Brushing for Brightness benefits CBE students

For Immediate Release

CALGARY — Volunteers and partners will work together to assemble oral hygiene kits to benefit CBE students at the Brushing for Brightness program packing day on July 12, 2017.

The Brushing for Brightness program, in its 6th year, supplies a toothbrush, tube of toothpaste and dental floss to children in CBE elementary schools. This year, the team will pack 12,500 oral hygiene kits.

“By working hand in hand we help our children experience Bright Smiles, Bright Learning and Bright Futures,” says Dr. Sarah Hulland, pediatric dentist and one of the organizers of the Brushing for Brightness initiative.

Media are invited to learn more about this exciting venture by joining us for the packing day. Please contact Dr. Hulland directly to arrange interviews.
