### Highlights

Students can begin French Immersion in either Kindergarten or Grade 1. Personalized attention is extremely beneficial to early learners; that is what sets our early learning programs apart from the rest. We understand that children bring their own unique talents and gifts to their learning experience. Our teachers know how to help children reach their full potential.

Kindergarten and Grade 1 students have opportunities to:

- learn French
- explore and experiment with their environment
- interact with others
- develop decision-making skills
- build communication skills
- develop their knowledge and skills in language arts, science, mathematics, social studies and fine arts

### Entrance Age Requirements

Students who start Kindergarten in September must be five years of age on or before the first of March in the following year. Students attending Grade One must be six years of age on or before the first of March in the following year.

### Language Requirement

There is no requirement for students to have prior exposure to French to begin in Kindergarten or in September of their Grade One year. Parents are not expected to understand French.
