace culture.

The Chief Superintendent interprets:

- *recruitment* to mean the selection of employees newly hired to the CBE.
- *retention* to mean the ongoing employment and commitment of employees.
- *fair compensation* to mean the aggregate cost of salaries and benefits for employees that are competitive subject to CBE's ability to pay.
- *highly qualified* to mean possessing the skills, knowledge and abilities required of the position and whose principles align with CBE values and vision.

The Chief Superintendent shall:

4.1	Provide a safe, supportive and respectful organizational culture for all staff that respects diversity and fosters a positive and welcoming environment.	Compliant
-----	--	-----------

The Chief Superintendent has a responsibility to ensure that the organization implements policies and practices that ensure a welcoming, caring, respectful and safe work environment.

The Chief Superintendent interprets:

- *safe* to mean a work environment that is free from potential harm to employees and their well-being.
- *supportive* to mean opportunities for growth and development
- *respectful* to mean a work environment that is caring and where employees feel they are treated fairly.
- *organizational culture* to mean the creation and existence of a safe and courteous environment for its employees
- *diversity* to mean exhibiting the full range of human characteristics and

## OE-4: Treatment of Employees

abilities.

- *positive and welcoming environment* to mean an atmosphere that is encouraging, stimulating and engaging.

### Board-approved Indicators and *Evidence of Compliance* |

4.1.1	Improvement aimed at promoting a welcoming, caring, safe and respectful work environment is noted within two years of scheduled single topic surveys.	Compliant
-------	---	-----------

*The organization is compliant with this indicator.*

#### *Evidence statement*

In April 2024, a well-being survey was deployed to all employees as a follow-up to the first targeted employee survey administered in June 2022. A total of 7,048 staff completed the survey, which is a 5.9% increase from 2022. Almost 92% of the respondents work in schools, with the remaining 8% of responses being from service units. Overall the results of the 2024 survey were similar to that of the 2022 survey with quantitative results indicating that managing workload, leadership to support well-being, and employee awareness of resources remain of high importance to employees. Employee benefits were also identified as being of high value with 94.6% of survey participants ranking it as the top resource in relation to well-being.

Over the past two years, the CBE has introduced and expanded several initiatives designed to strengthen a welcoming, caring, safe and respectful work environment, with positive movement in key areas. Although overall absences increased as our workforce grew, CBE teaching staff continue to miss fewer days on average, about nine annually compared to nearly 13 during the comparable time period in the Canadian public sector, providing one indicator of relative stability. By engaging employees early in their recovery and facilitating access to practical treatment, the CBE has helped employees return to work sooner and more sustainably, reducing both the duration and frequency of long-term disability claims compared to previous years. An early intervention program launched in January 2024 also shows early signs of effectiveness. Of those who participated, 88 per cent accessed psychological counselling. Of those who participated in any of the services, 81 per cent reported improvement after receiving support suggesting that services provided were responsive to employee needs.

Employee access to mental health and wellness supports has grown, reflecting continued efforts to strengthen workplace culture. Use of the Employee and Family Assistance Program increased from 5.9% in 2020 to 13.9% in 2024, above the industry average of 10.2%, with more than 2,100 new cases last year, most involving counselling. This points to greater awareness and willingness to seek

## OE-4: Treatment of Employees

support. Professional learning and leadership development have also expanded, with workshops on areas such as resiliency, communication, and leadership supporting employees' capacity to contribute to respectful and inclusive workplaces. This data collectively demonstrates that actions taken following recent survey feedback are contributing to ongoing efforts to enhance workplace well-being and culture.

4.1.2	A comprehensive program of PIF and granted leaves of absences in support of opportunities for personal and professional growth or learning will be offered annually.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

The CBE currently provides Professional Improvement Fellowships (PIF) leave opportunities to continuous Staff Association (SA), Professional Support Staff (PSS) and certificated Alberta Teachers' Association (ATA) employees. In the 2024-2025 school year, 26 employees were granted and began their Professional Improvement Fellowship (PIF) leave.

The composition of employees taking a PIF consisted of 16 employees affiliated with the ATA, and 10 with the SA. In addition, there were 51 tuition and books approved for reimbursement through the PIF program. Currently, the CBE does not track if other granted leaves (deferred salary or general leaves) are utilized for professional or personal development; however, it is plausible that some are used in this manner.

4.1.3	Mechanisms in place that support a safe organizational culture are utilized (such as Harassment, Workplace Violence, and Whistleblower reports).	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

CBE has comprehensive administrative regulations that establish standards for employee conduct, and that provide clear processes to address complaints of bullying, harassment, discrimination, and gross mismanagement of CBE resources.

## OE-4: Treatment of Employees

During 2024-2025 school year, AR 4090 - Public Interest Disclosure, AR 4027 - Employee Code of Conduct and AR 4038 - Harassment, Sexual Harassment and Discrimination were reported as being shared and discussed by 100% of all supervisors, including principals. Employees can file complaints through multiple mechanisms – e.g., directly to the Superintendent of Human Resources or through Public School Works. Whistleblower complaints are directed to the Designated Officer at CBE.

Complaints under the relevant mechanisms from a range of employee occupations and worksites are evidence that these mechanisms are available and utilized.

***Evidence demonstrates all indicators in subsection 1 are in compliance.***

**OE-4: Treatment of Employees**

4.2	Establish and implement standards and practices for the recruitment, fair compensation, and retention of highly qualified employees. a. Retain an external expert to conduct a salary survey of exempt and executive positions in 2023 and every four years thereafter.	Compliant
-----	--	-----------

The processes involved in hiring new employees and maintaining current employees are critical to supporting the achievement of CBE Results.

The Chief Superintendent interprets:

- *standards* to mean the benchmarks of the CBE that provide a measure through which analysis of practices supports continuous growth in practices;
- *practices* to mean the strategic operations of human resources through which CBE manages employees compliant with legislative and regulatory requirements and in alignment with CBE's Education Plan;
- *recruitment* to mean the selection of employees newly hired to the CBE
- *fair compensation* to mean the aggregate cost of salaries and benefits for employees that are competitive subject to CBE's ability to pay.
- *retention* to mean the ongoing employment and commitment of employees.
- *highly qualified* to mean possessing the skills, knowledge and abilities required of the position and principles that align with CBE values and vision.

**Board-approved Indicators and Evidence of Compliance |**

4.2.1	90% of employees who pass their probationary period will still be employed with the CBE at the 2-year anniversary.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

*Evidence statement*

At the end of the 2024-2025 school year, 92.28% of continuous employees remained employed with the CBE two years after completing their probation period. This is a 1% increase from the same time last year. The Lunch Supervisor role, who while continuous employees, are part-time and work a limited number of hours per week (10 hours per week). This group of employees experience high turnover as they are often parents with demanding schedules. Excluding Lunchroom Supervisors, 95.5% of employees (up from 95.3% last year) remained employed after 2 years.

## OE-4: Treatment of Employees

4.2.2	95% of school based principals and assistant principals who successfully pass their evaluation will have maintained the designation at the 3 year anniversary.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

In 2024-2025 school year, 100% of school-based principals and 100% of school based assistant principals, who successfully passed their evaluation, maintained their designation at their three (3) year anniversary in 2024-2025.

4.2.3	Salaries and benefits are reviewed annually against identified comparators.	Compliant
-------	---	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

In 2024-2025, salaries and benefits were reviewed against relevant comparators in support of both collective bargaining in the case of unionized staff and compensation policy decisions for exempt staff. New external salary surveys have been reviewed.

4.2.4	An external expert conducted a survey of exempt and executive position salaries.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

The CBE retained an external expert to conduct a salary survey of exempt and executive positions. A review of exempt and executive positions was completed in 2025. Findings of this review were presented to the Board on April 22, 2025.

***Evidence demonstrates all indicators in subsection 2 are in compliance.***

## OE-4: Treatment of Employees

4.3	Administer clear personnel rules and procedures for employees, including processes for suspension, transfer and termination actions.	Compliant
-----	--	-----------

Having clear rules and procedures that identify expectations and govern employees is essential to the fair and transparent operation of the organization.

The Chief Superintendent interprets:

- *administer* to mean develop, provide and apply.
- *personnel rules* to mean CBE Administrative Regulations pertaining to employee behaviour and those provisions/processes identified within the *Education Act*.
- *procedures* to mean those practices and processes subject to the provisions of the collective agreements, terms and conditions of employment and current *Education Act*.

4.3.1	100% of employees will be made aware of Calgary Board of Education policies or regulations governing: <ul style="list-style-type: none"> <li>• respect in the workplace;</li> <li>• conflict of interest; and</li> <li>• responsible use of electronic information resources.</li> </ul>	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

All employees who join the organization are provided with CBE documentation regarding regulations governing respect in the workplace, the Employee Code of Conduct and Responsible Use of Electronic Information resources and regulations, through the onboarding process. Employees are responsible for signing-off to indicate awareness.

Every new employee is provided with a link to all new hire documents that include:

- AR 4027 – Employee Code of Conduct;
- AR 1061 – Responsible Care and Security of Information;
- AR 1062 – Responsible Use of Electronic Information;
- AR 1070 – Occupational Health and Safety; and
- AR 6024 – Student Records.

## OE-4: Treatment of Employees

Regulations governing respect in the workplace and conflict of interest are available to all employees. Employees access regulations online through the CBE Staff Insite. All employees are advised, as part of a communication plan, of any changes to the administrative regulations. In addition, one hundred percent (100%) of employees are made aware of the policy regarding the responsible use of electronic information each time they log into the CBE network.

4.3.2	<p>There will be no grievance, arbitration, board of reference decisions, or findings in a court of law that the CBE failed to administer clear personnel rules and procedures for employees, including processes for suspension, transfer and termination actions</p>	Compliant, with noted exception
-------	--	---------------------------------

*The organization is compliant with this indicator, subject to the exception noted below.*

### *Evidence statement*

There were no adverse decisions toward the CBE regarding grievances, arbitrations, board of reference decisions or findings in a court of law that CBE failed to administer clear personnel rules and procedures for employees, including processes for suspension, transfer and termination actions, other than the following single exception:

- A grievance arbitrator determined that the CBE did not comply with process required under Administrative Regulation 4002, Administrator Growth, Supervision and Evaluation, s. 26(2) [preconditions before a supervisor can direct an evaluation]. The grievance arbitrator noted in his decision “I wish to emphasize that there is no evidence of bad faith by the CBE, by [the administrator] or anyone else.”

***Evidence demonstrates all indicators in subsection 3 are in compliance, subject to the exception noted for 4.3.2.***

## OE-4: Treatment of Employees

4.4	Ensure the Board's approval for the bargaining mandate, the ratification of all collective agreements for unionized employees, and the approval of the total compensation of all exempt employees.	Compliant
-----	--	-----------

Negotiation discussions with unionized employees must be conducted within reasonable and permitted parameters. The Chief Superintendent interprets:

- *Board's approval* to mean a carried motion recorded in the minutes of a meeting of the Board of Trustees.
- *bargaining mandate* to mean the parameters within which a new collective agreement may be negotiated.
- *ratification* to mean the approval to conclude a collective agreement in accordance with the Labour Relations Code.
- *total compensation* to mean aggregate cost of salaries and benefits for exempt employees that are funded from the CBE budget.
- *exempt employees* to mean personnel who are not part of a bargaining unit according to the Labour Relations Code.

4.4.1	The commencement of every round of collective bargaining occurs after the Board of Trustees approves a bargaining mandate.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

### *Evidence statement*

The following bargaining mandates were presented to the Board of Trustees between September 1, 2024 and August 31, 2025 (fiscal year).

The Bargaining Council of the Calgary Board of Education Construction and Maintenance Skilled Trades Unions (Trades)

- Mandate presented to the Board: September 24, 2024

The Canadian Union of Public Employees (CUPE) Local 40 Memorandum of Agreement

- Mandate presented to the Board: November 21, 2024.

## OE-4: Treatment of Employees

### Staff Association (Main & PSS)

- Mandate presented to the Board: December 17, 2024

### Alberta Teachers Association (ATA)

- No bargaining mandate was required to be presented to the Board during the 2024 – 2025 fiscal year.
- Central bargaining between the ATA and TEBA occurs at the provincial level. This means that items like teacher salaries are set through provincial collective agreement, not through individual school boards. Local bargaining commences only after the conclusion of the central table matters.

4.4.2	All collective bargaining settlements occur within the parameters of any mandate approved by the Board of Trustees.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

#### *Evidence statement*

Settlements reached during the 2024-2025 fiscal year were within the parameters of any mandate approved by the Board of Trustees:

- The Canadian Union of Public Employees (CUPE) Local 40 Memorandum of Agreement, March 17, 2025.
- The Bargaining Council of the Calgary Board of Education Construction and Maintenance Skilled Trades Unions (Trades) Memorandum of Agreement, March 25, 2025.
- The Calgary Board of Education Staff Association – Main Body (MB) Memorandum of Agreement, April 2, 2025. Settlement for 10-hour employee compensation reached June 17, 2025.
- The Calgary Board of Education Staff Association Professional Support Staff (PSS) Memorandum of Agreement, April 2, 2025.

## OE-4: Treatment of Employees

4.4.3	Every round of collective bargaining is concluded with the ratification of the new collective agreement by the Board of Trustees	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

*Evidence statement*

Collective bargaining was concluded with the ratification of new collective agreements by Board of Trustees as follows:

- The Bargaining Council of the Calgary Board of Education Construction and Maintenance Skilled Trades Unions (Trades) - April 8, 2025.
- The Canadian Union of Public Employees (CUPE) Local 40 – March 20, 2025.
- The Calgary Board of Education Staff Association – Main Body (MB), June 24, 2025.
- The Calgary Board of Education Staff Association – Professional Support Staff (PSS), June 24, 2025.

4.4.4	Changes to total compensation packages for exempt employees occur after the Board of Trustees' approval.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

*Evidence statement*

The Board approved changes to the total compensation package for exempt and executive employees on April 22, 2025.

