December 5, 2019

Dear Parents/Guardians,

The Calgary Board of Education (CBE) is scheduled to open a second elementary school for the community of Cranston during the 2020-21 school year. The opening of Sibylla Kiddle School will have an impact on grade configurations and attendance areas of the existing schools in the communities.

After careful review and consideration of the feedback collected at the open house in September and the online survey opportunity in October, a decision has been made to move forward with "Option A:"

- new school attendance area for Sibylla Kiddle and Cranston schools ([see map](#))
- K-4 regular program grade configuration at both elementary schools for 2020-21 school year
- K-5 grade re-configuration at both elementary schools for 2021-22 school year and beyond
- Gr. 5 – 9 grade configuration at Dr. George Stanley School for the 2020-21 school year and Gr. 6 – 9 for the 2021-22 school year and beyond

This decision considers the feedback we heard:

- keep students attending school as close to home as possible
- balance enrolment between the three schools
- provide students with access to quality learning environments

We believe this is a sustainable plan that provides strong learning opportunities for students while balancing enrolment across schools within the Cranston community for K-9.

Thank you to everyone who participated in the in-person session and online survey. Your thoughtful contributions have made a meaningful difference in our decision-making. The comments made during the open house and on the survey can be read on our [website](#).

Who will be impacted by these changes?

K-3 students living in the new boundary for Sibylla Kiddle School ([see map](#)):

The grade re-designations will be implemented as follows:

School	Year	Grade
Sibylla Kiddle School	2020-2021	K-4
	2021-2022 and beyond	K-5
Cranston School	2020-2021	K-4
	2021-2022 and beyond	K-5
Dr. George Stanley School	2020-2021	5-9
	2021-2022 and beyond	6-9

The following exceptions apply:

Students living in the area of the community known as “the Cranberries” will have the option to attend either Cranston School or Sibylla Kiddle School. This is in response to the feedback we received regarding traffic patterns and proximity to the new school. **Will students need to register at the new school location?**

There is no need to register. Students who are re-designated will automatically be designated to their new school.

New kindergarten students will need to register for their new school. Registrations for kindergarten at Sibylla Kiddle School will be collected at Cranston School. Kindergarten registration begins on Jan. 20, 2020.

How will students get to school?

Yellow school bus service is available to students who live outside the walk zone. After June 2020, there will be no transportation provided to Cranston School as the entire attendance area will be within the walk zone.

Information about registration for [transportation services](#) can be found on our website.

What support will families and students receive during the transition?

Each school may provide support in different ways, such as hosting an information session, offering a school tour or other means of communication. Your school will provide information regarding these opportunities once they are determined.

When a student with complex learning needs moves from one school to another, the supports required to fulfill the IPP requirements move with them. Teachers and staff at the former and new school will collaborate to ensure the student’s needs are met.

We expect that students currently in Grade 3 at Cranston School will move to Sibylla Kiddle School if they live within the attendance area for the new school.

This allows students two years in the new school before moving to middle school in 2022. We do anticipate that all newly designated students will move, however, we do recognize that there can be unique learning circumstances that require a conversation between the families, principal and Education Director for the school.

What about bell times, school calendars, transfer of resources and fundraising dollars, and other decisions?

School administration will communicate any potential changes with parents, students and staff throughout the implementation process. Any changes will balance the best interest for the school community and CBE. The CBE Administrative Regulations and other requirements and efficiencies will also be considered in these decisions. Check your school website and newsletter regularly for updates.

What if I have more questions?

If you have a question that is not answered here or on our [website](#), contact the school's principal. If you still have questions, please contact the Area 5 office at Area5@cbe.ab.ca or 403-777-8412.

Sincerely,

Michael Nelson, Director, Area 5

Carrie Edwards, Director, Property, Planning & Transportation
