

The CBE is committed to improving its public engagement practices. It's one of our top priorities this year. To be successful, we need you to be involved.

Effective public engagement is not just about external stakeholders like parents and community members. It's about internal stakeholders (employees) too. You also need to be involved in decisions that affect you and you play a critical role in connecting with students, parents and the broader community. Because of the important work you do, we need you to share your thoughts and ideas with us.

This survey will take approximately 10 minutes to complete, depending on the length of your answers. All information provided in this survey will be kept confidential and shared in an anonymous way. This survey will be open until Dec. 11, 2015.