***Evidence demonstrates all indicators in subsection 4 are in compliance.***

### GLOSSARY – Developed by the Board of Trustees

Board: The Board of Trustees

Operational Expectations: These policies define both the nonnegotiable expectations and the clear boundaries within which the Chief Superintendent and staff must operate. They articulate the actions and decisions the Board would find either absolutely necessary or totally unacceptable.

Monitoring Report: The Board wants to know that its values have driven organizational performance. The Chief Superintendent will present to the Board, for its evaluation, a report that summarized how either compliance has been achieved on Operational Expectations or how reasonable progress has been made in Results. Each monitoring report requires: a re-statement of the full policy, by section; a reasonable interpretation of each section; data sufficient to prove compliance or reasonable progress; and a signed certification from the Chief Superintendent of the status.

Reasonable Interpretation: Once the Board has stated its values in policy, the Chief Superintendent is required to “interpret” policy values, saying back to the Board, “here is what the Board’s value means to me.” The Board then judges whether this interpretation is reasonable. In other words, does the Chief Superintendent “get it?” This reasonable interpretation is the first step required in monitoring compliance on Operational Expectations and monitoring reasonable progress on Results.

Compliance: Evidence or data that allow the Board to judge whether the Chief Superintendent has met the standard set in the Operational Expectations values.

Non-compliance: In gathering evidence and data to prove to the Board that its Operational Expectations values have been adhered to, there may be areas where the standards were not met.

The policy or subsection of the policy would be found to be “non-compliant.” The Chief Superintendent would identify the capacity-building needed to come into compliance and the Board would schedule this section of policy for re-monitoring.

## Executive Summary

The Board of Trustees believes that working with our communities is a critical component to building relationships that support student success, the Calgary Board of Education and public education. Communities include students, parents, school councils, staff, post-secondary institutions, members of the public, corporate and community partners, and all levels of government. We value relationships based on mutual respect, courtesy, honesty, freedom of information and protection of privacy.

This Operational Expectation establishes the values and expectations of the Board of Trustees for the Calgary Board of Education regarding communicating and engaging with the public and staff

The Chief Superintendent's reasonable interpretation and indicators for OE 8: Communicating and Engaging with the Public were approved on June 24, 2025. The Board was last presented with the annual monitoring report for OE 8 on January 14, 2025.

This report includes data available from the 2024-25 school year and contains evidence to support the following findings:

### Board-approved Interpretation |

In the course of our work, it is important to build positive relationships with various stakeholders that are characterized by:

- clearly stated roles, responsibilities and contributions;
- clear and understood decision-making processes where voice is valued; and
- collective support for student success.

The Chief Superintendent interprets:

- *communities* to mean stakeholders that share a commonality as it relates to CBE business.
- *corporate and community partners* to mean organizations or individual members of the public that provide support and/or services that contribute to student success.
- *all levels of government* to mean representatives of municipal, provincial and federal ministries and/or departments.
- *mutual respect* to mean clearly stated roles and responsibilities between CBE authorities and participants.
- *courtesy* to mean the interactions with the public are open, respectful and cooperative.
- *honesty* to mean communicating information clearly, candidly and in a timely manner; and
- *freedom of information and protection of privacy* to mean the sharing of information as appropriate in compliance with relevant legislation.

The Chief Superintendent shall:

8.1	Ensure the timely flow of information, appropriate input, and strategic two-way dialogue between the organization and its communities to build understanding and support for organizational efforts.	Compliant
-----	--	-----------

Engaging with our public is a critical component to building relationships that support public education and student success.

The Chief Superintendent interprets:

- *timely* to mean promptly once administration becomes aware of and has validated information;
- *flow* to mean provision and/or distribution;
- *appropriate input* to mean perspective, ideas, comment and opinion sought from public with clear expectations for how the input will be used;
- *strategic* to mean in consideration of the vision, plans and challenges facing the organization as a whole;
- *two-way dialogue* to mean sharing, informing, listening, exchange of ideas and responding;
- *understanding* to mean fact-based knowledge about the organization; and
- *support* to mean agreement with the vision, values and work of the organization.

## Board-approved Indicators and Evidence of Compliance |

8.1.1	100 per cent of system-level communications will enable feedback or provide the public with the ability to ask questions.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

### *Evidence statement*

During the 2024-25 school year, 100 per cent of system-level communication included at least one of the following:

- CBE website address and/or contact information of the system, department, school or individual responsible for content.

CBE's corporate website has several dedicated email feedback mechanisms.

Examples include: [webmaster@cbe.ab.ca](mailto:webmaster@cbe.ab.ca), [cbecomunications@cbe.ab.ca](mailto:cbecomunications@cbe.ab.ca), [dialogue@cbe.ab.ca](mailto:dialogue@cbe.ab.ca), [transportation@cbe.ab.ca](mailto:transportation@cbe.ab.ca), [partnerships@cbe.ab.ca](mailto:partnerships@cbe.ab.ca), and [schoolcouncils@cbe.ab.ca](mailto:schoolcouncils@cbe.ab.ca). There is a link to the contact form in the footer displayed on every page of the site.

8.1.2	The Dialogue Framework is being used with affected stakeholders to help inform decision-making.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

### *Evidence statement*

The *Dialogue Framework* guides community engagement activities across the organization. School and service unit leaders use the framework on an ongoing basis and reach out to Communication and Engagement Services for support, when appropriate. There is a toolkit of engagement resources available on Insite to support leaders in their engagement activities as well as additional videos and resources on the effective use of our online engagement platform, community engagement for stronger school councils and more. These resources are updated on an ongoing basis.

System-led engagements conducted in the 2024-25 school year include:

- School Planning Engagement (which includes school development plans, school budgets and school fees); and
- Internal K-9 Reporting and Assessment Engagement

Additional details are outlined in indicator 8.4.1.

8.1.3	Ninety per cent of public enquiries received at the system level by voice mail and email are acknowledged within two business days.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

*Evidence statement*

Of the service units that have direct interaction with the public, 100 per cent reported that public enquiries were acknowledged within two business days.

***Evidence demonstrates all indicators in subsection 1 are in compliance.***

8.2	Ensure that school councils are supported in performing their mandated role.	Compliant
-----	--	-----------

Involved and informed school communities have the potential to make a significant impact on student success.

The Chief Superintendent interprets:

- *school councils* to mean a collective association of individuals as identified by Alberta Education in each school, working collaboratively with the principals and school community.
- *mandated role* to mean serving in an advisory capacity to the principal and Board of Trustees respecting matters related to the school.

### Board-approved Indicators and Evidence of Compliance |

8.2.1	Available school council resources are accessed through the corporate website.	Compliant
-------	--	-----------

The organization is compliant with this indicator.

#### *Evidence statement*

The corporate website includes dedicated pages with a variety of resources for school councils. These include:

- the School Council Handbook, which is reviewed and updated regularly;
- links to the Community of School Councils (COSC) meeting materials and resources;
- links to Alberta School Councils' Association (ASCA) resources;
- relevant Administrative Regulations;
- templates for school council annual reports and sample agendas minutes, bylaws, and other important checklists; and
- social media guidelines for school councils.

The CBE Connections newsletter was sent monthly to over 160,000 recipients with important information and updates for families, school councils and school communities. Over the course of the school year

73,000 people visited the CBE Connections section of the website for additional information. The corporate website also has dedicated pages for school council and parent societies.

- [School Council Handbook](#): 325 downloads
- [School Councils page](#): 3,329 page views
- [Administrative Regulation 5001](#): 186 downloads
- [Social Media Guidelines for School Councils](#): 5 downloads

8.2.2	Information is shared on a timely basis with school councils.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

*Evidence statement*

In 2024-25, 10 CBE Connections newsletters were emailed to families and schools. The newsletter is also published on the CBE website. This newsletter includes timely information for school communities and school councils such as back-to-school and transportation reminders, important dates and engagement opportunities.

Two COSC (Council of School Communities) meetings were hosted by the Board of Trustees in the 2024-25 school year. CBE administration supports those meetings. Regarding attendance, the meetings are well attended, with 112 people at the October 2024 meeting and 92 people at the April 2025 meeting. Meetings generally include key system updates, presentations, breakout room discussions and Q&A with superintendents and trustees. Topics included enrolment growth, trustee advocacy efforts, budget and capital planning.

8.2.3	Principals confirm that school councils are offered opportunities to provide input and feedback on the school development plan.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

*Evidence statement*

During the 2024-25 school year, 100 per cent of principals who have school councils confirmed that they provided the school council with the opportunity to receive information and provide feedback regarding school development plans. Three unique-setting schools indicated they do not have a school council. All schools publish their school development plans on their website.

In the 2024-25 school year, schools gathered feedback from parents on school development plans, school budgets and school fees from February to March 2025. Schools gathered input and feedback using a toolkit developed by Communication and Engagement Services, Research & Strategy and Finance. This toolkit asked schools to provide opportunities for feedback at school council or parent meetings and through online surveys. Materials included in the toolkit included online survey templates, presentation templates, meeting evaluation templates and other resources. Approximately 6,362 responses to school planning online surveys and meeting evaluations were received in 2024-25. An internal project team works to develop content and guide this engagement process each year. It includes representatives from School Improvement, Finance and Communication & Engagement Services. Each year, the project team consults with and gathers feedback from education directors and Fee Committee as well.

8.2.4	Principals confirm that school councils are offered opportunities to provide input and feedback on the school-based budget.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

*Evidence statement*

During the 2024-25 school year, 100 per cent of principals who have school councils confirmed that they have provided school council with the opportunity to receive information and an opportunity to provide feedback regarding school-based budgets using the dialogue toolkit. As noted above, school budget feedback is collected as part of the school planning engagement process.

Schools gathered input and feedback from parents on school budget, school fees and school development plans during February and March 2025 using a toolkit developed by Communication and Engagement Services. This toolkit asked schools to provide opportunities for feedback at school council meetings and through online surveys in February and March.

Resources available to schools in the toolkit included an online survey template, presentation templates, meeting evaluation template, meeting invitation templates, videos and materials for posting information on school websites.

***Evidence demonstrates all indicators in subsection 2 are in compliance.***

8.3	Effectively handle complaints and concerns.	Compliant
-----	---	-----------

Contributing to the success of an effective organization is the provision for a process which addresses concerns and complaints.

The Chief Superintendent interprets:

- *effectively* to mean reviewed and responded to within reasonable or posted time frames utilizing existing mechanisms and processes; and
- *complaints and concerns* to mean a formal expression of discontent:
  - about the values, customs or regulations of the CBE;
  - within the context of their relationship with the CBE; and
  - requiring a response.

### Board-approved Indicators and Evidence of Compliance |

8.3.1	Ninety per cent of concerns and complaints received at the Area and system level are responded to within the stated time frames as outlined in AR 5007.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

#### *Evidence statement*

All Area offices and service units who deal with the public reported that 100 per cent of concerns and complaints received were responded to within expected timelines. Administrative Regulation 5007: Concerns and Complaints outlines expected timelines that escalate through levels if not addressed. Each level has timelines specific to that level of concern or complaint.

8.3.2	Principals and system leaders confirm the approved concerns and complaints process is used.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

#### *Evidence statement*

100 per cent of principals and system leaders confirmed, when applicable, parents were directed to utilize the Concerns and Complaints process. This usually occurs if a parent feels their concerns are not being addressed at the school or system level.

***Evidence demonstrates all indicators in subsection 3 are in compliance.***

8.4	Reasonably include people in decisions that affect them.	Compliant
-----	--	-----------

Better decisions are made when people work together to solve problems and find solutions.

The Chief Superintendent interprets:

- *reasonably include* to mean sensible, fair, and appropriate opportunities are offered to provide feedback to the decision-making process; and
- *decisions that affect them* to mean those choices that are made that directly impact individuals.

### Board-approved Indicators and Evidence of Compliance |

8.4.1	One hundred per cent of community engagement processes are organized for reasonable and appropriate participation in decision-making as identified in the Dialogue Framework.	Compliant
-------	---	-----------

The organization is compliant with this indicator.

#### *Evidence statement*

The Dialogue Framework guides the CBE's engagement activities. More details on engagements conducted in 2024-25 school year are outlined below.

- School Planning engagement (which includes school development plans, school budgets and school fees);
- K-9 Reporting and Assessment Internal Engagement

#### **School Planning Engagement**

Each year, the CBE asks families to share their perspectives on school development plans, school budgets and school fees. This input and feedback help schools to plan and make decisions for the following school year.

This annual engagement is facilitated and organized centrally by Communication and Engagement Services, School Improvement and Finance. This engagement process is designed to provide the resources and tools principals need to engage their communities in a consistent manner while still allowing schools the flexibility to customize materials to suit their unique context. Principals play the lead role in gathering input and feedback from their parents and school councils.

Each year a toolkit of resources is updated and made available to school leaders. In 2024-25, the toolkit included an informational video for parents, online survey templates, presentation templates, a session evaluation template, invitation templates and more. Families can use video captions to learn about school planning in their language. Online surveys can be translated and completed into more than 30 languages.

The toolkit asks principals to gather input in two ways: at a school council/parent meeting and through a short online survey. The timeframe for the engagement was between Feb. 1 and March 31, 2025. There were 6,362 responses from CBE parents to the school planning online surveys and meeting evaluations in 2024-25.

To support the engagement, preparation sessions are also provided for principals. At the sessions, best practices and information are shared along with support for the online platform (Zencity Engage). As part of the process, principals are invited to share their experience with the support and resources available to help plan and improve for the following year. The school planning engagement process continues to be refined including opportunities to build leaders' understanding of its purpose, sharing best practices and streamlining how feedback is gathered.

### K-9 Reporting and Assessment Internal Engagement

In March and April 2025, the CBE gathered input and feedback from approximately 70 per cent (3,600+) of all K-9 teachers and administrators on possible ways to reduce teacher workload, enhance assessment and reporting practices, and ensure alignment with provincial expectations and CBE policies. This engagement took place in response to a shared commitment between ATA Local 38 and the CBE to explore workload related to K-9 reporting and assessment.

K-9 school administrators and teachers shared their perspectives at six in-person sessions and through an online survey.

