Update | Prairie Sky School Opening Information

Dear Students and Parents/Guardians,

Over the past month, we have worked closely with Alberta Infrastructure to complete the school's construction and set-up as quickly as possible. We are still optimistic that Prairie Sky School should be ready to welcome students on **Monday, April 3, 2023**. While teams have worked around the clock to get the school ready for students, there are final inspections that must be completed early next week.

We expect we will be able to welcome students to the new school on Monday, April 3. However, CBE has yet to be granted occupancy of the building. If delays limit our ability to welcome students on April 3, school start following spring break will be postponed for one or two days. Delaying the opening of the school a couple of days allows all teams to complete cleaning, set-up and move-in with detail. Student safety is our top priority, and we must ensure that all preparations are in place before allowing students to enter the building.

We will provide confirmation next week once the final inspections have been completed. Principal Mona Harswinder Bains will email the opening date confirmation and a transition plan with school-specific details.

Next Updates

You can expect an update from Principal Bains by Thursday, Mar. 30. You will also receive additional information by Friday, Mar. 31, from your child's teacher. You can expect all upcoming notices to come from Prairie Sky School directly, which will also be posted on the [school's website](#).

If you have questions or require additional information, contact Principal Bains by email at prairiesky@cbe.ab.ca.

Opening a new school is exciting for students, families, teachers and the CBE. We look forward to welcoming all students to their new school after spring break. We are thrilled to share this milestone with you and the Skyview Ranch community.

Sincerely,

Lisa Nachtigal
Education Director, Area 4

Catherine Ford
Director, Planning
