School Maker Faire® Calgary & Area

Call for student makers!

Join us at **Telus Spark** for the first **Calgary and Area School Maker Faire**: a celebration of student makers of all kinds!

Do you **create**, **make**, **tinker**, **build**, **experiment**, and embrace the **do-it-yourself** spirit, either at home or at school?

YES!

Then we want you at the first Calgary & Area School Maker Faire!

We are looking for:

robotics arduino projects raspberry pi projects food makers conductive materials projects interactive art projects 3D printers and CNC mill projects textile arts & crafts e-Textiles rockets & RC toys sustainability & green tech radios, vintage computers, & game systems electronics electric vehicles science biology/biotech & chemistry projects puppets & whimsical creations large-scale art music performances & participation unusual tools or machines how to fix things & more - if you can create it, we want it!

May 10, 2017 • 5:30 - 8:30 pm