As a result of this engagement, the CBE is implementing a variety of actions to ensure system consistency. Some actions are being rolled out in the 2025-26 school year, while others will require more time. These actions will help to reduce workload, identify opportunities for continuous improvement and will also have a positive impact on reporting and assessment for Grades 10-12. The actions reflect the CBE's commitment to employee well-being, which is identified as a top priority in the CBE's 2024-27 Education Plan.

8.4.2	Sixty per cent of participants responding to the post engagement evaluation indicate satisfaction with their involvement in the individual engagement meeting.	Compliant
-------	--	-----------

*The organization is compliant with this indicator.*

#### *Evidence statement*

In-person session evaluations for the K-9 reporting and assessment engagement indicate that 90 per cent of 186 respondents were satisfied with the opportunity they had to share their thoughts and feedback.

8.4.3	The percentage of parents indicating agreement with the suite of questions from the CBE Annual Parental Involvement results, as determined by the Alberta Education's Accountability Pillar Survey will be maintained plus or minus two percentage points.	Compliant
-------	--	-----------

The organization is compliant with this indicator.

*Evidence statement*

The results of parents responding positively regarding the suite of questions tied to Parental Involvement for the past five years are as follows:

2020-21	2021-22	2022-23	2023-24	2024-25
68.7%	70.9%	70.6%	71.6%	72.8%

Note | these results are from the Alberta Education Assurance Survey (formerly known as the Accountability Pillar Survey).

The percentage of parents satisfied with parental involvement in decisions about their child's education in the 2024-25 school year was 72.8 per cent. This agreement level is 1.2 percentage points higher than the parent agreement level in 2023-24. As such, these data indicate that CBE is in alignment with indicator 8.4.3. The increase is an improvement when compared to the three-year average for this Indicator.

8.4.4	Principals confirm staff involvement in school decisions as required by collective agreements.	Compliant
-------	--	-----------

The organization is compliant with this indicator.

*Evidence statement*

During the 2024-25 school year, 100 per cent of principals confirm they offered staff opportunities to be involved in school decisions.

Administrative Regulation 1004.1: Role of the Principal requires the principal to reasonably seek the input of staff, as appropriate, into decisions at the school.

8.4.5	The Chief Superintendent will provide opportunities for school-based staff to provide feedback on identified issues.	Compliant
-------	--	-----------

The organization is compliant with this indicator.

*Evidence statement*

The Chief Superintendent has ensured multiple opportunities for school-based staff to provide feedback on identified issues such as systems that support schools in their day-to-day work, school culture, and visibility and connection.

Identified topics and issues:

**System and School Culture**

The CBE has a number of new/ongoing councils and working groups with staff and leaders from a cross-section of schools and service units.

Examples include:

- Technology Council
- Transportation Advisory Council
- New Schools Project Planning committee
- Transition to SharePoint Online and Next Generation Solutions Project team
- Security, Health and Safety Advisory Committee
- Funding & Enrollment Governance Group
- Fees Committee
- Software Vetting Committee
- Working Conditions Committee – a cross-functional committee including ATA
- AI Governance Committee
- System Leadership Meetings – in-person meetings include opportunities designed for intentional connection

**Visibility and Connection**

- The twice-monthly employee newsletter (Link Online) and direct all-staff emails were provided to share important system information.
- Monthly meetings were held with the chief superintendent/senior leaders and union/association executive to discuss issues that matter to staff.
- Link and Learn - opportunities for staff in the Education Centre to connect with each other and leaders.
- Meetings with the chief superintendent and/or senior leaders and staff were held at various schools and areas.

**Capacity and Learning**

- Principals and assistant principals collaborated during three Area Leadership meetings over the school year to advance their School Development Plan achievement goals. This was further enhanced through time provided for principals and assistant principals to visit schools with similar areas of focus for School Development Plans.
- Area Operational meetings (2 times/year) - Principals come together to address key operational/managerial elements of school leadership where there is need for strong

coherence and address implementation of initiatives, changes in practice or protocols, and emerging issues. This structure enables regular, meaningful input from school-based staff on issues that impact their daily work and school community. In addition, there were two divisional meetings.

- On-demand professional learning sessions - Designed to address the implementation and enhancement of system wide processes, tools and practice that are clearly established in our system. Support principals and assistant principals to effectively lead schools and improve partnerships across service units.
- Regular meetings of CBE's Health and Wellness Committee (CBE management, representatives from all our union and association groups – Alberta Teachers' Association, Canadian Union of Public Employees, The Calgary Board of Education's Staff Association and Trades) to discuss opportunities to focus on and prioritize the health and wellness of CBE employees.
- RAM reconciliation sessions with school administrators, FTS (Finance), Human Resources, and education directors.
- School based custodial staff are selected to participate in the Continuous Improvement and Engagement Team (CIET) to support operational improvements and provide input for new standards for cleaning and school operations.
- Schools with before-and-after school care programs provide feedback regarding the performance of their programs.
- Schools provided feedback on the transition of the Authorization to Travel for Staff to the Service Desk.
- School administration are consulted prior to and throughout the implementation of any infrastructure related projects such as major modernizations, evaluating schools for modular classrooms, or when completing Maintenance & Renewal (M&R) work such as space upgrades (CTS/CTF Shops, data closets etc.), roof replacement, HVAC system upgrades, fire alarm upgrades, etc.
- Ad hoc feedback gathered with select schools around best practices for waste & recycling to limit the amount of waste sent to landfill.

***Evidence demonstrates all indicators in subsection 4 are in compliance.***

## GLOSSARY – Developed by the Board of Trustees

Board: Board of Trustees

Operational Expectations: These policies define both the non-negotiable expectations and the clear boundaries within which the Chief Superintendent and staff must operate. The Chief Superintendent is required to comply with the Board's stated values about operational conditions and actions as set out in these policies.

Reasonable Interpretation: Once the Board has stated its values in policy, the Chief Superintendent is required to "interpret" policy values, saying back to the Board, "here is what the Board's value means to me." The Board then judges whether this interpretation is reasonable. In other words, does the Chief Superintendent "get it?" This reasonable interpretation is the first step required in monitoring compliance on Operational Expectations and monitoring reasonable progress on Results.

Monitoring Report: The Board wants to know that its values have driven organizational performance. The Chief Superintendent will present to the Board, for its evaluation, a report that summarized how either compliance has been achieved on Operational Expectations or how reasonable progress has been made in Results. Each monitoring report requires: a re-statement of the full policy, by section; a reasonable interpretation of each section; data sufficient to prove compliance or reasonable progress; and a signed certification from the Chief Superintendent of the status.

Compliance: Evidence or data that allow the Board to judge whether the Chief Superintendent has met the standard set in the Operational Expectations values.

Non-compliance: In gathering evidence and data to prove to the Board that its Operational Expectations values have been adhered to, there may be areas where the standards were not met. The policy or subsection of the policy would be found to be "non-compliant." The Chief Superintendent would identify the capacity-building needed to come into compliance and the Board would schedule this section of policy for re-monitoring.

## Proposed Amendments to the Board Meeting Procedures

Date	January 13, 2026
Meeting Type	Regular Meeting, Public Agenda
To	Board of Trustees
From	Trustee Laura Hack Board Chair
Purpose	Decision
Governance Policy Reference	GC-2: Governing Commitments Board Meeting Procedures
Resource Person(s)	Patricia Minor, Corporate Secretary

1 | Recommendation

It is recommended:

- THAT the Board of Trustees approves the amendments to the Board Meeting Procedures, as provided in Attachment I to this report

2 | Background

The Board of Trustees regularly reviews its policies and procedures in accordance with section 4 of the *Board Procedures Regulation* (AR 82/2019) which states:

“4 The board must

- (a) Establish policies and procedures governing the conduct of meetings of the board and the administration and business of the board, and
- (b) Monitor and evaluate the effectiveness of the established policies and procedures on a regular basis.”

Furthermore, Governance Culture Policy 2: Governing Commitments sets out the expectation that the Board will regularly and systematically monitor and evaluate the effectiveness of all Board policies.

### 3 | Analysis

---

The Board of Trustees operates under a policy governance framework whereby the Board provides leadership for the CBE by setting direction through policy. Section 33(1)(h) of the *Education Act* mandates that the Board establish governance and organizational structures for the CBE.

Day-to-day operations and leadership of the system lays with the Chief Superintendent who is responsible for carrying out duties as assigned by the Board (Section 33(1)(j) of the *Education Act*). The Board governs the system through policies that set out the Results (learning outcomes), Operational Expectations (the boundaries of day-to-day operations), Governance Culture (how the Board works) and Board/Chief Superintendent Relationship (delegation to and evaluation of the Board's single employee).

Board policies enable the Board of Trustees to effectively lead, direct, inspire and control the outcomes and operations of the Calgary Board of Education through a set of carefully crafted policy statements and the effective monitoring of them. Under the Board's leadership the Chief Superintendent is empowered to make all decisions save and except those matters that cannot be delegated by law or those specifically reserved for the Board of Trustees.

The Board Meeting Procedures policy outlines the procedures for regular and special meetings of the Board of Trustees, whether public or private.

As part of the ongoing work of the Board with the support of the Board Governance Committee, the Board Meeting Procedures were reviewed and improved formatting of the Board Report Template, Appendix E to the Board Meeting Procedures, was identified as an area of improvement.

### 4 | Conclusion

---

The Board of Trustees to consider proposed amendments to the Board Meeting Procedures.

## **I. INTRODUCTION**

“Parliament, the model for all assemblies, should be, in the words of Winston Churchill, ‘a strong, easy, flexible instrument of free debate.’ It attains Standing Committee status by the willing observance of sensible rules which provide for the orderly consideration of the questions before it, leading to an expression of collective will or opinion.

Unanimity cannot always be reached, but procedures which have ensured, and have been seen to ensure, proper deliberation of an issue will lead to acceptance and wide support of the outcome. The meticulous observance of agreed forms is of primary importance in the group conduct of both private and public business and it will moreover, help to avoid misunderstandings and friction in the process.

It may not always be possible to reconcile practice with theory, but in effect good procedure is fair play and common sense built on a solid foundation of acknowledged principle. Above all, the rules must not change in the middle of the game.”

## **II. PURPOSE**

- (1) The *Education Act* states that the Board of Trustees must:
  - (a) establish policies and procedures governing the conduct of meetings of the board and the administration and business of the board, and
  - (b) monitor and evaluate the effectiveness of the established policies and procedures on a regular basis.
- (2) The Board Meeting Procedures are adopted and enacted by the Board of Trustees in order that the duties vested in the Board of Trustees by the *Education Act* and other legislation can be accomplished in an orderly and efficient manner, while maintaining the principles of democracy.
- (3) The Board of Trustees is, pursuant to the *Education Act*, R.S.A. 2019, c. E-0.3, as amended, (the “*Education Act*”), a statutory corporation under the name of The Calgary Board of Education charged with the governance of the Calgary School Division (the “Division”).

## **III. DEFINITIONS**

- (1) In these Procedures:
  - (a) “Administration” means the Chief Superintendent, and any staff to whom the Chief Superintendent may choose to delegate any of the rights or responsibilities outlined in these Procedures;

(b) “Agenda” means the list of items and order of business for any meeting of the Board of Trustees;

(c) “Board” and “Board of Trustees” means the Board of Trustees of The Calgary Board of Education;

(d) “Board Procedures Regulation” means, the Board Procedures Regulation, AR 82/2019, under the *Education Act*;

(e) “Chair” and “Vice-Chair” mean, respectively, the Chair and Vice-Chair of the Board of Trustees of The Calgary Board of Education elected by the Board of Trustees pursuant to section 1(3) of the *Board Procedures Regulation*;

(f) “Chief Superintendent” means the person appointed by the Board of Trustees as the superintendent of schools, chief executive officer of the board, and chief education officer of the Division pursuant to section 222 of the *Education Act*;

(g) “Corporate Secretary” means the person appointed as the secretary of the Division pursuant to section 68 of the *Education Act*. Where reference is made throughout these Procedures pertaining to duties of the Corporate Secretary, such duties may be delegated, as appropriate;

(h) “Division” means The Calgary Board of Education, established by Ministerial Order, pursuant to sections 112 and 117.1 of the *Education Act*;

(i) “Education Act” means R.S.A. 2019, c. E-0.3, as amended, and where applicable, the *School Act*, R.S.A. 2000, c.S-3, all predecessor *School Act* of the Province of Alberta from 1905 the *School Act*, R.S.A. 2000, c.S-3, or School Ordinances of the Northwest Territories prior to 1905, applicable in what is now the Province of Alberta, the relevant school provisions of the Alberta Act, S.C. 1905, c.3, The Northwest Territories Acts, S.C. 1875 and 1877, the Constitution Act, 1867, the Constitution Act, 1982, Part I, Canadian Charter of Rights and Freedoms, section 29, and any act or acts in substitution therefore, and any and all regulations in effect from time to time thereunder;

(j) “Governance Policies” means policies approved by the Board of Trustees and used by the Board to effectively lead, direct, inspire and control the outcomes and operations of the division through a set of carefully crafted policy statement and the effective monitoring of them. The policies include:

“Governance Culture” means policies approved by the Board of Trustees that define the Board’s own work and how it will be carried out. These policies state the expectations the Board has for individual and collective behaviour. The Board of Trustees evaluates its performance in relation to the Governance Culture policies on an annual basis.

“Board/Chief Superintendent Relationship” means policies approved by the Board of Trustees that define how the Board of Trustees delegates authority to the Chief Superintendent and how the Chief Superintendent’s performance will be evaluated. The Board of Trustees evaluates these policies on an annual basis.

“Results” means policies approved by the Board of Trustees that provide stated outcomes for each student in our division. The Results policies become the Chief

Superintendent's and the organization's performance targets and form the basis for evaluating the organization and Chief Superintendent's performance. The Board of Trustees monitors Results on an annual basis.

"Operational Expectations" means policies approved by the Board of Trustees that define both the non-negotiable expectations and the clear boundaries within which the Chief Superintendent and staff must operate. The Board of Trustees monitors Operational Expectations on an annual basis.

