Is French Immersion the right choice for my child?

Early French Immersion:

- is for students whose first language is not French
- offers fluency in both of Canada's official languages
- is a gateway to national and international opportunities
- increases a student's feelings of self-esteem and pride in knowing another language
- enhances problem solving abilities
- improves literacy skills in English and math

Learning French offers students significant linguistic, academic and cognitive benefits. It opens doors to knowledge, communication, culture and travel and gives students an edge in the global job market.
