

March 3, 2025

*This message applies only to families whose parent-teacher conferences are scheduled in March 2025.*

Dear CBE Families,

With labour action by CUPE Local 40 members limiting access to CBE schools after hours, the decision has been made to move March parent/teacher conferences online.

Here is what you need to know:

- If your child's school has not yet scheduled March conferences, these will be booked online.
- If your child's school has already scheduled March conferences, you will receive an email this week confirming your date and time and providing a Microsoft Teams link for your online conferences.

If your child's school has conferences scheduled beyond March 2025, further communication will be provided if any changes are required.

Updates regarding current labour action can be found on the CBE [web page](#).