- (k) "Minister" means the Minister of Education, from time to time appointed by the Lieutenant Governor in Council of the Province of Alberta;
- (l) "Pecuniary interest" means, in accordance with Section 85(1)(b) of the *Education Act*, with respect to a person, a direct or indirect interest in a matter before the Board of Trustees that could monetarily affect:
  - (i) the person,
  - (ii) a corporation, other than a distributing corporation, in which the Trustee is a shareholder, director or officer,
  - (iii) a distributing corporation in which the person beneficially owns voting shares carrying at least 10% of the voting rights attached to the voting shares of the corporation or of which the Trustee is a director or officer,
  - (iv) a partnership or firm of which the person is a member,
  - (v) a corporation, partnership, firm, government or person that employs the person,

provided that a person shall not have a Pecuniary interest by reason only of any interest that the person may have by reason of any of the matters referred to in sections 85(3) and 85(4) of the *Education Act*;

For the purposes of the definition of "Pecuniary interest", "corporation", "distributing corporation", "shareholder", "voting shares", "voting rights", "director" and "officer" have the meanings given to them in the *Business Corporations Act* (Alberta); and

"spouse" means the spouse of a married person but does not include a spouse who is living separate and apart from the person if the person and spouse have separated pursuant to a written separation agreement or if their support obligations and family property have been dealt with by a court order.

For the purposes of determining the existence of a Pecuniary interest of a Trustee, the Pecuniary interests of the spouse or adult interdependent partner of that Trustee that are known to such Trustee or of which such Trustee reasonably should know are deemed to be the Pecuniary interests of such Trustee;

- (m) "Policies" means the Board of Trustees' Governance Culture policies, Board/Chief Superintendent Relationship policies, Operational Expectations policies, Results polices, and the Board Meeting Procedures;
- (n) "Private Agenda" means that part of any Agenda and related information and materials which relate to any meeting or portion of a meeting of the Board of Trustees held in private;

- (o) "Procedures" means the Board Meeting Procedures for meetings of the Board of Trustees;
- (p) "Public Agenda" means that part of any Agenda and related information and materials which relate to any public meeting of the Board of Trustees;
- (q) "Quorum" means a majority of the Trustees that are specified by the Minister, under section 78 of the *Education Act* elected to the Board of Trustees and any Trustees appointed to the Board under section 82 or 84 of the *Education Act*, provided that (i) the Minister may order that when the number of Trustees has fallen below the Quorum, the remaining Trustees are deemed to be a Quorum until elections are held to fill the number of vacancies required to achieve Quorum, and (ii) when the number of Trustees at a meeting is less than a Quorum because one or more Trustees has declared a conflict of interest with respect to a matter before the Board at the meeting, the Minister may order that the remaining Trustees are deemed to be a Quorum for the purpose of deciding that matter. Trustees participating in a meeting of the Board by electronic means or other communication facilities acceptable to the Board of Trustees, as described in section N of these Procedures are deemed to be present at the meeting;
- (r) "Records of the Board" means the official record containing the name, residence address, email address, and electronic receiving number for each member of the Board of Trustees of The Calgary Board of Education; and
- (s) "Trustee" means a member of the Board of Trustees of The Calgary Board of Education.

#### **IV. APPLICATION**

- (1) The rules of order to be observed at meetings of the Board of Trustees shall be in accordance firstly with the *Education Act*, and secondly with the provisions of these Procedures. In all cases not provided for by the *Education Act* or these Procedures, the rules and practice of "Robert's Rules of Order Newly Revised" 12<sup>th</sup> Edition shall govern insofar as applicable.
- (2) In the event of any conflict between the provisions of these Procedures, and those contained in the *Education Act*, the provisions of the *Education Act* shall prevail and apply.
- (3) These Procedures apply to all regular and special meetings of the Board of Trustees, whether public or private.
- (4) Procedure is a matter of interpretation by the Chair or other person presiding at a meeting, subject to the appeal process as described in these Procedures.
- (5) In the absence of any statutory requirement, any provision of these Procedures may be temporarily altered or suspended by an affirmative vote of a majority of the votes of those Trustees present at the meeting of the Board of Trustees addressing such matter.

## **V. MEETINGS OF THE BOARD OF TRUSTEES**

### **A. PUBLIC SESSIONS**

- (1) The Meetings of the Board of Trustees shall be held in public, except when a majority of the Trustees present at a meeting of the Board of Trustees are of the opinion that it is in the public interest to hold the meeting or a part of the meeting in private. For the purpose of considering any such matter in private, the Board of Trustees may, by motion, exclude any person from the meeting.
- (2) Public meetings are meetings of the Board of Trustees that are held in a public venue. The purpose of the board meeting is to allow the Board to do its job; the meetings are not public forums.

### **B. PLACE OF MEETINGS**

- (1) Public and private meetings of the Board of Trustees shall ordinarily be held in the Education Centre building. The Board of Trustees may hold public and private meetings virtually, as required. Board Committee meetings may be held where convenient.

### **C. BOARD ROOM SEATING**

- (1) The Board of Trustees' table seating for Board meetings shall be reserved for the Trustees and shall include a seat for the Corporate Secretary.
- (2) The following procedures shall apply to the selection of the Board of Trustees' table seating:
  - (a) the Chair will occupy the last seat to the left at the Board table;
  - (b) the Vice-Chair will occupy the seating position directly to the right of the Chair;
  - (c) the Corporate Secretary will occupy the seating position directly to the left of the Chair;
  - (d) Trustees will occupy the remaining five Board table seats, in order of their Wards.
- (3) Seating shall be assigned for The Calgary Board of Education superintendents and directors who are required to attend Board meetings on a regular basis.
- (4) Assigned seating may be provided for individuals or groups as necessary, including administrative, student and other stakeholder representatives.
- (5) Limited seating room will be made available for members of the media.
- (6) The remainder of the seating accommodation will be available for the public.

### **D. CALLING OF MEETINGS**

#### **(1) *Pre-Organizational Meeting of the Trustees***

- (a) An informal pre-organizational meeting of Trustees shall be called within seven days prior to the Organizational Meeting. The meeting shall be called by the Corporate Secretary. The purpose of this informal meeting shall be for the

discussion of the selection of the Chair and Vice-Chair, role and structure of committees, liaison appointments of the Board of Trustees and the annual schedule of Board of Trustees' meetings. A Request for Nominations form shall be circulated to all Trustees in advance of the meeting. No decisions may be taken at this meeting.

(2) *Organizational Meeting of the Board of Trustees*

- (a) The organizational meeting of the Board of Trustees shall be called by the Corporate Secretary as provided in section 1 of the *Board Procedures Regulation*, as follows:
  - (i) the organizational meeting shall be held annually in June with the exception of any year in which a general election takes place, the organizational meeting shall be held in accordance with the requirements of the *Board Procedures Regulation*.

(3) *Regular Meetings of the Board of Trustees*

- (a) Regular meetings of the Board of Trustees shall be established by motion of the Board of Trustees. In accordance with section 2 of the *Board Procedures Regulation*, the motion establishing the regular meetings of the Board of Trustees must state the date, time and place of the regular meeting, and the Board shall not be required to give notice of the regular meetings of the Board.
- (b) The Board of Trustees' regular meetings will normally be held during the period of September to June, inclusive, of each calendar year. The Board of Trustees' meetings in July and August may be held in accordance with the Procedures required for holding special meetings of the Board of Trustees, unless the Board determines that regular meeting(s) will be held during those months. In order to allow that the business of the Board of Trustees is not interrupted.
- (c) To determine the schedule of the Board of Trustees' meetings, the following guidelines have been established:
  - (i) Regular Board of Trustees' Meetings, Public and Private Agendas
    - Two Tuesdays in the months of October, November, January, March, April, May and June – 11:00 a.m. to 4:30 p.m.
    - One Tuesday in the months of September, December and February – 11:00 a.m. to 4:30 p.m.

or such other day of the week as determined by the Board of Trustees.

(4) *Special Meetings of the Board of Trustees*

- (a) Special meetings of the Board of Trustees may be called in accordance with the procedures outlined below, to consider, among other matters, the following items:
  - (i) matters of governance,
  - (ii) major issues of a specific nature that require lengthy consideration,
  - (iii) items of an emergent nature that cannot be postponed until a regular Board of Trustees' meeting is scheduled to be held,
  - (iv) collective bargaining and contract negotiations with staff and with applicable third parties,

(v) petitions, delegations and presentations from any individual, organization, or group, that have been filed with the Corporate Secretary, and

(vi) conduct of hearings and hearing appeals as required by the *Education Act*, including, without limitation, those relating to employee matters.

(b) In accordance with section 3 of the *Board Procedures Regulation*, the Chair, a majority of the Trustees, or the Minister may call a special meeting of the Board of Trustees after written notice has been given to each Trustee by the Corporate Secretary in accordance with the following requirements:

(i) The notice of the special meeting must state the date, time and place of the special meeting, and the nature of the business to be transacted at the special meeting.

(ii) The notice of the special meeting shall be sent at least two (2) days before the meeting by:

- recorded mail to the last known address of each Trustee as shown on the Records of the Board,
- personal service on the Trustee or a person capable of accepting service at the Trustee's residence, or
- fax, e-mail or other electronic means to be received at the last fax number, e-mail address or other electronic receiving number of the Trustee as shown on the Records of the Board.

(c) Notwithstanding the notice requirements prescribed above, a special meeting of the Board of Trustees may be held at any time without notice if every Trustee agrees, in writing, to waive such notice requirements.

(d) The agreement of each Trustee to waive the notice requirement prescribed above shall be recorded in the minutes of the meeting by the Corporate Secretary and the Waiver of Notice consent form shall be attached with the Minutes of the called special meeting. The *Waiver of Notice* form is attached as Appendix A.

(e) In the case of special meetings of the Board of Trustees, Trustees participating and present by electronic means as provided for in section N of these Procedures shall be considered present at the meeting.

(f) As provided in section 3(5) of the *Board Procedures Regulation*, unless all the Trustees are present at the special meeting, no business other than that stated in the notice of special meeting shall be conducted at the special meeting.

(5) **Other**

(a) When the Board of Trustees so decides, or when Trustees so agree, informal briefing sessions may be held for the purpose of providing background information, clarification, and in-depth discussion with respect to issues of relevance for Trustees or for the Board of Trustees. The purpose of these meetings will be for the provision of information, and will not include decision-making that advances the work of the Board of Trustees.

**E. CANCELLATION OF MEETINGS**

(1) Should there be a need or desire to cancel or reschedule any meeting of the Board of Trustees, the Board of Trustees shall decide on the cancellation or rescheduling of the meeting to be held on another date. Where possible, the decision to cancel or reschedule a meeting will be made at least two (2) weeks prior to the originally scheduled date.

## **AGENDA**

### **F. PREPARATION OF AGENDA**

(1) The Board of Trustees' Agenda Planning Committee shall prepare board meeting agendas in accordance with the Terms of Reference approved by the Board. The Chair is authorized to approve emergent agenda decisions, as required, in consultation with the Corporate Secretary.

(2) To the extent possible, the Board of Trustees' annual work plan, will reflect the content of Board of Trustees' annual meeting Agendas.

(3) Board meeting Agendas shall include a reminder to Trustees that they must disclose any potential Pecuniary interest that they may have in respect of any of the matters before the Board of Trustees, as set forth in the Agenda as well as any Pecuniary interest that they may have in any contract before the Board requiring the Board's approval and/or ratification.

(4) The Corporate Secretary shall review each proposed Agenda against the disclosure of information filed with the Corporate Secretary by each Trustee pursuant to section 86(1) of the *Education Act*, in order to identify any potential Pecuniary interests of a Trustee, and, if applicable, bring these to the Trustee(s)' attention prior to the Board meeting. Notwithstanding such review by the Corporate Secretary, it shall ultimately be the personal responsibility of the Trustee to determine whether or not they have a Pecuniary interest in any Board matter being considered, and to act in accordance with the *Education Act* and these Procedures.

### **G. DISTRIBUTION OF AGENDA – REGULAR MEETINGS**

(1) All regular meeting Agenda materials will be posted on the Board's electronic portal for Trustees and members of Administration, as appropriate, on the Wednesday, six days prior to the applicable meeting. In order to meet this schedule, reports and all other information required to prepare the Agenda must be received in the Corporate Secretary's Office by noon on the Tuesday, seven days prior to the meeting.

(2) Board of Trustees' decisions may be spread over two meetings; the first meeting will accommodate questions and discussion, prior to making a decision at the second meeting.

(3) Only that material which has been received by the Corporate Secretary by the time prescribed under section G(1) above and included in the distributed information may be considered at a meeting for which the Agenda is prepared. Notwithstanding the foregoing, due to the nature of some Agenda items, it may not be practicable to circulate some reports and information six days prior to the Board of Trustees' meeting. Private meeting materials will only be circulated to Trustees and Superintendents' Team, to maintain appropriate confidentiality.

- (4) Agenda information for public meetings, including reports attached to the Agenda, shall be made available in an electronic format by the Corporate Secretary to the media and public on the Friday, four (4) days prior to the respective meeting. In the event that the Friday prior to the meeting is a statutory holiday, Board Meeting information will be made available by 10:00 a.m. on the Monday, one (1) day prior to the Board meeting.
- (5) Agenda information for private meetings, which is limited to the template agenda, will be available electronically on the Friday, in accordance with the timelines above, for public meetings.
- (6) All board meeting reports and documents submitted to the Board of Trustees shall be retained in the corporate records of the Division.
- (7) From time to time, private reports may be of such a sensitive nature that they are not distributed in advance of the Board of Trustees' meeting. In these instances, the Corporate Secretary's Office will communicate with Trustees regarding the date, time and location to access these private reports.
- (8) Public Agendas, with attachments, shall be available on The Calgary Board of Education website:

<https://www.cbe.ab.ca/about-us/board-of-trustees/Pages/Board-Meetings.aspx>

## **H. ORDER OF BUSINESS**

- (1) Subject to other provisions of these Procedures, the order of business for a Board Meeting shall be the order of the items contained in the template Agendas contained in Appendix C of these Procedures, for regular meetings, special meetings and organizational meetings. A general description of each of the items included in such template Agenda is set forth in section I, below.

