

## Key Communiqué

### News for School Councils

#### Issue | Dec. 16, 2021

One of the most significant ways parents and community members can make a meaningful difference in the lives of our students is through school councils. By connecting students, schools and communities, school councils help nurture and inspire our students to achieve their full potential.

## Year-End Message from the Board of Trustees

A few short weeks ago, Calgarians elected a new Board of Trustees who are deeply passionate about public education and committed to ensuring every student is successful in their learning.

We are eager to make a difference for students, and we know that we can't do it alone; employees, families, partners and community members all play a critical role in supporting our students and public education in Alberta.

Moving forward, trustees will be focusing efforts in a few key areas, the most important of which will be ensuring that the voices of parents/guardians, students, staff, experts, trustees and community members are considered and reflected in the province's draft K-6 curriculum. This is an area that was highlighted time and time again when trustees met with families and community members in the run up to the municipal election in October.

We know there are many other issues that will challenge the CBE and public education in Alberta in the future, and we look forward to connecting with you in the New Year to hear your thoughts and perspectives.

Until then, we wish all of you a happy, safe and relaxing winter break!

## Ventilation in Schools

Ensuring proper ventilation and airflow in our schools is one of the health measures we have in place to support student and staff wellness during the pandemic. The CBE website has been recently updated with more detailed information about [current ventilation measures](#) in place at CBE schools.

## Draft K-6 Curriculum Engagement

In addition to the [online survey](#) (open until Feb. 2022), Alberta Education is holding online sessions so Albertans can hear information about the draft K-6 curriculum and ask questions.

Parents and the public are invited to attend a virtual information session hosted by Alberta Education staff. Sessions with low registration may be cancelled. Registrants will be notified in advance.

You can register now for the next session:

- [Wednesday, Dec. 16 from 7 to 8:15 pm \(English with closed captioning\)](#)

There will be additional virtual information sessions in English every month and in French every second month. Please visit: <https://www.alberta.ca/curriculum-have-your-say.aspx> for more information.

If you have questions about registration, please email [goa.currdevengage@gov.ab.ca](mailto:goa.currdevengage@gov.ab.ca).

The CBE supports the goal of strengthening the curriculum to prepare students for the future. While the CBE [made the decision](#) to not participate in the curriculum pilot project, we believe it is vitally important to provide Alberta Education with feedback on the draft curriculum and encourage parents, staff and the community to learn more and share their perspectives.
