Information Regarding Transportation Services for Regular Programs

Until yellow school bus service is added to new communities, we provide a stop as close as possible to a neighbouring community. The initial bus stop location may not fall within the current CBE guidelines for travel distance to a bus stop. Stops and services are reviewed as conditions change in a new community. For any questions, please contact transportation@cbe.ab.ca.

If the existing bus stop in a neighbouring community does not meet the family's needs, payment in lieu of transportation will be considered until it is safe and feasible to add transportation service in Hotchkiss. Payment in lieu means that families receive a daily rate based on the distance travelled while their child is in the vehicle, to and from school.

New communities are regularly assessed for their suitability for transportation services. We ensure there is a consistent and safe path that is clear of obstructions, which are frequently caused by construction supplies and equipment in newer communities. We need city-maintained roads for the yellow school bus to enter, maneuver to pick up students and safely exit the community. Next, we look for an appropriate place for a bus stop that will allow for consistent, safe loading and unloading of passengers. Once there is a safe path and a safe stop location, we add yellow school bus service to new communities.

Information Regarding Transportation Services for Alternative Programs

Students attending Alternative Programs may be designated to general transportation under the congregated bus stop model or to Calgary Transit.

Congregated stops are used when students from the same or multiple communities congregate or gather at one stop to take a bus to their chosen school.

The bus stop may be well beyond reasonable walking distance from a student's home. Families are responsible for student safety to, from, and at the bus stop and may be required to arrange for transportation to and from the congregated stop.

Information regarding students in Grades 6 and up who are designated to Calgary Transit is available on the Calgary Board of Education's [website](#).