## **I. CONDUCTING BUSINESS AT BOARD OF TRUSTEES' MEETINGS**

- (1) *General Meeting Procedures*
  - (a) No act or proceeding of the Board of Trustees is binding unless it is adopted at a meeting at which a Quorum is present at the time the act or proceeding occurred.
  - (b) After the time appointed for a meeting to convene, subject to a Quorum existing, the Chair shall take the chair and call the meeting to order.
  - (c) If no Quorum exists within fifteen (15) minutes after the time appointed for a meeting of the Board of Trustees, the Board of Trustees shall stand adjourned until the next applicable regular meeting of the Board of Trustees or until a special meeting may be called in accordance with the prescribed requirements for such meetings.
  - (d) If a meeting is not convened due to the lack of a Quorum at the expiration of the said fifteen (15) minutes, the Corporate Secretary shall indicate as such in the Minute book with a record of the names of those members present.

- (e) The Board of Trustees shall adjourn a convened meeting whenever a Quorum is no longer present and the Corporate Secretary shall record the time of adjournment and the names of the Trustees then present.
- (f) When the Board of Trustees is unable to meet for want of a Quorum, the Agenda delivered for that meeting shall be considered at the next scheduled meeting prior to the consideration of the Agenda for that subsequent meeting, or it shall be the Agenda for a special meeting called for that purpose.
- (g) Any remaining Agenda items not dealt with at a meeting shall automatically be placed on the Agenda of the next appropriate Board of Trustees' meeting as unfinished business carried forward. Such material shall take precedence over other items on the subsequent meeting's Agenda.

(2) *Pecuniary Interest*

- (a) When a Trustee has a Pecuniary interest in a matter before the Board, any committee of the Board or any commission, committee or agency to which the Trustee is appointed as a representative of the Board, subject to and in accordance with section 88 of the *Education Act* and Governance Culture Policy 8: Board Member Conflict of Interest, the Trustee shall, if present,
  - (i) disclose the general nature of the Pecuniary interest prior to any discussion of the matter,
  - (ii) abstain from voting on any question relating to the matter,
  - (iii) subject to subsection (3), abstain from discussing the matter, and
  - (iv) subject to subsection (2) and (3), leave the room in which the meeting is being held until the discussion and voting on the matter are concluded.
- (b) If the matter with respect to which the Trustee has a Pecuniary interest is the payment of an account for which funds have previously been committed, it is not necessary for the Trustee to leave the room.
- (c) If a Trustee is temporarily absent from a meeting when a matter in which the Trustee has a Pecuniary interest is introduced, the Trustee shall, immediately on the Trustee's return to the meeting or as soon afterwards as the Trustee becomes aware that the matter has been considered, disclose the general nature of the Trustee's Pecuniary interest in the matter.

(3) *Debrief*

In accordance with Governance Culture Policy 2: Governing Commitments, the Board will regularly debrief its meetings in support of continuous improvement and to ensure that the Board and its members have the knowledge, skills and budget support necessary for effective governance.

**J. CONDUCTING BUSINESS AT REGULAR BOARD OF TRUSTEES' MEETINGS – PUBLIC AGENDA**

(1) *Call to Order, National Anthem, Acknowledgement of the Lands and Welcome*

- (a) All regular public meetings of the Board of Trustees shall commence with the

singing of the Canadian national anthem. The Chair shall request everyone present who is able to stand and participate in the singing of the Canadian national anthem.

(b) The Chair, or other person(s) as authorized by the Chair, shall give the Acknowledgement to the Lands and make general welcome comments to Superintendents, Directors, stakeholders and members of the public. At the commencement of every regular public meeting of the Board of Trustees, the Chair shall indicate which Trustees are absent on Board of Trustees' business or for other purposes, as requested by the relevant Trustee(s).

(2) *Consideration/Approval of Agenda*

Prior to the discussion of business, the Chair may outline the Agenda, make or request any recommendations respecting amendments to the Agenda from the Corporate Secretary, and entertain any inquiries and conduct any necessary discussion concerning the Agenda. The Chair shall then entertain a motion to approve the Agenda as submitted or amended.

(3) *Awards and Recognitions*

This portion of the Agenda may be used to recognize special achievements of persons or departments within The Calgary Board of Education, educational partnerships or alumni of The Calgary Board of Education.

(4) *Results Focus*

This portion of the Agenda will focus on the important Results that The Calgary Board of Education is expected to achieve. The Board's meeting time will focus on the Results and fulfilling the Board's Job Description as defined in the Board's governance policies. The following are examples of items that may be included in this portion of the Agenda:

(a) *School and System Presentations*

This portion of the Agenda is to accommodate presentations related to educational issues by school and/or system groups, educational liaison groups or partners in education. Presentations are intended as a method of providing information related to Results policies. Up to fifteen (15) minutes will be allotted for each presentation. The ward Trustee, in the case of school presentations, or the Chair, in the case of system or public presentations, will thank the presenters.

(b) *Board Development*

The Board will identify topics for Board development, and the timing for each Board development session. Generally, the purpose of Board development sessions is to assist the Board to develop more complete knowledge and a better understanding of specific Results issues and to support effective policy development and Board monitoring. Prior to the detailed planning for each session, the Board will complete any information requirements, and provide more specific information as may be required to allow presenters to appropriately prepare for Board development sessions

(c) *Results Policy Annual Monitoring*

This section of the Agenda shall include the annual monitoring reports related to the Results policies and school presentations. The timing of such reports shall

be in accordance with the Board's Annual Work Plan, as approved in the Board's governance policy, or as otherwise required by the Board.

(5) *Operational Expectations*

This section of the Agenda shall include the annual monitoring reports related to the Operational Expectations policies. The timing of such reports shall be in accordance with the Board's Annual Work Plan, as approved in the Board's governance policy, or as otherwise required by the Board.

(6) *Public Comment*

A member of the public may verbally address the Board of Trustees on any educational issue deemed, by a majority of Trustees present at the particular meeting, to be relevant to any reports reflected on a public Board meeting Agenda, subject to the following procedure:

- (a) A prospective speaker shall notify the Corporate Secretary by 10:30 a.m. of the day prior to the board meeting. Prospective presenters must provide the name and contact information for the presenter, the stakeholder or public group that they are representing, if any, their proposed presentation and its relevance to a report on the Agenda for the meeting date the prospective speaker wishes to address the Board.
- (b) If the topic a prospective speaker wishes to address with the Board does not have any relevance to a report on the Agenda, the Corporate Secretary in consultation with the Board Chair will determine whether the prospective speaker may address the Board at a particular board meeting or refer the speaker to a future board meeting date.
- (c) A speaker may speak for up to three minutes. The number of such speakers at any meeting shall not exceed five. To provide fair opportunities for a variety of viewpoints to be presented, exceptions to the time and number of presentations may be made by a majority vote of the Trustees present at the meeting.
- (d) The Board, at its discretion, may restrict the number of times any individual or stakeholder group to a maximum of four times per year, unless the Board, by a majority vote, deems that additional presentations would be beneficial to The Calgary Board of Education.
- (e) A speaker should approach the microphone and wait to be recognized by the Chair. The Chair will ask the speaker to state their name, the stakeholder or public group represented, if appropriate, and the topic to be addressed.
- (f) A speaker shall address comments to the Chair of the meeting and use respectful language representative of addressing the office of an elected official. The Chair has full authority to maintain decorum and order of the meeting including ruling the speaker out of order and terminating the speaker's privilege to address the Board of Trustees.
- (g) Comments with respect to the following will not be allowed:
  - (i) the security of the property of The Calgary Board of Education,
  - (ii) profane, vulgar, offensive or disrespectful language, particularly referring to any person, school or department,
  - (iii) attacks on the personal character or performance of any individual(s), student(s), department or school, or disruptive remarks,

- (iv) personal information of an individual, including but not limited to a student or an employee of The Calgary Board of Education,
- (v) a proposed or pending acquisition or disposition of property by or for The Calgary Board of Education,
- (vi) labour relations or employee negotiations,
- (vii) a law enforcement matter, litigation or potential litigation, including matters before administrative tribunals affecting The Calgary Board of Education, or
- (viii) the consideration of a request for access for information under the Access to Information Act and the Protection of Privacy Act.

(h) With the exception of the Chair, who may provide clarification as required, Trustees will not make comments or ask questions of the speaker. The Chair will thank the speaker.

(i) The live streaming of all regular public meetings of the Board of Trustees will not include the Public Comment portion of the meeting.

(7) *Matters Reserved for Board Information*

- (a) This section of the Agenda shall include reports coming to the Board of Trustees for information purposes only.
- (b) All reports to be presented to the Board of Trustees must be in written format in the prescribed report style as attached in Appendix E. In cases where timing is of a critical nature, the Board of Trustees may accept verbal reports.

(8) *Matters Reserved for Board Decision*

- (a) This section of the Agenda shall include reports requiring decision of the Board of Trustees.
- (b) Business introduced by Administration shall proceed by way of recommendation to the Board of Trustees. All reports to be considered by the Board of Trustees must be in written format in the prescribed report style as attached in Appendix E. In cases where timing is of a critical nature, the Board of Trustees may accept verbal reports.
- (c) As described in section G, Board of Trustees' decisions may be spread over two meetings; the first meeting will accommodate questions and discussion, prior to making a decision at the second meeting.

(9) *Consent Agenda*

The Board of Trustees uses a "Consent Agenda" to act on non-controversial and routine items quickly. Items may also be placed on the consent agenda if there has been an opportunity for questions and discussion at a prior meeting. The Consent Agenda is considered approved if no Trustee objects to consideration of the item on the Consent Agenda. Items may be removed from the Consent Agenda and placed on the regular

Agenda at the request of a Trustee. The Corporate Secretary must be advised of such request by noon of the day prior to the Board of Trustees' meeting, in order that the appropriate member of administration can attend the meeting for discussion of the item. Reports removed from the Consent Agenda will be dealt with on the regular Agenda, immediately following the Consent Agenda items.

This section of the Agenda shall include reports relative to: approval of minutes of prior meetings of the Board of Trustees, Board of Trustees' committees, , correspondence sent or received by the Board of Trustees, and other routine matters of Board business. These reports must be submitted in a written format and shall be received as part of the record in Board of Trustees' meetings.

In the case of the approval of Board meeting minutes, if the approval of the minutes of any meeting is removed from the Consent Agenda, such approval shall be dealt with as noted in the process above; however, the following limitations shall apply:

- (a) The minutes of a previous meeting shall not be read aloud unless requested by a majority of the Trustees.
- (b) Any Trustee may make a motion requesting that the minutes be amended to correct any inaccuracy or omission. However, the Corporate Secretary should be advised in advance of the challenge to the minutes before they are officially adopted by the Board of Trustees.
- (c) Minor changes may be made to correct errors in grammar, spelling, and punctuation or to correct the omission of a word necessary to the meaning or continuity of a sentence; but no change shall be allowed which would alter or affect, in a material way, any actual decision made by the Board of Trustees. Minor corrections to the minutes can be accomplished by informing the Corporate Secretary of such errors. The minutes do not need to be pulled from the Consent Agenda to make such corrections.

(10) *Recess, Termination and Adjournment*

- (a) A short break may be called during Board of Trustees' meetings at the discretion of the Chair of the meeting. It shall be the responsibility of the Chair of the meeting to bring the meeting back to order.
- (b) The regular termination time for Board of Trustees' meetings shall be at the conclusion of consideration of the approved Agenda items for the meeting, or a maximum duration time of five and half (5½) hours from the scheduled commencement of the meeting. If the business of the meeting is not completed within five and half (5½) hours, the following provision shall apply:
  - (i) Upon the completion of five and half (5½) hours, the Chair will announce that such time has arrived and shall seek the pleasure of the Board of Trustees. If a majority of the members present agree, the meeting may continue until the completion of the scheduled Agenda items or until the time agreed to by the majority.
- (c) When a regular or special meeting adjourns without ending the session, this necessarily means that the time for another meeting to continue the same business or order of business has already been set, or that provision has been made for such a meeting to be held "at the call of the Chair". If a motion to "adjourn to the call of the Chair" is moved prior to the Chair declaring that the meeting is

adjourned, an adjourned meeting called accordingly is a continuation of the same session. However, if no such meeting is held before the next regular or special Board of Trustees' meeting, whichever is applicable to the adjourned meeting, the adjournment of the previous Board of Trustees' meeting becomes final retrospectively as of the date the last meeting adjourned, and the Chair's authority to call an adjourned meeting expires.

## **K. CONDUCTING BUSINESS AT REGULAR BOARD OF TRUSTEES' MEETINGS – PRIVATE AGENDA**

- (1) When a majority of the Trustees present at a meeting of the Board of Trustees are of the opinion that it is in the public interest to hold the meeting or a part of the meeting in private for the purpose of considering any matter, the Board of Trustees may by motion exclude any person from the meeting. As such, the purpose of the Private Agenda is to deal with in camera matters, as determined by the Board of Trustees and/or as described in sections 28 and 29 of the Alberta Access to *Information Act*, *a copy of which is* attached as Appendix B (as amended from time to time). These topics include matters of privacy and matters confidential to the internal governance and management of the Board of Trustees. Each report presented for consideration at a private meeting will include information regarding why the issue should be considered in camera, and whether the report or any part of the report is planned for public release.
- (2) When a meeting is held in private, the Board of Trustees does not have the power to pass a by-law or motion at that meeting apart from the motion necessary to revert to an open meeting.
- (3) When the Board of Trustees resolves to consider any matter in private, any motion(s) arising from the Private Agenda shall not be subject to question or debate.
- (4) Due to the confidential or privileged nature of all private meeting Agenda items and supporting material on which the motions are based, the comments, discussions and supporting material relating to private items shall remain strictly confidential, except in cases when the Board of Trustees determines that the information should be submitted to a public meeting of the Board of Trustees, when the Board of Trustees specifically authorizes its public release, or when legally required to release such information. A motion of the Board of Trustees is required if this information is to be provided to any persons other than to the Board of Trustees or to employees or agents of the Board of Trustees who require such information to carry out the duties of their job.
- (5) As part of the fiduciary duties to which each Trustee is bound is the strict duty of confidentiality. That duty applies to every matter of a confidential nature before the Board or coming to the notice of any Trustee, including the private discussions and deliberations of Trustees during informal work sessions and the agendas, debates and discussions of or that occur during private meetings of the Board. Until such time as any such confidential matters are lawfully and properly disclosed pursuant to public meetings of the Board, such matters remain confidential and any Trustee breaching such obligation of confidentiality may be subject to sanctions anticipated under the *Education Act* and the Board governance processes as well as possible legal claims.
- (6) Motions arising from Private Agenda items must be carefully worded so as to protect the confidentiality and personal privacy around the matter.

## **L. CONDUCTING BUSINESS AT THE BOARD OF TRUSTEES' SPECIAL MEETINGS**

The business of special meetings shall be conducted in accordance with the rules governing regular Board meetings, subject to following the order of business appropriate to the purpose of the meeting, as outlined in Appendix C of these Procedures.

## **M. CONDUCTING BUSINESS AT THE BOARD OF TRUSTEES' ORGANIZATIONAL MEETINGS**

- (1) The Corporate Secretary shall assume the chair as Chair *pro tem*.
- (2) At the organizational meeting following civic elections, after the elected Trustees have taken their oaths of office, as provided in section 75 of the *Education Act*, and have taken their places at the Board table, the Corporate Secretary shall:
  - (a) proceed to read to the Board of Trustees the returns of the election as certified by the Returning Officer; and
  - (b) declare the Board of Trustees to be legally constituted.
- (3) The Corporate Secretary shall then conduct the annual election for the office of the Chair of the Board of Trustees, as provided in section 1(3) of the *Board Procedures Regulation*, which shall be as follows:
  - (a) Call for nominations to be made orally by Trustees in public session.
  - (b) After the nominations have ceased, the nominee(s) shall be requested to inform the meeting whether they elect to stand or decline to stand.
  - (c) If only one person is nominated, that member shall be declared elected by acclamation.
  - (d) Where more than one nominee stands for election, an open vote shall be taken on the nominations in the order in which they were submitted.
  - (e) In the case of election of the Chair or Vice-Chair of the Board of Trustees, one or more Trustees can request that the vote be by secret ballot, as provided in section 9(d) of the *Board Procedures Regulation*.
  - (f) Each Trustee shall vote.
  - (g) The Board of Trustees' member who receives a simple majority of votes cast by the Trustees present shall be declared elected.
  - (h) Where more than two nominees elect to stand, if upon the first vote no nominee receives the majority required for election, the name of the nominee receiving the least number of votes shall be dropped, and the members shall proceed to vote anew and so continue until a nominee receives the majority required for election, at which time such nominee shall be declared elected.
  - (i) In the case of a vote where no nominee receives the majority required for election, and where two or more nominees are tied with the least number of votes, a special

vote shall be taken to decide which one of such tied nominees' names shall be dropped from the list of names to be voted on in the next vote.

- (j) In the case of a two-way tie vote, the Corporate Secretary shall write the names of those nominees separately on blank sheets of paper of equal size and of the same colour and texture, and after folding the sheets of paper in a uniform manner and so that the names are concealed, shall deposit them in a receptacle and direct some person to withdraw one of the sheets. The Corporate Secretary shall declare the nominee whose name appears on the withdrawn sheet to be elected.
- (k) In the case of a three-way tie vote, the Corporate Secretary shall write the names of those nominees separately on blank sheets of paper of equal size and of the same colour and texture and after folding the sheets of paper in a uniform manner and so that the names are concealed, shall deposit them in a receptacle and direct some person to withdraw one of the sheets. The nominee's name that appears on the withdrawn sheet shall be dropped, and a vote shall then be taken to elect one of the remaining two nominees.

(4) The Chair shall then assume the chair.

(5) The Chair shall then conduct the election for the office of Vice-Chair of the Board of Trustees in the same manner as for the election of the Chair of the Board of Trustees as set out in the preceding section.

(6) *Term of Office, Chair and Vice-Chair*

- (a) In accordance with section 1(3) of the *Board Procedures Regulations*, the Chair and Vice-Chair shall hold office during the pleasure of the Board of Trustees, which under normal circumstances shall be until the next organizational meeting of the Board of Trustees.
- (b) In the event that the office of the Chair or Vice-Chair becomes vacant due to death, incapacity, resignation or any other reason, the Board of Trustees shall elect a Trustee to fill the office for the remainder of the term.
- (c) The position of second Vice-Chair shall be appointed following the organizational meeting on a rotating roster basis, every two months. During the months of July and August a Trustee will be designated as an on call Trustee to assist the Chair and/or Vice-Chair.

(7) *Establishment of Committees and Liaison Requirements*

The number of committees of the Board of Trustees, their powers and duties, and the membership of each committee, shall be decided by the Board of Trustees, in accordance with the Board's Governance Culture policy 5: Board Committees.

(8) *Schedule of Meetings and Annual Agendas*

- (a) The Board of Trustees will determine the schedule of regular meetings for the forthcoming year (up to the date of the next organizational meeting of the Board of Trustees) and shall forthwith, by motion, adopt the calendar of meetings. This does not preclude motions to change the schedule of regular meetings, as required, throughout the year.

(b) To the extent possible, the Board of Trustees shall determine the Agendas for meetings of the Board of Trustees for the forthcoming year in accordance with the Board's annual work plan.

(9) *Delegation of Power*

Any motion of the Board of Trustees to authorize delegation of the Board of Trustees' duties or powers may be made or renewed at the organizational meeting, and/or at such other time as the Board of Trustees determines to be appropriate.

**N. CONTROL AND CONDUCT OF BOARD OF TRUSTEES' MEETINGS**

(1) *Role of Chair in Presiding Over Meetings*

(a) The Chair of the Board of Trustees shall preside over regular and special meetings of the Board of Trustees.

(b) In the case of the absence of the Chair, the Vice-Chair has all the powers and shall perform all the duties of the Chair during the absence of the Chair. In the case of the absence of both the Chair and the Vice-Chair, the rotating second Vice-Chair shall preside. In the absence of all three of the above, the Corporate Secretary shall call the meeting to order and a Chair shall be chosen by the members of the Board of Trustees present and that individual shall then preside during the meeting, or until the Chair, Vice-Chair or second Vice-Chair arrives.

(c) Subject to being overruled by a majority vote of Trustees, as outlined in section N(7) of these Procedures, the Chair:

- (i) shall maintain order and preserve decorum and may, if necessary, call a Trustee to order;
- (ii) shall decide points of order without debate or comment other than to state the rule applicable to the case;
- (iii) shall determine which Trustee has a right to speak;
- (iv) shall ensure that all Trustees who wish to speak on a motion have spoken, that the Trustees are ready to vote and shall subsequently call the vote;
- (v) shall rule when a motion is out of order; and
- (vi) may, at any meeting, expel and exclude any person who creates any disturbance or acts improperly.

(d) When the Chair wishes to make a motion, he/she shall:

- (i) vacate the chair, and request that the Vice-Chair take the chair; and
- (ii) remain out of the chair until the motion has been dealt with.

(2) *Attendance at Meetings*

(a) Any Trustee who will be absent from a Board of Trustees' meeting must notify the Corporate Secretary in writing as soon as possible in order to accommodate the rescheduling of the meeting, if required.

(b) No Trustee shall leave the Board of Trustees' meeting (other than for brief periods of time) without written notice being provided through the Corporate Secretary prior to the commencement of the meeting.

(3) *Trustees' Attendance at Board Meetings by Electronic Means*

(a) It is the preference of the Board of Trustees to hold its meetings at a common location to conduct Board business, with Trustees and official staff physically present at the meeting. Notwithstanding this preference, from time to time, one or more Trustees and official staff may participate in a meeting of the Board by electronic means or other communication facilities, subject to satisfying the requirements as outlined in these Procedures.

(b) Any acceptable electronic means or other communication facilities must permit the Trustee(s) and official staff not physically present at the meeting of the Board of Trustees to hear and be heard or watch and be heard by all other participants and public in attendance at the meeting, as is appropriate. Unless otherwise approved by the Board of Trustees, the electronic means of communication will be limited to land-line telephones, cellular telephones, or communication facilities that provide simultaneous audio and video communication.

(c) Electronic attendance of Trustees and official staff may be permitted for regular public meetings of the Board of Trustees, special meetings of the Board of Trustees, and private meetings or the private portion of any Board of Trustees meeting. In order to maintain the confidential or privileged nature of all private meeting Agenda items and supporting material, Trustees and official staff attending a private meeting or the private portion of any Board of Trustees' meeting by electronic means must ensure no person is able to hear or watch any portion of the private meeting with the exception of Trustees and official staff attending the meeting.

(d) Notwithstanding the requirements of these Procedures, a Trustee cannot attend more than four consecutive Board meetings electronically, without being authorized by a resolution of the Board of Trustees to do so.

(e) At a meeting of the Board at which one or more Trustees is present electronically, voting on all motions shall be done verbally, with the Chair asking each Trustee to indicate whether they are in favour or opposed to each motion by stating their name.

(f) At a meeting of the Board at which one or more Trustees is present electronically, if a ruling of the Chair is appealed, the Chair will poll Trustees alphabetically by last name to verify the decision.

(g) Any Trustee wishing to participate in a Board meeting by electronic means must:

- (i) notify the Corporate Secretary a minimum of twenty-four (24) hours prior to the stated commencement of the meeting that they will be physically absent and wish to participate electronically;
- (ii) notify the Corporate Secretary of the location at which they can be reached. Notwithstanding that a Trustee has requested to electronically attend a meeting of the Board of Trustees, if a reasonable attempt is made to connect with the Trustee, but for any reason, such connection is not

made, the Trustee will be considered to be absent from the meeting. If the connection is lost during the meeting, the Trustee will be considered to be absent from the portion of the meeting during which there is no connection;

- (iii) be available at the scheduled commencement of the meeting;
- (iv) formally provide a verbal statement to the Board of their identity in order that the Board can be assured that only Trustees and official staff are participating in the Board meeting;
- (v) verbally or electronically inform the Chair and/or Corporate Secretary if and when they wish to speak;
- (vi) inform the Chair if they depart from a meeting, whether temporary or permanent;
- (vii) ensure that they comply with the requirements of the Act and these Procedures with regard to any Pecuniary interest that they have in any matter before the Board.

**(4) Conduct of Trustees**

- (a) At all regular and special meetings of the Board of Trustees, Trustees will conduct themselves in accordance with the Board's Governance Policies.
- (b) Any Trustee desiring to speak shall so indicate by upraised hand and, upon recognition by the Chair who shall call the Trustee by name, the Trustee may then, but not before, proceed to speak.
- (c) When a Trustee is speaking every other Trustee shall:
  - (i) remain quiet and seated;
  - (ii) not interrupt the speaker, except on a point of order; and
  - (iii) not carry on a private conversation in person, via email, text or social media.
- (d) When a Trustee is speaking the Trustee shall:
  - (i) not speak disrespectfully of His Majesty The King, his official representatives or his government;
  - (ii) not use offensive words in referring to any person;
  - (iii) not reflect on any vote of the Board of Trustees except when moving to rescind it, and shall not reflect on the motives of the Trustees who voted on the motion, or the mover of the motion;
  - (iv) not shout or immoderately raise their voice or use profane, vulgar or offensive language; and
  - (v) ensure that any statement made is done so in accordance with the Board's Governance Policies. Any Trustee may request the Board of Trustees to consider a motion directing the speaking Trustee to provide the source of the information stated.

(5) *Conduct of Members of the Public*

The members of the public during a Board of Trustees' meeting shall:

- (a) not address the Board of Trustees without permission;
- (b) maintain order and quiet;
- (c) not interrupt any speech or action of the Board of Trustees, or any other person addressing the Board of Trustees; and
- (d) comply with the Public Comment requirement set out in these Procedures.

(6) *Request for Information, Point of Order*

- (a) A request for information is a request or a statement directed to the Chair, or through the Chair to another Trustee, or to the Chief Superintendent, for or about information relevant to the business at hand, but not related to a point of procedure. When a request for information is raised, the Chair shall answer the question or direct the question to the appropriate Trustee or the Chief Superintendent.
- (b) A point of order is the raising of a question by a Trustee with the view of calling attention to any departure from the Board of Trustees' Procedures or the customary proceedings in debate or in the conduct of the Board of Trustees' business. When any point of order arises, it shall be immediately taken into consideration.
  - (i) When the Chair is called upon to decide a point of order, the point shall be stated without unnecessary comment, and the Chair shall state the rule or authority applicable in the case.
  - (ii) When a point of order is raised, or when a Trustee is called to order by the Chair, the Trustee speaking shall immediately be silent and shall remain silent until the Chair decides the point raised.
  - (iii) The Trustee raising a point of order may be granted permission to explain.

(7) *Ruling of the Chair*

- (a) When the Chair is of the opinion that any motion is contrary to the rules of the Board of Trustees, the Chair shall advise the Trustees immediately, quoting the rule or authority applicable.
- (b) No argument or comment as to the Chair's ruling shall be permitted, and the decision of the Chair shall be final unless a challenge is made.
- (c) When a Trustee wishes to challenge the ruling of the Chair, the motion, "That the decision of the Chair be overruled" shall be made.
- (d) A challenge of the ruling of the Chair shall be decided by a majority of the Trustees present. When the ruling of the Chair is challenged, the Chair shall have the right to state the reasons for the decision given, and shall then call the question, without further debate.

(8) *Calling a Trustee to Order*

- (a) When the Chair calls a Trustee to order, the Trustee shall cease to speak.
- (b) The Chair shall provide the opportunity for the Trustee to apologize and/or to explain the Trustee's position in making the remark for which the Trustee was called to order.
- (c) In the event that a Trustee refuses to remain quiet when called to order, the Chair shall request the Vice-Chair or any Trustee to move a motion to remove the unruly Trustee either:
  - (i) for the balance of the meeting; or
  - (ii) until a time stated in the motion;unless the Trustee makes an apology acceptable to the Board of Trustees for the Trustee's unruly behaviour.
- (iii) When the majority of the Board of Trustees votes in favour of the motion, the Chair shall direct the unruly Trustee to leave the Board Room and, if the Trustee refuses to leave, direct that the Trustee be removed.
- (iv) When the Chair has directed an unruly Trustee to leave the Board Room and the Trustee makes an explanation and apology satisfactory to the Board of Trustees, it may, by a majority vote of the remaining Trustees present, allow the offending Trustee to remain in their place.

(9) *Motions in Board of Trustees' Meetings*

- (a) Pursuant to section 8(1) of the *Board Procedures Regulation*, all motions shall be submitted to the Board of Trustees by the Chair or a Trustee and no seconder is required.
- (b) All motions to be brought in connection with the Agenda materials received pursuant to section G of these Procedures shall be handled as follows:
  - (i) Original wording of proposed motions be submitted in writing to all Trustees, Chief Superintendent, and Corporate Secretary by Noon on the Thursday prior to a public meeting, and
  - (ii) Final wording of proposed motions be submitted in writing to all Trustees, Chief Superintendent, and Corporate Secretary by 3:00 pm on the Friday prior to a public meeting.
- (c) Unless exempted by the Chair, motions submitted during the course of debate shall also be submitted to the Corporate Secretary in writing, except motions to refer, to adjourn, to lay on the table, to postpone, to recess, to extend termination of the meeting, or to rise and report to the Board of Trustees.
- (d) After a motion has been moved and prior to it being placed on the floor for debate, it is the property of its mover, who can withdraw it or modify it without asking the consent of anyone.

- (e) When a question is under debate, no motion shall be received, except a motion to extend adjournment, to adjourn, to lay on the table, to postpone to a certain time, to refer to a committee, to amend, or to postpone indefinitely, which motions shall have the precedence in the above order.
- (f) A motion to “lay on the table” should only be used if the purpose is to temporarily put business aside so that the Board of Trustees can take up a more urgent matter. If the motion to “lay on the table” is adopted, it is important to make the motion to “take from the table” after the more important business has been decided, in order that the Board of Trustees can again discuss and vote on the motion that was laid on the table. A tabling motion is not debatable. A question laid on the table remains there until taken from the table or until the close of the next regular meeting; if not taken up by that time, the motion dies.
- (g) A motion to “postpone indefinitely” has the purpose of suppressing the main motion for the duration of the meeting without the Board having to vote on the main motion.
- (h) A motion to “postpone to a certain time” is for the purpose of allowing more time to make a decision about the motion thereby putting off or delaying a decision until that time.
- (k) A motion to “refer” is for the purpose of having another group or committee investigate a proposal, and the motion is debatable. If the motion does not include a time by which the committee is to report, the motion might die in committee.
- (l) Agenda items presented to the Board for information will be retained on the corporate record, and do not require a board motion as such.

(10) *The Handling of a Motion*

- (a) The mover of a motion shall state the motion to be considered.
- (b) A question period will follow, during which Trustees will have an opportunity to ask questions for clarification or information prior to the Chair’s calling for formal debate.
- (c) After a main motion has been made and before the motion has been stated by the chair, any Trustee can informally suggest one or more modifications in the motion, which at this point the maker can accept or reject as the mover wishes.
- (d) Representatives of the Alberta Teachers’ Association Local 38, Canadian Union of Public Employees Local 40, The Calgary Board of Education Staff Association, and Trade Unions, will be permitted to speak during the question period at the discretion of the Chair. Questions to these representatives are to be addressed through the Chair.
- (e) Any Trustee desiring to speak shall so indicate by upraised hand and, upon recognition by the Chair who shall call the Trustee by name, the Trustee may then, but not before, proceed to speak.
- (f) Every individual, prior to speaking, shall address the Chair, and remarks shall be confined to the motion under consideration.

- (g) At the conclusion of the question period, the Chair states the motion, thus placing it on the floor for debate. After the motion has been stated by the Chair, it is the property of the Board of Trustees and the maker must receive the approval of the Board, either by consent or by formal approval, to withdraw or amend the motion.
- (h) The mover of the motion shall be given the opportunity to speak first and open debate.
- (i) No Trustee may speak more than twice during the debate on any motion, except under the following circumstances:
  - (i) When a Trustee feels they have been misquoted or misunderstood, the Trustee may, after receiving permission from the Chair, explain a material part of their speech but the Trustee may not introduce any new matter.
  - (ii) Before the debate has been closed and the vote called, provided no other Trustee has the floor, a Trustee may request that the motion be read aloud.
- (j) Unless the Board of Trustees by a majority vote extends the time, no Trustee shall speak more than twice for three minutes each on any motion.
- (k) During the debate, each Trustee has the right to speak twice on the same question, but cannot speak a second time so long as any Trustee who has not spoken on that question desires the floor.
- (l) When debate is closed, and prior to calling the question on the motion, the Chair shall always have the right and responsibility to make clear the exact question that the Board of Trustees is deciding and to make sure that Trustees understand the effect of an “aye” and of a “no” vote prior to calling the question on the motion.

(11) *Motion to Adjourn*

- (a) A motion to adjourn is always in order, except when a motion to adjourn was the immediately preceding motion, and takes precedence over all others, but it must not be entertained while a member is speaking nor while a vote is in progress.

(12) *Voting on Motions*

- (a) The Chair and every Trustee present at a meeting must vote on all questions, unless excused from voting in accordance with section 8(2) of the *Board Procedures Regulation*. Each question must be decided by a majority of the votes of the Trustees present. Any question on which there is an equality of votes shall be decided in the negative.
- (b) Notwithstanding the above section, any Trustee who was absent from an entire Board of Trustees’ meeting is not entitled to vote on the adoption of the minutes arising from that meeting. Such abstention shall be recorded. This provision is deemed to satisfy the requirements of section 8(2)(a) of the *Board Procedure Regulation* and no further motion in this regard is required.
- (c) In accordance with section 88 of the *Education Act* and Governance Culture Policy 8: Board Member Conflict of Interest, if a Trustee has a Pecuniary interest

in any matter before the Board of Trustees, the Trustee shall disclose such interest prior to any discussion of the matter, abstain from voting on or discussing the matter, and leave the room in which the meeting is being held until the discussion and voting on the matter are concluded.

- (d) The Chair shall declare the results of all votes, including which Trustees voted for or against the motion in question.

(13) *Motions that Bring a Question Again Before the Board*

- (a) A question once decided cannot be brought up again at the same meeting unless otherwise decided by a majority of the Board of Trustees.
- (b) A question to reconsider must be made by a Trustee who voted on the prevailing side of the original motion and can only be considered on the same day that the original motion was decided. When the question to reconsider is on the table, the mover shall briefly state their reasons for reconsideration and the motion to reconsider shall then be voted on without further debate. If carried, the original motion shall then be read and is before the Board of Trustees for disposal.
- (c) If the Board of Trustees refuses to reconsider, no other motion to reconsider can be made.
- (d) If it should become necessary to rescind a motion that has passed, at least one weeks' notice in writing must be given unless otherwise decided by a majority of the Board of Trustees. The motion to rescind is then introduced and dealt with at the next regular Board meeting.
- (e) No motion to rescind or to reconsider shall have the effect of delaying or impeding the action necessary to give effect to any motion, unless the Board of Trustees shall order otherwise.

(14) *Termination and Adjournment*

- (a) At the conclusion of each Board of Trustees' or committee meeting, the Chair must declare the meeting either terminated or adjourned.

**O. CORPORATE RECORDS OF MEETINGS**

- (1) Minutes of all Board of Trustees' meetings, whether public or private, shall be recorded in the official minutes maintained by the Corporate Secretary on behalf of the Board of Trustees in accordance with section 10 of the *Board Procedure Regulation*.
- (2) Minutes of Board of Trustees' committee meetings shall be presented to the Board of Trustees as part of the regular committee reports, when applicable in accordance with GC-5E Board Committees Terms of Reference, and shall be retained in the corporate records of the Board of Trustees.
- (3) The Minutes for each Board of Trustees' meeting shall include:
  - (a) the type of meeting: regular, special, or organizational;
  - (b) the name of the assembly;
  - (c) the date, time and place of the meeting;

- (d) Trustees in attendance as well as Trustees who are absent;
- (e) main and secondary motions and their disposition; including the names of Trustees voting in favour of, or in opposition to the motion or recommendation and the names of Trustees who were temporarily absent from the meeting at the time the question was called, or who abstained from voting in accordance with section 8(3) of the *Board Procedures Regulation*; points of order and appeals, whether sustained or lost, together with the reasons given by the Chair for their ruling;
- (f) in accordance with section 88(4) of the *Education Act*, the abstention of a Trustee under sections 88(1) and 88(3) of the *Education Act*, as related to disclosure of any Pecuniary interests; and
- (g) the hour of adjournment.

(4) The Corporate Secretary shall prepare the minutes of each Board of Trustees' meeting and such minutes shall be considered for adoption at a subsequent meeting of the Board of Trustees.

(5) The minutes shall contain a record of decisions and motions made at the meeting along with a summary of Board deliberations and discussions. The minutes will not contain any deliberations or discussions at a private meeting to protect the confidential and privileged nature of all private meetings.

(6) The Corporate Secretary's office shall cause an audio record of all public meetings of the Board of Trustees to be made and, if any Trustee questions the accuracy of any portion of the minutes of a previous meeting, the audio recording shall be used to decide the question.

(7) The audio recording of a meeting of the Board of Trustees shall be erased immediately following the Board of Trustees' adoption of the minutes unless in the meantime, a written request has been received to retain the audio record, and followed by receipt, within 60 days, of a court order requiring the retention of the audio recording.

(8) Public Board meetings will be broadcast over the internet. Archives of meetings will be accessible to the public for a period of two years from the date of the meeting. The Board of Trustees reserves the right to edit the video in the event that there is an unauthorized release of personal information, or for other legal requirements or emergent issues.

(9) When a Trustee arrives late, leaves early, or is absent from a portion of a meeting due to a conflict of interest, the minutes of such meeting shall reflect the reason for the Trustee's absence.

(10) All reports and documents submitted to the Board of Trustees shall be retained in the corporate records of the Board of Trustees.

## **P. COMMITTEES OF THE BOARD OF TRUSTEES**

(1) In accordance with section 52 of the *Education Act*, the Board of Trustees will make use of committees to help the Board of Trustees do its work. The functioning of the Board of Trustees' committees will be governed by the Governance Culture Policy 5: Board Committees.

(2) The terms of reference of each Board of Trustees' committee will set out any reporting requirements to the Board of Trustees.

## 1. Recommendation

The recommendation is the proposed Board action and specifies exactly what you want the Board of Trustees to decide. The rest of the report provides context, information and alternatives that support the recommendations. For a given issue, the recommendation proposes a solution.

Recommendations related to private agenda items must be carefully worded so as to protect the confidentiality and personal privacy around the issue.

Use the following format when preparing this section:

It is recommended:

All motions to start with the wording "THAT the Board of Trustees..."

When a motion includes references to an attachment, use the language "Attachment # to this report"

When the matter being approved by the Board is subject to Ministerial approval, such as use of operating reserves, disposition of schools, etc., the motion to start with the wording "THAT, subject to Ministerial approval, the Board of Trustees approves...."

If the report is coming for information purposes only then the following wording should be used:

"This report is being provided for information to the Board of Trustees. No decision is required at this time."

---

## 2. Issue

The report and the recommendations exist for a reason. Be concise in describing why this report has been created and brought forward. This section should be brief.

Examples:

At the meeting of Dec. 15, 2010, the Board of Trustees directed the Chief Superintendent to provide further information on the use of capital reserves. The Board asked for the report by the end of January 2011.

Operational Expectations 7: Communication With and Support for the Board requires "the Board is supported in its work and is fully and adequately informed about matters relating to Board work and significant organizational concern." This update meets the requirement of OE-7 for information in a timely, simple and concise form.

---

## 3. Background

This section should answer the question "how did we get here" and provide the context required to understand the analysis.

---

## 4. Analysis

The analysis section does much of the heavy lifting of the report, including:

- describing the problem in greater detail;
- clearly explaining the complexity of issues;
- describing possible risks and how they could/will be mitigated;
- demonstrating how governance policies and their interpretations impact the possible and resulting options;
- explaining measurements and results;
- describing and discussing alternatives; and
- describing the CBE's position compared to others.

Ultimately, the analysis makes the case for the recommendations. In this section you should present the options you've considered (including those you are not recommending) and clearly explain your rationale. When the analysis is excellent, people may not like the outcome but they will understand the rationale.

Writing the report is not the full value of the process. The greatest value comes from thinking and reflection. The analysis section may contain recommendations to continually improve.

## 5. Financial Impact

The financial section is important. This section demonstrates our financial sensibility and performance. This section should be as detailed and extensive as possible.

A thorough and compelling presentation of the financial impact may include implications such as:

- cost (e.g., capital, operating, incremental, one-time, ongoing);
- revenue or funding;
- balance sheet, cash flow and income statement;
- legislated or regulatory;
- human resource;
- organizational priorities; and
- opportunity cost

As in all sections, charts, tables and graphics should be used wherever they help to tell the story. At a minimum, a financial section should include figures.

## 6. Implementation Consequences

Implementation Consequences is future focused. Explain the effects or expected outcomes that may occur if the report is approved and the recommendation implemented. The consequences may be positive or negative. In some cases, this section may underscore the risks of inaction as well. Regardless of how complex the situation, it must be explained simply and in plain language.

## 7. Conclusion

The conclusion should recap the essence of the report. It is the last thing most people will read before turning back to the recommendations. The conclusion is not the place to introduce new information. It connects back to the stated issue and confirms that the report serves the purpose for which it was written.

Be brief. Be direct. Be persuasive.

## 1. Recommendation

This report is being provided for information to the Board of Trustees. No decision is required at this time.

---

## 2. Issue

As the Board of Trustees' chief executive officer, the Chief Superintendent is accountable for meeting the expectations set by the Board. These expectations are stated in Results and Operational Expectations policies.

OE-2: Learning/Environment/Treatment of Students states that "it is essential to establish and maintain a learning environment that is welcoming, caring, safe, respectful and conducive to effective learning for each student." With other reports submitted to the Board of Trustees, this update meets the requirement of providing safe and positive learning conditions for each student that fosters a sense of belonging and a respect for diversity.

OE-3: Instructional Program states that “providing high quality programming for all students is essential for student success, as defined in the Results.” With other reports submitted to the Board of Trustees, this update meets the requirement of OE-3 in planning for and providing challenging, relevant and high quality programming opportunities that consider the educational needs of students.

OE-4: Treatment of Employees states that “student success and wellbeing depend upon the recruitment, retention, and fair compensation of highly qualified employees working in an environment that is safe, courteous, and professionally supportive.” With other reports submitted to the Board of Trustees, this update meets the requirement of OE-4 by establishing and implementing standards and practices for the recruitment, fair compensation, and retention of highly qualified employees while administering clear personnel rules and procedures for employees in a respectful organizational culture.

OE-8: Communicating and Engaging with the Public states that “working with our communities is a critical component to building relationships that support student success.” With other reports submitted to the Board of Trustees, this update meets the requirement of OE-8 in reasonably including people in decisions that affect them.

### 3. Background

#### **OE-2 Learning Environment/Treatment of Students | Digital Citizenship Plan Resources for School Leaders**

The Teaching and Learning with Technology team has updated resources for School Leaders to complete their annual Digital Citizenship Plans. A recording of the Digital Citizenship Plans for School Leaders webinar and accompanying editable slides are posted on Insite. The webinar includes resources and supports for creating or updating Digital Citizenship Plans, an overview of CBE Artificial Intelligence Guidelines and resources, and common questions about technology privacy, including updates related to the Protection of Privacy Act (POPA).

#### **OE-2 Learning Environment/Treatment of Students | Middle and High School Student Well-Being Symposia – December 2, 8, 9, 2025**

On December 2, 2025, the annual High School Student Well-Being Symposium brought together 24 Calgary Board of Education (CBE) high schools, trustees, system and school leaders, and community partners in a collective effort to strengthen a Culture of Well-Being across the system. Then, on December 8 and 9 our Middle Schools (68) came together for a similar day of learning. Grounded in Social Emotional Learning (SEL) and aligned to OE-2, the learning planned for these days centered on the theme *Creating Through Connecting*, and recognizing connection as the foundation for belonging, safety, and inclusion for student success.

The days began with the students engaging in a pre-learning task before officially starting the day of learning. This task focused on the SEL competencies of Self-Awareness and Social Awareness and asked students to complete sentences such as, “At school, I feel I belong when...”. All three days were opened by students providing the Land Acknowledgement and our Chief Superintendent provided the opening address.

Chief Superintendent Joanne Pitman delivered opening remarks focused on the importance of connection as a driver of student well-being. She highlighted how meaningful relationships create the conditions where students can thrive and emphasized the importance of listening to and acting on the voices of young people.

From there, Elder Roy Bear Chief and Elder Hayden Melting Tallow, offered a blessing and shared the teachings of *ani to pisi* (spider web). Their message invited participants to reflect on how each interaction creates a vibration within the web of community, which reinforced our shared responsibility to cultivate environments where all students feel seen, valued, and supported.

Student voice was central to the design and experience of the day. Students shaped the day by engaging in multiple conversations, leading activities, and offering authentic insights into the conditions that nurture well-being in their schools. Guided by the CBE Student Well-Being Framework and CASEL SEL competencies, student voice and leadership brought the symposium's theme to life, demonstrating how connection and belonging grow when students are empowered to guide the work that most directly affects them.

A central component of the symposium involved school teams analyzing their own well-being data and developing or refining School Well-Being Action Plans. Student voice played a critical role in this process, with students providing their insights in interpreting the data, identifying priorities, and co-designing strategies to strengthen SEL skills and improve a sense of belonging, safety and inclusion. Cross-school peer feedback sessions provided valuable opportunities for students and staff to learn from one another and build systemwide coherence.

Dr. Jennifer Turner, Superintendent of School Improvement, closed by reflecting on the significant increases in student well-being data across the system. She celebrated the collective efforts which contributed to this upward trend and emphasized the ongoing importance of SEL, mental health literacy, and relational practices. Dr. Turner reinforced that sustained progress requires centering student perspectives and partnering with students to shape meaningful next steps.

The annual Middle and High School Student Well-Being Symposiums are a powerful demonstration of our system's commitment to cultivating environments where all students feel safe, connected, and supported. Grounded in research, connected with Indigenous teachings, strengthened by data-informed practices, and driven by the leadership and voices of students, the symposiums advance the work of creating schools where well-being is both lived and felt. Schools will continue to implement their action plans throughout the year, with required opportunities to document and celebrate their progress.

## **OE-2 Learning Environment/Treatment of Students, OE-3 Instructional Program | CSHSAA Athletics**

The Calgary Senior High School Athletic Association (CSHSAA) continues to demonstrate exceptional student achievement and system excellence across multiple sports. These accomplishments highlight the Calgary Board of Education's (CBE) commitment to fostering student well-being, belonging, and engagement, while ensuring equitable access to extracurricular opportunities. Competitive athletics not only promote physical health and resilience but also cultivate teamwork, leadership, and school spirit—qualities that enrich the educational experience and support personal growth. Participation and success at city, divisional, and provincial levels celebrate student accomplishment and demonstrates evidence of CBE's compliance with operational expectations related to instructional programming, student well-being, public engagement, and system leadership.

## OE-3 Instructional Program | Books on Buses

The CBE is excited to offer the “Books on Buses” program again this school year, a program that provides bins of age-appropriate picture books, chapter books, and non-fiction for students at eight schools across 42 buses to enjoy during their bus rides. This initiative supports literacy development and fosters a love of reading while making a meaningful difference for students. The books are generously provided by The Little Red Reading House Book Bank, a program of the University of Calgary’s Owerko Centre.

Bus routes selected for this program must service elementary schools. The total ride time of the route and school literacy results are also amongst the considerations that influence bus route selection. Students are encouraged to take home any books they would like to keep, and we will monitor usage and adjust crates as needed. Feedback from participating schools and service providers will continue

to shape the program moving forward, ensuring it continues to make a positive difference in our community.

### **OE-3 Instructional Program | New K-6 Social Studies Curriculum Implementation**

To support ongoing implementation of the New K-6 Social Studies Curriculum, CBE provided targeted professional learning opportunities for teachers directly involved with the new curriculum.

As part of the Learning Excellence priority in the *Education Plan 2024–2027*, specialists from the Core Curriculum team facilitated two full-day, in-person sessions during the month of December. Approximately 60 teachers participated in the in-person working group for Social Studies, which provided opportunities to deepen understanding of the new curriculum while collaboratively planning and creating *Task Inspiration Guides* for all CBE teachers. Along with the *Task Inspiration Guides*, teachers have access to other Social Studies resources. The *Social Studies Companion Guide* offers the visionary, foundational and practical components of Social Studies education while the K-6 Scope and Sequence documents provide a pathway for teaching and learning.

### **OE-3 Instructional Program | Prime Minister's Excellence in Teaching Award - STEM**

The Prime Minister's Awards celebrate outstanding achievements in education. This year, we are proud to announce that five CBE educators have received this prestigious honour:

Andy Brar, Dr. Gordon Higgins School  
James Chow, Western Canada High School  
Melissa Melville, Catherine Nichols Gunn School  
Roopa Patel, James Fowler High School  
Jason Nishiyama, James Fowler High School

### **OE-3 Instructional Program | Record High Student Transportation Registrations in 2025-26**

Student transportation registrations reached an all-time record high this school year, climbing by approximately 7% to reach close to 27,000 student riders on yellow buses. This important increase comes as the CBE implemented the new provincially mandated transportation eligibility distances that are specifically intended to increase ridership.

The CBE remains mindful that driver shortages experienced by service providers these past few years have caused students, families and schools to experience transportation reliability concerns. As a result, the CBE has continued to focus on service reliability with its service providers, including building up the pool of spare drivers to help minimize any service interruptions. We are pleased to share that despite record high student transportation registrations, this school year commenced with an assigned driver for every route, a significant improvement compared to the height of the driver shortage where there were 67 unassigned routes.

Finally, to further support safety and service predictability, the CBE, Calgary Catholic School District and FrancoSud have standardized both cold weather protocols for service cancellation as well as aligning our practices for service to new and emerging communities. Details on both initiatives can be

found on the [CBE Busing & Transportation](#) website. The CBE remains committed to safe, reliable transportation so students arrive on time and ready to learn.

## OE-3 Instructional Program | Resource Booking – Expanded PowerSchool Integration

Building on the previous enhancements to Resource Booking, which introduced analytics for school administrators, the Teaching and Learning with Technology team has now delivered a significant upgrade with an expanded PowerSchool integration.

This new feature allows teachers to see their class schedule for each time block directly within Resource Booking. By displaying the specific class they are teaching at the time of booking, the system makes it much easier and more efficient for teachers to reserve the technology or resources they need for their lessons.

This improvement streamlines the booking process, reduces errors, and supports timely access to instructional tools, ultimately enhancing classroom readiness and student learning experiences. The integration reflects our ongoing commitment to simplifying workflows for teachers and leveraging technology to improve instructional planning.

## OE-3 Instructional Program and OE-4 Treatment of Employees | K-9 Reporting and Assessment Engagement

In spring 2025, CBE worked with ATA Local 38 to engage over 3,600 K-9 teachers and administrators on ways to reduce workload, improve assessment and reporting, and ensure alignment with provincial expectations and CBE policies. Feedback highlighted priorities such as establishing consistent practices across K-9 schools, reducing EAL benchmarking, and providing substitute coverage for Alberta Education Early Years Assessments.

As a result of the Reporting and Assessment Engagement, shifts to reporting expectations started in fall 2025 and others will be phased in overtime, aiming to reduce workload, improve consistency, and support ongoing improvement. Though this was a K-9 engagement, some of the shifts also benefit grade 10-12 practices.

To date, the action items that have been attended to as part of the engagement include:

- created a reference guide for leaders to communicate when changes are in effect and provide quick hyperlinked access to new resources to facilitate easy communication to teachers, underscoring CBE's commitment to employee well-being which is a key priority in the 2024-27 Education Plan,
- reduced the frequency of EAL comments, benchmarking and working files,
- provided substitute coverage to schools to support administration of K-3 provincial assessments,
- enhanced the *Report Card Comment Companion Resource* with additional supportive information and sample comments,
- communicated consistent expectations for maximums/minimums on elementary report card comments per course,
- created on-demand videos and flat sheets to support teachers with PowerSchool applications,
- investigated, developed and shared a system approach to the use of AI tools to support task design and assessment; specifically
  - created and shared resources to support teachers and leaders such as: AI generated System Rubrics to support K-6 ELAL, FILAL, Math, Science and Social Studies, AI for Rubric Development Flat Sheet and AI for Rubric Development | Sample Prompts

- hosted professional learning sessions outlining adjustments to offer clear and consistent expectations such as: Using Artificial Intelligence Effectively and Ethically in Schools, and
- provided flexibility in timing of parent-teacher conferences.

### **OE-3 Instructional Program and OE-8 Communicating and Engaging With the Public | Publication of Assessment and Reporting in CBE**

The Assessment and Reporting in CBE document has been published on the corporate CBE page ([link](#)). This document outlines CBE's vision for assessment and reporting and supports understanding of the five guiding principles of assessment.

CBE's Five Guiding Principles of Assessment support fair, transparent, and equitable assessments of Alberta Education's Curriculum and Program of Studies, providing students and parents with actionable insights to support learning excellence. Assessment practices in CBE are supported through the Five Guiding Principles by:

- communicating clear and meaningful assessment information to students and families,
- encouraging active student involvement in the assessment process; and
- embedding ongoing assessment to support student growth.

By making the Assessment and Reporting in CBE document public we are continuing to foster transparent and equitable assessment practices and share meaningful information with parents and caregivers. Prioritizing effective ongoing communication with students, staff, families, partners and community members leads to strong collaboration and strengthens the learning opportunities provided to our students.

### **OE-8 Communicating and Engaging with the Public | CBE Open Houses Highlight Schools and Programs**

CBE offers a variety of programming to suit the unique learning needs and interests of every student. The CBE website has a wealth of information about available programs, the registration and transfer processes and deadlines. Families can also learn more about programs and CBE schools by visiting the many open houses that take place throughout the year. A full calendar of open houses is available on the CBE website.

### **OE-8 Communicating and Engaging with the Public | Kindergarten Registration**

Kindergarten registration begins January 12, 2026. Families are encouraged to explore information on the CBE and school websites about available programs and the registration process.

### **OE-8 Communicating and Engaging With the Public | Parent Notification of Student Technology Use Template**

The Teaching and Learning with Technology team, in collaboration with the CBE Privacy Officer, has developed a standardized [Parent Notification Letter Template](#) to support schools in communicating with families about the digital tools and applications used in classrooms. This initiative ensures transparency regarding:

- What software or applications are being used with students.
- Why these tools are selected and how they support student learning.
- What student information is collected.

The template aligns with the Protection of Privacy Act (POPA) and Administrative Regulation 1061: Responsible Care and Security of Information, reinforcing CBE's commitment to safeguarding student data while enabling innovative learning experiences. It provides clear messaging for parents, including:

- A statement on the educational value of technology and privacy compliance.
- A table for listing approved tools, their websites, the student data collected, and the learning purpose.
- Contact information for questions, ensuring families have a direct line to school staff.

By creating this resource, we have streamlined communication for schools and strengthened trust with families around technology use, as well as supported schools' Digital Citizenship goals.
